weakened their team somewhat. Geo "War-Horse" Harris was easily the outstanding player on the Clerk's line-up.

NANTICOKE 7, DAIRY 5

Nanticoke came into their own on Monday night and gave the Dairy team to understand that they drink Buttermilk also. The game was a sizzler from start to finish and at times there was a slight threat of a boxing bout. However referee Smith (not A.G.) kept the game well in hand although his thumb was rather sore after the game. Chas. Hedge and Don Kindree were the rea lthreats on the Fishermen's forward line and George Jackson and Arnold Evans did their part defensively. Iron Man Mowat of the Diary line-up as usual did his share of heavy body checking and although none of the Fishermen could be found draped over the boards he undoubtedly slackened their pace some what.

hill climbing, Chevrolet has adopted for the Standard line the larger "Blue Flame" engine used in the Master models, with a number of new features. To match the gain in engine power and car speed with the necessary increase in breaking ability, the cable-controlled braking system has been improved in operation and increased in capacity.

In both engines, crankshaft has been redesigned and is 5½ lbs heavier than last year's Master. Counter-weighting has been increased 80 per cent. The cushion balance principle of engine mounting, improved in detail, is now applied to both models, utilizing five rubber supports. A new system of lubrication is used in both engines to serve the crank-pin bearings of the connecting rods. At low speeds, lubrication is effected by oil picked up from trough by connecting rod dippers. As the engine speed picks up, the oil pump forces high-pressure jets of oil to flow constantly from six nozzles, one in each oil trough, directed upward so that the streams are in the paths of the connecting rod dippers as they approach and pass bottom dead centre. These dippers thus receive oil during a prolonged period of each revolution, instead of only momentarily.

Important to smooth engine performance is the innovation of electro plated pistons in combination with redesigned piston skirts which provide greater bearing area. The use of plating considerably shortens the period for the proper breaking-in of the engine.

Water pump capacity has been increased in the cooling systems, forcing the water to flow faster through the nozzles in the cylinder head.

Two major changes are the new brake and clutch design. The adoption for both lines of brake lining material possessing a higher degree of friction, and in the Standard the use of wider brake drums and shoes permits the cars to be stopped in shorter distance and with less pedal pressure. In both clutches smoother iperation is procured through the adoption of a new waved driven plate that eliminates chatter

Knee-action, in the Master only, has been modified to increase its efficiency and to improve ride control.

In Master bodies the windows have gracefully rounded corners to harmonize with the streamlining. Doors extend lower below the floor and are reshaped with rounded corners at the top. The belt moulding is carried from the hood into the car, broadening on the doors, then tapering towards the rear. The windshield is sloped sharply (31½ degrees) and V-shaped, giving improved vision and reducing wind resistance and noise. Its centre metal strip is Cromium-plated outside and grained inside to match the interior trim. Windshield wipers are mounted below the glass, lying snug along the lower edge of the windshield when not in use; their motor is concealed under the instrument board, at the centre. Fisher no-draft ventilation is continued on all models

Master body models include 5-passenger Coach, 5-passenger Coach with trunk, 5-passenger De Luxe Coach with trunk, 2-passenger Coupe 4-passenger Coupe with Rumble seat 4-passenger De Luxe Coupe with Rumble Seat, 5-passenger Sedan, 5-passenger Sedan with trunk, 5-passenger De Luxe Sedan with trunk

In addition to the Coach, Coupe and Roadster, which comprised the Standard line last year, the 1935 Standard line includes a 5-paesenger Sedan, a De Luxe Sedan and a Sedan Delivery for light commercial use.

New Master and Standard models, strongly emphasizing beauty and style and featuring high-powered performance with economy, are announced for 1935 by Chevrolet. The 1935 Standard Chevrolets are on display at dealer show-rooms for the first time today, and Master models will be available soon. Dealers are now in possession of full details.

Virtually the same performance is incorporated in the 1935 Standard as in the Master The latter, however, departs distinctly from previous Chevrolets in striking advances of body design and trim. The engines incorporating many improvements over the 1934 Master, are of the same size and design in both models, while in the chassis the chief difference is the presence in the Master of Chevrolet enclosed knee-action suspension, now entering its second year, improved in construction and operation.

