What about that park for athletic sports and other purposes? Would it not be a good idea to call a meeting to discuss this question and to take some action in the matter. Up Simcoe way, according to the Reformer, the farmers and others are claiming to have some mighty tall corn stalks, measuring anywhere from 8 feet to 10 feet 5 inches. Now that may possibly be considered tall corn for this year, but we've seen it a few years ago down Jarvis way which measured 13 ft. 8 in., whole fields of it. Why the farmers had to use a step ladder to tie it when it was cut. And that's no lie.

Cayuga Wins County Championship

The Haldimand County Baseball League season was closed last week. In order that the winners be ready to to play the semi-finals Jarvis forfeited the game scheduled for Monday at Cayuga, thus Cayuga becomes the championship team of the County, therefore play home and home games with the Bain team of Woodstock. The first game of the semi-finals was played in Cayuga on Tuesday, Cayuga winning by a score of 15 to 5. The next game will be played at Woodstock on Saturday next.

Commencing October 1 next, there will come into force a very important Act of the Ontario Legislature. by which every mother with children under 14 years of age dependent upon her, who has lost her husband by death, or whose husband has been permanently disabled, or confined to hospital or asylum. and who has been a residont of Ontario for at least four years previous to her application, is a British subject, and continues to reside in Ontario, and is a fit and proper mother to take care of her children, will receive an allowance sufficient for her maintenance from the government.

Under the direction of the Social Service Council of Ontario, which has headquarters in Toronto, efforts are being made to bring about the establishment of community associations throughout the Province. The objects of these associations are defined to be the betterment of social conditions for both young and old, by the provision of facilities for healthful recreation, mental and moral improvement, and attractive surroundings. This is a movement which deserves to be encouraged in every way possible, as, if successful, it will help materially to check the drift of the rural communities to the cities which is proving a detriment to the best interests of the nation.

Motorists and Cyclists.

Driving at excessive speed across intersections of, or on, congested streets.

Cyclists running without lights, and unlighted cars left standing on the streets half an hour after sun down.

R. A. McCARTER.

Hon. Arthur Meighen, the new prime minister, was given a warm welcome and a great reception on Monday in his old home town of St. Marys.

U. F. O. Picnic at Cayuga

Cayuga, Aug. 12.—About 1,500 persons attended the U. F. O. picnic held at Cayuga on Wednesday, August 11, and enjoyed the speeches delivered, the weather conditions being all that could be desired. It was a matter of regret that Hon. T. S. Biggs was unable to be present, as many hoped to hear his opinions regarding the work on gravel roads, so very vital to the County of Haldimand. Warren Stringer, U. F. O. member for Haldimand, made an excellent chairman and assisted greatly in the general success of the day.

Rev. Watson, U. F. O. member for North Victoria, addressed the gathering upon the questions of the day and spoke strongly against the tendency towards combines and mergers, which were wholly in the interests of the favored few and not for the mass of the people.

Mrs. H. Laws, secretary of the Ontario U. F. W. O., in her brief but pithy address, made a stirring plea to her hearers to organize, which was a most simple matter. All that was necessary was to secure literature from headquarters, pay their fees and organize themselves in any locality. The U. F. O., she claimed, was a living organization, not a machine, and stood for educating the masses, as every ignorant voter was a menace to the nation, and ignorance must be fought.

She claimed that the reason women secured the vote was because the men found themselves in such a muddle that they needed the help of women to set themselves free, and that the balance of power to-day rested in the hands of the women if they would use it. This power, she emphasized, was a great responsibility as well as a privilege and should be used to wipe out ignorance and establish knowledge which stood for safety, prosperity and peace.

She hoped the chairman would use his influence to authorize a new public school geography, which would give the youth of the country some idea of the beauties of the land in which they lived, and hoped soon to see women occupying seats in the House of Parliament as representatives of the people.

Mr. Musgrove, of the Toronto Sun, spoke briefly, urging farmers to study the market reports and avoid heavy shipments of cattle when there waz a slump in the market.

He was followed by J. V. Fradenburg, president of the U. F. O. of Haldimand, who thanked all who were contributing to make the day such a pronounced success.

J. J. Morrison, secretary of the Ontario U. F. O., in his opening remarks, said the U. F. O. had given the vote to women and had made no mistake in so doing, as while they were difficult to convince, they were also difficult, almost impossible, to corrupt. He further claimed that the common people were anxious to seize the reigns of government because they had become enlightened. The U. F. O., which he claimed was absolutely good, stood for democratic government, defined as "the consensus of opinion of the majority of the people crystalized into law." In referring to the acts of the U. F. O. Government, he agreed on their Hydro policy, but said they were all wrong in the round robin superannuation and freight rates. The latter, he said, would have to be paid by the farmer. He spoke strongly in favor of the recall system by which the acts of the representatives of the people would be judged.

Referring to the approaching federal election, he said the Union Goaernment was not democracy and that it was up to the electors to do their duty and clear out the political barnacles as the grand old men of pioneer days had cleared the virgin forest.

An entertainer from Toronto and the Cayuga band furnished numbers between the speeches.

While playing around a bonfire on the lakeshore. the young son of Mr. F. R. Lalor, M. P., sustained some painful burns last week, but is recovering satisfactory.—Dunnville Gazette.
