LIONS CLUB REGATTA AND AQUATIC MEET

Caledonia, Aug. 15.— Entries for the Swimming events of the Caledonia Lions Club Regatta and Aquatic meet are starting to pour in. T. S. Little, Club Secretary reports a large list from outside points and a number of strong representatives from the holiday campers along the Grand River as well as from local natators who aspire for the honours of the day.

Peculiar Natural Course

Since the Regatta and Aquatic meet has been arranged, several experts from outside points have visited the location and have pronounced it one of the finest natural water courses in the province. The finish of the course is located about one half mile above the Caledonia dam. A straight away course of over one mile is clearly visible from the bleachers which are being erected on the river bank. Behind the bleachers is a large hill forming an ideal grand stand and commanding a perfect view of the entire course. As this is the first time that racing shells have been lowered into the river at this point particular care is being taken by the committee in charge to clear the river bed of any possible destructions on which a shell might come to grief. The river bed is being dragged with a long cable and any fixed obstructions will be removed.

Hamilton Club Officials Cooperating

The events of the meet and the running off of the Regatta will be under the supervision of Major C. Morris, Vice-President of the Hamilton Aquatic Club and several other members of the same Association. With the co-operation of these officials the local Lions Club feel that success of the meet is assured, as their experience in other events of a similar nature will obviate any hitches in the program and will assure the snappy action so essential to an event of this nature.

Famous Clubs Participating

Several of Canada's famous Rowing Clubs are to try out the Grand River for the first time on Saturday Owing to the close co-operation which leading Canadian regatta officials are giving, some of the greatest rowing Crews of Canada will line up at the starting point of the rowing races. Some of the most famous of these are the well-known Argonauts, Leanders. Dons and the St. Catharines Rowing Club. There will be races of crews of eights, fours and single scullers. These clubs have already established reputations of international importance in the major regattas of America and Europe.

Jack Guest to Row

Jack Guest, the famous Toronto oarsman who won the historic Diamond Sculls for Canada at the Olympics will be present. Guest is conceded to be one of the finest scullers Canada has produced since the days of Ned Hanlan. Spectators will be able to have a close-up view of this famous athlete. It is not known definitely whether or not Joe Wright, Toronto's other famous sculler will be present as he is at present suffering a foot infection contracted while competing at the World's Fair, at Chicago recently.

Amateur Swimming Events

The Aquatic Sports will be of unusual interest owing to the fact that the events will be so close to the spectators. Sanction of the Canadian Swimming Association has been secured, and officials of this body will be present. There are races for Senior men and women, Junior boys and girls, Minnow boys and girls, and under 12 boys and girls. A senior is 17 years of age or over a Junior is under 17 and a Minnow is under 14 years of age. All contestants under 21 must present proper applications signed by parent or guardian. All contestants must wear bathing suits. Trunks will not be allowed.

Exhibition Swim by Spondor

Isadore Spondor, the Port Colbourne boy marvel who astonished the Canadian Swimming fraternity by his sensational showing at the great C.N.E. swim will attend the meet, and while owing to his professional status will not be able to participate in the contests will give an exhibition swim. As this is an unusual feature a special announcement will be made of this event by an official of the C.A.S.A.

First Aid Corps in Attendance

A first aid station will be in attendance. The St. John's ambulance, corps of Hamilton under the direction of Mr. B. Little will be present with a modern first aid equipment, suitably housed in a large tent to take care of any accidents or in case any competitors need emergent attention.

Comic Stunts Planned

A number of Comic events are being planned. Every effort is being made to keep the nature of these a secret until the time of the sports. In order to assist in the program, a number of outside comedians have offered their services in this connection.

Meet to Aid Crippled Children

The Regatta and aquatic meet is sponsored by the Caledonia Lions Club under the general chairmanship of Major George Thomson. The entire proceeds will be used by the Lions Club for work among the crippled children of the district. As a result of a survey recently conducted several worthy cases were found It is the hope of the Club to secure enough funds to care for these pressing cases.

HORSE PLAY AT WEDDINGS

Several Ontario papers have been expressing their disapproval of horse play at weddings. With them we heartily concur. Placarding autos, tying on a heap of old junk, charivaries, etc., belong to the dark ages, and no respectable citizen should so forget himself as to be a party to such procedure. The couple embarking on the sea of matrimony is entitled to our kindest wishes and if we really feel so toward them, we would cease to follow silly old practices that savor of barbarism.

Baseball Banquet

On Monday evening last the members of the Jarvis Baseball Club along with the members of the executive held a banquet at Edsall's park to wind up the 1933 season. About twenty were present and a very enjoyable evening was had by all. Cards were indulged in until banquet time, when a number of speeches were delivered with elucidating eloquence.