Visually, the New Master retains only the characteristic outlines of the radiator, and the trade-mark on hub caps and radiator emblem, to indicate that it is of Chevrolet design. The V-radiator is narrower and more sloping, th unit fenders are highly contoured, while the windshield not only slopes back steeply but also is slightly V-shaped, causing the forepart of the car to flow smoothly into the body which is beautifully streamlined. By utilizing the newly-developed all-steel roof construction, Chevrolet has attained a new sleekness, its crowned roof sweeping from windshield to the graceful rear in a continuous curve, an effect heightened by absence of roof panels and moulings and by the continuity of body color over the entire top.

Every detail of the Master is new, starting with the front bumper and including the radiator grille, the ornament that supplants the radiator cap (now under the hood) the horizontal hood louvres, the running board pattern, streamlined door handles, spare tire mountings (concealed in some models), tail lamp, and rear bumper, The wheelbase of the new Master is increased to 113 inches, and greater body space has been achieved by moving the engine forward. The appearance of great length has been enhanced by lowering the floor level are inch.

All trunk models have integral trunks embodied in the rear panels, with compartments for the spare wheel. On De Luxe models pressed steel wheels with short rounded spokes are regular equipment. Wire wheels with large hub caps are used on regular models.

In the lower-priced line of Standard models, larger bodies, a new engine with 23 per cent. more horsepower, an improved chassis frame, and numerous other new features gi ve improved performance, better economy, and greater comfort and safety.

Bodies possess many new convenience and appearance features. The newly added 4-door Sedan has the same dimensions as the Coach, which is 3¼ in. longer than the 1934 models and provides 2½ in. more leg room in the rear compartment. Closed models all have flat floors in the rear compartment, the ridge formerly existing in front of the seat having been eliminated. The driver's seat, in all closed models, has finger tip control for quick adjustment.

Redesigned dials, behind concave glass that eliminates reflections and promotes visibility, are mounted in an improved instrument board having walnut grained panels.

Main chassis changes are designed to effect a marked increase in performance. To gain greater acceleration, higher speed and improved

ROCKFORD

Miss Helen Anderson of Jarvis, spent Sunday with her parents, Mr. and Mrs. Stanley Anderson.

Mr. and Mrs. Wilfred Vickerman, took tea on Thursday evening with Mr. and Mrs. Geo. Ward.

Rev. M. M. Culp took tea on Sunday evening with Mr. and Mrs. John Pitts.

Mrs. Geo. Ward spent the week-end with Mr. and Mrs. Harold Ward in Simcoe.

Mrs. Lamplough of Hamilton, has been spending some time with Mrs Margaret and Mr. Wm. Richards.

Mr. Henry and Mirs Marjorie Smith, Mr. and Mrs. Chas. Anderson and Mr. and Mrs. Wilfred Vickerman took tea on Friday evening with Mr. and Mrs. Bert Price.

Quite a number in this community are sick with the flu and bad colds.

Hockey Cullings

Wilfred Willis has been developing what we would hope to be the future intermediate "A" squad in Jarvis. Unfortunately under the present ice accommodation now available such a possibility is utterly devoid, unless we build a new arena. There is no doubt about it that we have an ample amount of material for such rating with very little training. However it is quite probable that Sam's early training will only result in future hockey players for our neighboring towns.

• • • • •

Local hockey activities have been rather quiet during the past week with the conclusion of the regular schedule of the Town Hockey League However our more luminary stars who have been participating in the activities of outside leagues have been showing their usual prominence. Chas. Hazlett and Harry Thom as who are valued players of the Hagersville intermediate squad have been more than maintaining their ability on that line-up. Thomas was responsible for one of the Hagersville goals in the Brantford fixture last Wednesday night on an individual rush, while Hazlett stood out very effectively on the defence for the full sixty minutes. In the Port Dover ladies team who have maintained prominence in their respective field for a number of years, Miss Eileen Marshall is still one of the outstanding members. In their game with the all star team from Hamilton on Wednesday night, Miss Marshall played the full sixty minutes and was responsible for more than one goal for her team. This game was entirely one-sided which indicates from the opposition the type of hockey the Port Dover girls are capable of producing.

• • •

Apparently the Rural League winners will be declared by the executive, at least everything else appears to be declared by that body. Jarvis have yet to suffer defeat in this League, yet find themselves at the end of the regular schedule in a three cornered tie in their own group. It is a peculiar situation to be confronted with when you think you have the thing cinched. The home towners must be reaching around the corner for some attraction as they figure will pack them in at the old memorial arena and thus gate receipts. Jarvis will no doubt lose their eligibility for their proportion of the gate receipts in the play-offs through some new by-law of the executive. Things sure do seem to come about in the Rural Hockey League.

