### A Suggestive Coincidence

An ihteresting fact has developed in connection with the Patriotic Fund. It has boed found that, broadly speaking the sums granted from the Fund, as supplementay to the separation allowance add assigned pay, bring the total income of families on the Fund, in each province, to a parity with the cost of living as estimated by the Dominion Government Labor Bureau. This result goes to confirm the substantial accuracy of the Labor Bureau's estimates, and also indicates that the administrators of the Patriotic Fund in each province are keeping their grants reasonably close to the actual wants of the people dependent on it.

Naturally, the cost of living increases as we move westward, and therefore the grants from the Fund increase also. For illustrstion. the average grant in Prince Edward Island is about $10.00 per month, while in British Columbia it is nearly $21.00. The average over the Dominion is about $16.00. It is estimated that the degree of comfort ensured by the Patriotic Ftnd is practically the same in each Province, notwithstanding the differece in the average grants.

### Buy Your Stamps

A rural mail carrier has asked for the publication of the followitg clipping:

Warning is given to all rural mail box holders that instructions have been received from the post office inspector to the rural mail couriers that they are not to put stamps on letters for the senders.

That they must leave all letters in the boxes that have no stamps on.

That they must leave all money in the boxes that is intended to pay for a letter being sent without a stamp.

Be sure and keep a supply of stamps on hand and don't put the courier in the position of incurring your displeasure by refusing your unstamped letter. His instructions are that he must and he will, hereafter.

All couriers have stamps to sell on their routes and the public must provide themselves with stamps.

These orders are explicit and the rural mail carriers must follow their instructions or stand a chance of dismissal. Don't blame him if he leaves your letter in the box when not stamped, the fault is yours.