It was agreed upon that the Jarvis ball club did not come through this year as successfully as was anticipated, nevertheless a decided improvement was made in the team, and the combined efforts of everyone interested in baseball will be blended together next year to endeavor to give a team that will at least take the Haldimand County championship honors.

THRESHER FIRE LOSSES CONTINUE TO SOAR

In our last issue we commented on the numerous barn fires throughout the Province, occuring during threshing operations, and again we would like to appeal to the farmers to use extra precaution while threshing the seasons crop. An extra dollar or two expended in preparedness, might be the means of saving thousands of dollars, not only to the individual, but also to the nation.

Much is heard at the present time about high taxation, but the heaviest tax we are called upon to pay is for fire waste. Millions of dollars are lost every year in the Province of Ontario through this cause, and of this amount one half, or more is preventable. Conserve your resources by protecting them from this powful demon, tabulated as from unknown causes.

Fire From Thresher Burns $12,000 Barn. Men Barely Have Time to Escape When Straw Blazes

Caledonia, Aug. 17.—With sparks flying and a clicking noise coming from a threshing machine as if a piece of iron went into the separator, thresher men barely had time to escape when straw behind the blower took fire and wiped out the barn of Grant Jerome, one mile west of Mount Hope in Glanford township, with the season's crop and the separator.

Just as they were threshing the last load of 1,500 bushels of grain something got into the machine and in no time the straw pile was in flames. Firemen from Caledonia rushed to the scene, but they found the building enveloped in flames, which soon reduced it to ashes.

The wind was in the southwest or the residence of Mr. Jerome would have been destroyed too. The loss will be probably $12,000 and is believed to be partly covered by insurance.

Blower Starts Big Fire

Atwood, Ont., Aug. 19 — A bank barn and straw shed on the farm of John McNeil here was totally destroyed by fire when the blower on a threshing machine burst into fire. The threshing machine had been moved into the barn when it started to rain and had only been operating for about five minutes when the fire occurred. Damage is estimated at $7,500, partly covered by insurance

Narrow Escape

What might have been a serious fire, had it got beyond control, happened on Tuesday afternoon about 4 P.M. When the local Fire Department were summoned it had eaten well into the loading platform at the Canadian National Railways freight shed. The prompt action of our Fire Brigade in answering the call prevented what perhaps would have been a disastrous conflagation. It is learned that the Firemen had the truck at the job within six minutes from the time the alarm was sounded.

Our brigade under the leadership of Chief "Bill" Elliott, certainly deserves much credit for their prompt action and it is expected the Canadian National will come across with a handsome recognition of their valuable services.

Dr. Leach's Fame Is Well Merited

Many Sufferers From Arthritis and Rheumatism are Benefited

The fast spreading fame of Dr. Leach in his treatment for Arthritis and Rheumatism is bringing to thousands of sufferers, formerly deemed uncurable, the glad news of a possible cure.

Many patients both from Canada and U. S. are treated daily at the Leach Clinic 409 King St. E. in Hamilton and every one reports progress.

Manipulative surgery plays an important part in the treatment of these diseases and it is found that nearly all respond to this method.

Dr. Leach was a former classmate of the famous Dr. Locke of Williamsburg, Ont., and frequently assists him in his work there.

"Some Rural Life Problems"

Dr. Christie to Speak Next Sunday. Great Service Planned

The Third Annual Sunday Service under theauspices of the Haldimand Junior Farmers' Association and County Junior Institute will be held in the Town Park, Dunnville, on Sunday next, August 27th, at 2.30 o'clock in the afternoon. Plans have been completed for this yearly event which has become a most important feature in the work of these organizations

The guest speaker for the occasion is Dr. C. J. Christie, President of the Ontario Agricultural College, and this alone will attract a large gathering. Dr. Christie is one of the foremost leaders of the present day. He has just returned from an extended tour of Western Canada and is in close touch with agricultural conditions throughout the Dominion. His subject "Some Rural Life Problems" is not only timely but will be dealt with in a forceful and helpful manner.

Special music is being supplied by the Kohler-South Cayuga male choir under the leadership of Rev. K. Gretzenger. It will be remembered that this musical organization sang over the radio last winter and were exceptionally well received. The Caledonia Junior Girl's Chorus will also sing.

In addition to this the Fisherville Band will accompany the congregational singing and give a Band Concert preceeding the service. This will commence at 2.00 o'clock.

Through the kindness of Mr. Mechanic, Manager of the Hollywood Theatre, this spacious and roomy auditorium has been placed at the disposal of the committee in case of rain or inclement weather. Plenty of seating accomodation is being provided in the park with ample parking space nearby.

A cordial invitation is extended to all to join with the Juniors in their annual service.

People who guessed that the Marathon swims at the Canadian National Exhibition would lose their popularity in a couple of years were quite mistaken. This year the eighth annual aquatic crawls of ten miles for women and fifteen miles for men will be held. These events continue to attract upwards of 100,000 spectators.