• • • • •

What are the possibilities of a new arena ? —Whoops it might possibly be better to avoid this subject until everyone stops talking about the depression. However we might venture to say that in the Town Hockey League there are thirty-five players, not counting Nanticoke or Holmes School. In the Juvenile league their are at least thirty players, making a total of sixty five youngsters and young men in Jarvis who are more than anxious to have a regulation ice palace. It is a perfect type of recreation for every Young Canadian and should be the first recreational promotion of the young father. It would seem therefore that the parents of sixty-five ambitious young hockey players along with the players themselves should be capable with a little organization of making possible a rink that will meet the present day standards and allow the young people of Jarvis to take their place in the competitive ranks of the greatest and fastest sport in the world.

(Continued on page eight)

Quality of Marshall Dairy Butter Outstanding During 1934

The statistics available from the office of the senior dairy produce grader in the Dominion Department of Agriculture, Dairy and Cold Storage branch, vividly reveals the outstanding quality of butter manufactured at the plant of the Marshall Dairy, Ltd., Jarvis, as compared with the County of Haldimand, The Province of Ontario and the Dominion of Canada. The quality of the butter this past year is merely a repitition of the high standard of quality for the past number of years that has been continuously maintained at this plant. The following statement amply justifies the pride the management of the Marshall Dairy take in their product:

total boxes butter graded	GRADES 1st %	2nd. %	3rd. %	no grade %	percentage of the average 1st. grade scoring 93 pts and over	score of all butter graded

Porter's School Community Club

A well attended meeting of Porter's School Community Club was held in the School house on Tuesday evening, February 12th. with Ellis Jeffrey, President in the chair.

Community singing with Mrs. Miller at the piano opened the meeting. The guitar trio favoured with several selections. In the debate which followed "Resolved that Money Has a Greater Influence in the World than Brains". Frank Hambly and Ralph Golding took the Affirmative while Clark Kellar and Mary Meehan upheld the Negative.

The judges, Wm. Mason, Mrs. John Thompson and Cephas Jeffrey decided in favor of the Negative.

Wilfred Wilson gave a splendid sketch of the life of Abraham Lincoln and Mrs. Miller a piano solo.

Wallace Maron acted as critic. The next meeting will be held on February 26th, when a debate "Resolved that a New Road System is Preferable to the Present One. First in the Township of Townsend, 2nd., in the County of Norfolk." will be taken by affirmative, N. R. Miller and Albert Hyde; Negative Harry Stuart and Robert Austin.

Meeting closed with God Save the King.

Surprise Party

On Monday night of this week a number of his old Marburg friends congregated at the home of Mr. Alvin Marr on the North Ward, in the way of a surprise party.

After the usual comments about the weather, roads, government and other current topics had been thoroughly discussed "Al" pulled down the old yellow backed fiddle and accompanied by Mrs. Roy Misner on the piano and Miss Loreen Ryerse on the banjo, they proceeded to make the night hideous (for the neighbors) and after two hours of old tyme music they all enjoyed a beautiful lunch before taking their departure.

(We are informed that when the next event is pulled off that the Press will have a previous announcement.

NANTICOKE

Mrs. Orlin Buck and Miss Betty Buck are quite sick at the time of writing with the flu.

The Broadway School section held a dance in the Nanticoke Town Hall on Friday evening. A good time was enjoyed by all who were present.

Mr. Leslie Jackson and Mr. and Mrs. George Jackson, spent a few days last week in Hamilton.

Miss Isabelle Vokes has been visiting her sister Mrs. Hoover in Selkirk.

Miss Essie Brown was visiting her friend Miss Doris Field this week.

Mr. Kenneth Vaughan of Tilsonburg, spent the week-end with his family in Nanticoke.

We are pleased to report that Mrs William Ward who has been sick for the past week is feeling much better again.

Mrs. John Vokes, Miss Ethel Vokes and Miss Ina Vokes spent Saturday in Simcoe.

Miss Jean Holmes of Hagersville called on Mr. and Mrs. Bertly Brown on Monday evening.

Mr. Cecil Tomkins, son of Mr. and Mrs. Herbert Tomkins has accepted a position in the Robert Simpson store in Toronto.

Several from Nanticoke attended the sale at Mr. John Furlong's farm near Port Dover last Thursday.

Miss Helen Howard of Springvale is spending some time at the home of Mr. and Mrs. John M. Vokes.

Miss Bessie Ross, teacher of the Nanticoke school has been sick for the past week.

