SIMCOE BUSINESS COLLEGE

Chas. S. Schilz, SIMCOE, ONT.

An exchange says; Small men with small purposes do not help to make a town lively and progressive. The man who never contributes to public enterprise or voluntarily assists in supporting any of the public enterprises is not worth coaxing to remain in town, and should he decide to move out it is always a matter of congratulation. It's units and not mere ciphers that count for something. "Be a unit."

Our home merchant takes the farmer's produce. With them he finds a ready market for his butter and eggs, his potatoes and apples. These department stores take only his money. Our home merchants, not for profit, but for accommodation and to assist the farmers, buy his produce. They sell it in a majority of cases for less than they pay for it and often handle it at a loss, yet some farmers do not appreciate this and take this very same money and send it to a department store when they could get better bargains right at home.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by all dealers.

There may be an excuse for dishonesty, but there is none for discourtesy. Dishonesty is usually the result of weakness. but discourtesy is just plain meanness.

The New Year.

The New Year dawns as dawns the day
As Time itself still marks Eternity
As moments pass that mark the age of man
He who looks back to whence his life began
The wasted moments mourns and would repair
By some great work time lost with little care
Time that is lost in lost, and ne'er again
Its hope presents, however fain
To woo its promise yet a little while
We toilers toward the grave ourselves beguile
Out from the losses that we surely know
We still may win our joy in life, and show
The price experience pays for happy age
Is but our common heritage.

Have you ever used Artgum. It is an artificial rubber. It contains no acid or other chemical which can in anyway injure the skin or fabric. It can be used for cleaning soiled gloves, hats, white kid, tan or canvas shoes, wall paper, or removing grease or other stains from dress goods. It is indispensable in the house, if the dirt has hardened, it may be necessary to scratch it with a finger nail, in order to loosen it. Do not wet the dirty spot or the Artgum. Only 5c a cake at The Record office.

"We read the other day," says a Missouri editor, "where a fellow was shot and his life was saved by the bullet striking a silver dollar. Now, should we happen to get shot before you pay up your subscription and there is no dollar in our pocket to stop the ball, we shall always persume you might have saved our life."

The value of a paper is tested by the quality of its circulation, and judged from this standpoint The Weekly Sun occupies the foremost place. Each week it enters the homes of the most advanced farmers in this province. The Weekly Sun on the table is the sign of progress on the farm.

See our Crepe Paper. The high grade decorating paper for ball rooms, booths, store windows, paper novelties, including lamp and candle shades, table cloths, flower pots covers, etc., and many other decorative purposes. These rolls nominally contains seven feet, but as the paper is finely creped and very elastic, they easily stretch twelve feet. The Record.

When one hog gets an ear of corn every other hog will trot along behind and squeal and beg and is ready for a bite, but just let the hog get his head fast in the crack of a fence and every son of a sow will jump on and help tear him to pieces. Just so it is with men. As long as a man is prosperous and has money he can't keep his friends off with a baseball bat. The moment he is unfortunate and his wealth is gone he is not only snubbed by his former friends but they begin to do all harm possible. When a man starts down grade the world steps to one side and greases the track.

Still tongues make lawyers weep.

The human race is divided into two classes—those who go ahead and do something, and those who sit still and inquire, "Why wasn't it done the other way?"

A Missouri editor said the meanest man he ever knew was a man who picked the copper from the eyes of his dead wife. Can he beat the fellow who will take a local paper year after year and then refuse or neglect to pay for it.

The bad roads had a serious effect on the business of the merants of the town and county during the past two weeks. The roads being almost impassable the farmers could not get to town and the mail order houses reaped a rich harvest. The merchants are far behind their trade of previous years.

Two eclipses of the sun and two of the moon and a couple of Friday's following on the 13th day of the month are among some of the varied events which may be expected next year, according to the 1912 almanacs just being issued.

"Merry Christmas" has brightened more hearts, has healed more grievances, has brought more happiness to the lives of men and women, has proved to be the talismanic sentiment for more home re-unions than any other that has ever been heard in this old world.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me. For sale by all dealers.

A paper in a good-sized town in Michigan recently published this item: "The business man of this town who is in the habit of hugging his typewriter had better quit, or we will publish his name." The next day thirty-seven business men called at the office, paid up their subscriptions and left behind them thirty-seven columns of advertising and told the editor not to pay any attention to foolish stories.

To be effective, advertising should possess one distinct feature—"directness of appeal." It should tell what is intended in a brief "hit-the-bull's-eye" manner. Words cost money in an advertisement, therefore boil it down to facts. To do this requires expert knowledge of advertising literature.

Nomination Meeting.

The nomination of candidates for Reeve, Deputy-Reeve and Councillors for the Township of Walpole took place Friday last in the Forester's Hall, Jarvis. The Township Clerk opened the meeting at 12 o'clock, closed at 1 o'clock, and announced the following candidates for Municipal honors, viz.—J. J. Parsons and Capt. W. D. Roulston for Reeve; G. L. Miller, W. D. Roulston, James Hodges, for Deputy-Reeve; James Falls, James R. Pond, S. G. Holbrook, A. S. Benn, Robert Laidlaw, and David McBurney, for Councillors.

