FERTILIZER NOTES

We believe it interesting to you that Scottish Special Fertilizers, after only seven years use in Ontario, have achieved such marked success, that the Ontario farmer has unconsciously proven not only to us, but also to himself, that he required a quality product in a commercial fertilizer. In other words, he knows a square deal when he gets one, and thus his returning each season, makes possible our policy practised in the Old Country for over one hundred years. Namely, of mixing, curing, maturing and analysing each ton under the supervision of our chemist, for months before shipping.

In case you are ready to buy before called upon, it will put you under no obligation to call me at 3-33 Jarvis, Walter H. Hill, Agent.

TELL YOUR AMERICAN FRIENDS ABOUT IT
American Residents, Please Be Informed !

You will be glad to learn that the privilege Americans have of taking back with them from Canada, duty free, $100.00 worth of goods, is no longer restricted to goods personally carried, but is now extended to goods forwarded to the United States by **Mail, Express or Freight**. A bona fide tourist, who is a returning American resident, is allowed an exemption not to exceed $100.00 in value of articles for **personal or household use**, or as souvenirs or curios, not bought on commission or intended for sale. The above is a ruling of the Treasury Department of the United States Customs service. Do not forget that every person in the American's family or party visiting Canada, even the infant members of it, is entitled to take, or have sent home, $100 worth of Canadian articles free of duty. Thus, **for a family or party of five persons visiting here, $500 worth of Canadian goods may be shipped to them to the United States when they return.** The saving is fifty to seventy-five per cent at any good store on Linens, Motor Rugs, Wool Blankets, Wool Sweaters, Wool Underwear, etc. Dinnerware, Imported China, Fur Coats and other Furs, Men's Clothing and many other lines.