A number of young people gathered at the home of Mr. and Mrs. John Meade on Thursday evening in honour of Mr. Lloyd Meade's birthday. A pleasant evening was spent playing games and dancing.

Mr. Wilford Evans spent Wednesday last in Cayuga.

Mr. Harold Lindsay who has been sick with the Chicken Pox is feeling much better again.

Mr. and Mrs. John Corrigal of Nanticoke are visiting their son Mr. Clyde Corrigal of Hamilton who has been very sick with Pneurisy.

• • •

Don't forget the Choir concert on February 22nd.

By-Law No. 77

OF THE VILLAGE OF JARVIS, RESPECTING DOGS

The Council of the Corporation of the Village of Jarvis enacts as follows:—

1. Everyone who owns, possesses or harbors a dog in the Village of Jarvis shall pay to the Village Clerk
(1) for a male dog, if only one is kept $3.00.
(2) for each additional male dog $5.00.
(3) For a female dog, if only one is kept $6.00.
(4) For each additional female dog $9.00.

on or before the 15th. day of February in each year and upon payment of the said tax the Village Clerk shall deliver to such person a tag and such person shall keep the tag securely fastened on the dog at all times during the year and until he procures a tag for the following year, excepting that the tag may be removed while the dog is being lawfully used for hunting deer in the bush.

2. A fee of 25c shall be charged for each tag.

3. The tag shall bear a serial number and the year in which it was issued and a record shall be kept by the Clerk or other officer designated for that purpose showing the name and address of the owner and serial number of the tag.

4. Every dog which is found off the premises upon which it is habitually kept, without a tag and not under the control of any person, may be killed.

5. No person shall own, possess or harbor a dog in the Village of Jarvis unless the tax required by this by-law has been paid nor shall any person allow any dog owned or possession by him or harbored by him to run at large in the Village of Jarvis without a tag securely fastened on the said dog.

6. Any person guilty of a breach of any of the provisions of this by-law shall be liable to a penalty imposed by by-law No. 43-A. of the Village of Jarvis and the said penalty may be imposed in the manner provided by said by-law No. 43-A. of the Village of Jarvis.

Passed in Council this Fifth day of February, 1935.

IVAN W. HOLMES, Clerk.
LEA MARSHALL, Reeve. 2TC—7

Adlets

Hockey

High School Take First Game of Round for Town League Trophy

The first game of the town league play-offs between the Jarvis High School and Holme's School House at Selkirk was played in the local arena on Tuesday night, before a capacity house. These two teams have been playing stellar hockey throughout the league and certainly merit a place in the playdowns for the Tip Top Trophy that is donated by Wilfred Willis. It was an excellent game throughout with both teams battling to the last minute of play. In the first period O'Donnell snared the puck at his own blue line in the first minute of play and on a nice individual effort put the High School one up. From the face off however, Holme's retaliated on a nice passing attack to even the count, which made up the scoring for that period. In the second period Holme's School were unable to make a count while the High School managed to get one past the opponents goal posts which made the score 2—1. In the third period Holme's School evened it up only to have the High School come back with two more to make the final count 4—2.

The game was very clean with only four penalties of a minor nature, all of these going to the local team. The next game should be a real one as the Selkirk team will have to get a win in order to remain eligable for the trophy. One more win for the High School however and they will be declared the winners of the Town Hockey League for 1934-35. Be sure and see the next game.

MARBURG

The Marburg W.I. met at the home of Mrs. W. E. Cruise with a good attendance. The usual business was disposed of. A splendid program had been prepared by Miss K. Lawrence, which consisted of a musical numbers, a paper, contests, etc. The hostesses were Mrs. Castles, Mrs. Welch and Mrs. Evans. The next meeting will be held at the home of Mrs. Harvey Evans.

We are sorry to report that Mrs. Jack Castles has been ill for the last few days.

Mr. and Mrs. Joe Palin of Broadway spent Sunday with the latter' parents, Mr. and Mrs. Patrick Kinschular.

The Oyster supper sponsored by the losers of recent shooting matches was held at the Orange Hall on Wednesday night. The tables were bounteously laden with everything that one could wish for along with plenty of oysters.

The tables being cleared away, dancing was in order until an early hour. Everyone reporting a wonderful time.

Mrs. Stanley Gundry and son, Dogald, spent Wednesday last with Mrs. L. L. McBride, Jarvis.

Mr. and Mrs. Robert Clayton have moved to Rodger Gundy's.

Mrs. Patrick Kinschular has returned from Brantford leaving her sister somewhat improved.