Notwithstanding the bad roads, a good attendance of ratepayers were present and took a keen interest in municipal matters.

It was moved and seconded that S. A. Thompson, the Township Clerk, act as Chairman, and after thanking the people for the honour conferred upon him, at once called upon Mr. Parsons to address the ratepayers. Mr. Parsons, in a very able speech, reviewed the work that had been done by the County Council, in reference to the good road system, which has been adopted by the County. Mr. Parsons was followed by Capt. Roulston, who also took up the good road system and, explained it thoroughly.

After hearing these two gentlemen's able addresses it was the unanimous opinion of all present that they had represented the Township of Walpole in the County Council, with honour to themselves and to the entire satisfaction of all present. All the Nominees for Councillors gave short and practical speeches but they confined themselves to Township work. So thoroughly satisfied with the manner in which the old Council had performed their work, that it was considered unwise to make any change. Therefore, it was suggested by J. C. Sanderson that the old Council be returned by acclamation for the ensuing year, and after giving the matter due consideration, the following withdrew:—W. D. Roulston from Reeve, G. L. Miller and James Hodges from Deputy-Reeve, David McBurney, Robert Laidlaw and A. S. Benn from Councillors; so that the Council for 1912 will be the same as for 1911, namely:—

J. J. Parsons—Reeve.
W. D. Roulston—Deputy-Reeve.
James Falls, James R. Pond, S. G. Holbrook } Councillors.

Our New Engine

Owing to the increasing circulation of the Record and the constant and ever increasing demand made upon us for turning out job work, we have found it necessary to install some kind of power, gas being the most suitable for our work, a three and a half H. P. gas engine of the Canadian American type has been purchased and installed. Mr. Jacob Fry of Dunnville was here on Tuesday overhauling the press, getting it in proper shape for running it by power, and it is by this that The Record was printed this week. It has been our constant aim to keep pace with the ever growing demands of The Record in turning out first-class work, and we may say The Record was never in a more flourishing condition. Its circulation shows a constant and healthy growth and its advertising never flags. Our office is thoroughly equipped for turning out up to date job-work and the patronage we receive is in every way satisfactory. We thank our merchants and the general public for their hearty and liberal support given us.

CHURCH NOTES.

METHODIST CHURCH

Services appropriate for Christmas were held on Sunday, morning and evening. "Gifts for Jesus" being the pastor's subject in the morning, "Bethlehem" in the evening. Suitable music was furnished by the choir. Misses Maud and Mabel Parkinson, Mr. Machell and Miss Mabel Parkinson contributed duets and Miss Shirley Rodgers a solo.

The monthly meeting of the Ladies Aid was held in the Sunday School room this afternoon.

Subject for this evening's service, "Our Mission Work in Japan." The discussion will be led by Mr. Machell. The monthly missionary offering will be received. Meeting at 7.30

Next Sunday morning the pastor's subject will be "The Local Option Question," evening "The New Year Possibilities."

ST. PAULS' CHURCH

The Christmas services were very bright and hearty, and the music well rendered by the choir, which was present in full strength under the direction of Miss Lewis, the organist. On Sunday evening the anthem "O Zion that bringest good tidings," was fine, Mr. Pearson taking the bass solo. At the offertory Miss Ethel Snyder sang very sweetly "Lead Kindly Light." At the morning service on Christmas Day "The Angel of the Nativity" was the anthem, Miss Snyder taking the solo. The other music was all appropriate and given with expression. The decorations gave our already attractive little church a still more handsome appearance. The attendance at both services was good.

The Archdeacon and Mrs. Belt desire to thank heartily the many friends who so kindly sent gifts to the Rectory.

The Sunday School has received from an anonymous donor the Xmas gift of four tables to be used by the classes.

There will be Holy Communion at 8 a.m. next Sunday the closing Sunday and day of the year. At the evening service the Christmas music will be repeated.

Knox Church Bazaar

Notwithstanding the very unfavorable and inclement weather the bazaar and tea held under the auspices of Knox Church on Tuesday was a grand success. The many articles on sale, the handiwork of the ladies of the church were eagerly sought and purchased by the large number in attendance. An excellent tea was served from five to eight o'clock and the affair will go on record as one of the most successful in the history of the church the proceeds amounting to about $100.

"Yes"

"Yes," is a simple word spelled with three letters.

It has caused more happiness and more unhappiness than any other word in the language.

It has lost more money for easy lenders than all the holes in all the pockets in the world

It has started more dipsomaniacs on their career than all the strong liquor on earth.

It has caused more fights than all the "You're a liars," that ever were spoken.

It has procured kisses and provoked blows.

It has defeated candiadtes and elected scoundrels.

It has been used in more lies than any other expression.

It is not meant half the time it is said.

Will it continue to make such a record? Yes.
