BALDWIN MAKES RIVALS STEP LIVELY

Baldwin, Toronto-Owned Wiggler, Makes Rivals Step Lively on Grand Circuit; Should Prove Hard To Beat Here July 19 — 25.

Toronto, Ont., July 11th (Special) Charging around the mile track at Cleveland in the spectacular time of 2.00 and negotiating the half in 58 ⅘ seconds, which left his trailing rivals nearly dizzy from the fast pace, Baldwin, brown stallion owned and driven by R. M. Payne, Toronto, gave race fans an idea of what he will do when the Grand Circuit moves to town, July 19-25.

Entered in the fast Canadian Sportsman Stake here, Baldwin should make the going mighty rough for his rivals after his starring performance on the Roarin' Grand at Cleveland. Taking the lead in the 12 pace there, and lengthening the daylight between himself and his rivals with every wiggle, Baldwin led the field of ace sidewheelers a merry chase.

While unable to maintain his swift gait for the entire mile, Baldwin won third money handily and proved a dangerous threat to the victors every inch to the wire. Competing against slightly slower pacers here, Baldwin is expected to walk away with honors in a clash which should see plenty of effort made by Yankee reinsmen to cop the Toronto event from a "home town" product.

Calumet Crusader and Vansandt, ace trotting stallions, meeting here again for the first time since their memorable match race at Cleveland, which the former horse won in straight heats, are expected to put on the battle of their colorful careers. Vansandt, who managed to trim Calumet Crusader in every race they fought out in 1933, surprisingly went down to defeat in their first 1934 clash, but in a large field, such as the W. R. Woolfitt Stake offers at Thorncliffe Park, Vansandt is expected to have a better chance to wind back part of his vanished glory. However in Calumet Anne, Brown Berry, Kashmiry, Meda and Hollywood Dennis, neither Calumet Crusader or Vansandt need expect their own sweet way.

Other trots and paces scheduled for Toronto's Centennial Grand Circuit meeting marks it as the fastest seen in Ontario in many years, according to veteran observers of the sport and officials of the local harness card.

SOFT WATER SAVES SOAP AND CLOTHES

Household laundry costs, as well as the wear and tear on clothes, can be materially reduced by using soft water instead of hard water.

Water containing hardness wastes a great deal of soap because the lime and magnesia always combine with soap and change it to "curds". These curds stick to fabrics and make them grayish, harsh and rancid smelling.

Water is very receptive in appearance. It may look clean and pure and yet contain hidden impurities. The most troublesome of these are compounds of lime and magnesia which cause the hardness in water.

To prevent waste of soap — to improve the quality of laundry work to lengthen the life of linens, garments etc., — it is necessary to use water from which all hardness has been removed. In water that has been completely softened, as it is possible to have it today, there are no impurities to destroy soap and no lime curds to injure clothes.

Besides prolonging the life of washables by using soft water, you can count on a fifty per cent saving of soap. That is why small type water softeners are proving so popular in modern homes. And, of course, the same perfect cleansing qualities of soft water make themselves felt in practically every other household operation where water is used.

Modern beauty and hairdressing parlors now use soft water for shampoos and other treatments. Soft water completely softens whatever particles of foreign matter that may adhere to the scalp and hair as well as assuring perfect dissolution of the soap after the treatment is finished.

BASEBALL

JARVIS 12, CAYUGA 10

In their game on Saturday last the Juveniles came through with a win against Cayuya, which team they were until that time, tied with for first place and by virtue of their win they are now first place in the league. The game was a sizzler from start to finish and when the local lads came to bat the last half of the ninth they had a one run lead to overcome. However, a nice safe hit by M. Leatherdale and another by E. O'Donnell with two men on bases on both occasions put the game on ice. It was a tough game to lose for the Cayuga boys as it meant the loss of the lead that they have maintained throughout the season.

HAGERSVILLE A 10, JARVIS 4

The fast moving Hagersville A' aggregation had little trouble taking the local intermediates in their fixture last Thursday at Hagersville. Lefty Dougherty proved to the boys that he has not lost his ability to steam them over. J. C. Walker played his first game of the season on the mound and turned in a real game. Hagersville play a return game here to-day.

Woodhouse Couple Married Fifty Years

Mr. and Mrs. Judson Austin Mark Golden Wedding Anniversary. Recall Early Days.

(By T.C.M. of Norfolk Observer)

Fifty years ago, July 16th., Judson Austin, son of one of this county's pioneer families, took as his bride Doreas Henning, a daughter of another family which has played a leading part in the history of this district. Monday marked the Golden Wedding Anniversary of this esteemed couple and friends gathered from far and near to pay them deserved tribute.

Getting married fifty years ago was a different matter than it is today, as Mr. Austin can tell you. For him it entailed swinging an axe on a good many acres of now fertile land in Woodhouse. When he came to his present home in Woodhouse the land was covered with trees. He had to fell these to make an entrance into the clearing which is now his home.

Judson Austin is the son of Isaac Austin and his mother was Marjorie Waddle. He was one of a family of nine, the youngest of six sons all of whom, save himself, have passed on. Three sisters, however, survive: Miss Isobel Austin, Woodhouse Mrs. (Rev.) Ray Smith, Brantford and Mrs. J. H. L. Joslyn, Winnipeg.

Today he is in his 76th year and still manages to put in a full day's work on his farm situated a short distance east of Wiggin's school in Woodhouse. The farm was at one time a part of his father's holdings and Mr. Austin recalls well the back breaking work of clearing the land in preparation for the coming of his bride.

Mrs. Austin, who is one year his junior, has been a staunch helpmate down through the years. She is a daughter of William Henning and her grandfather came out from England and settled on the old Plank Road. Her mother was Prudence Anderson.

She remembered the Plank Road well and told the Observer reporter that when she was but a little girl she would stand at the window and listen for the sound of approaching vehicles as they rattled over the loose planks which formed the roadway from Hamilton to Port Dover. In those days, she recalls, good timber was literally a drug on the market, and huge bonfires used to be built

Following a comparatively short illness, the death occurred at his home, 39 Kent street, Simcoe, on Sunday of C. Roy Sutton. Mr. Sutton had not enjoyed good health for the past several months but his sudden passing comes as a severe shock to a wide circle of acquaintances.

He was born in Simcoe 51 years ago, the son of the late John Sutton and Mrs. Sutton. He has been a lifelong resident here and since the death of his father a few years ago was a leading figure in carrying on the business of the Sutton Estate, also having charge of the government Brewery's Warehouse.

Surviving are his mother, three brothers, William, Stanley and Ross all of Simcoe and two sisters, Mrs. Walter Knight, Lockport, N.Y., and Mrs. John Grant, Toronto.

The funeral was held on Tuesday afternoon under Masonic auspices with interment in Oakwood Cemetery.

The deceased was well known in Jarvis and vicinity.
