It is interesting to note that of Twenty-five Middle School students, eleven passed all of the stiff Departmental Examinations, while only three failed on one subject and only four failed on two subjects and of twenty-nine Lower School students, twenty-six passed all subjects while two failed on one subject and one failed on two subjets. A showing which reflects much credit on the teaching staff and more especially, when the time lost last fall, through the rebuilding of the school is considered.

Those who have not as yet received their certificates, may have same by calling at the office of Mr. L. B. Holmes.

THE OTTAWA SPOTLIGHT

(Continued from page one)

as Finance Minister (there are inaccurate reports that he has been invited to assume an important mining directorship) it is safe to predict that in the next two or three years an effort will be made to reduce the debt again, and to continue the process of re-funding at lower interest rates. As soon as the budget shows a surplus, there will be a clamor for reduced taxation. To a certain limited extent, this demand will probably be realized. The sales tax is admittedly excessive. It should come down from eight per cent as rapidly as possible, and the liquor levies are on record as being favourable to reduction. The sugar tax of a cent a pound is a tax which bears most heavily on the householder with a large family. As soon as the budget balances, some relief in these two spheres may confidently be expected. But the other taxes will remain as they are, and the income profits and gold taxes may even be increased. The idea will be to benefit from the fat years so that the national exchequer can be put on shape where it could stand another recession of business. If a little more had been written off the debt in the good years the government would have felt easier about borrowing more freely in the depths of the depression, when government spending seemed necessary to take up much of the slack caused by the cessation of private spending.

JARVIS W.I. MEETING

The Jarvis Women's Institute held their August meeting on Wednesday of last week on the lawn at the home of Mrs. Guy Leathong.

After the usual opening, several items of business were discussed, one of which was the exhibit at the Fall Fair. It was decided we should again make a showing, with the very kind help of each member.

This meeting was in the form of a picnic in honour of the grandmothers, eleven of whom were in attendance.

The Tonic, very ably given by Mrs Cowan took the form of a story in which the bride of yesterday told her experiences to the bride of to-day.

Mrs. Law then took charge of the program which consisted of sports for young and old and contests, one of which was both instructive as well as amusing. It, telling of methods, materials and equipment used in every day life by our grandmothers. After each grandmother had been presented with a bouquet of flowers, all sat down to a heavily laden lunch table.

Mrs. Parsons tendered a vote of thanks to Mrs. Leathong for her hospitality and the meeting was dismissed.

"HIGH HONOUR
Record Given Cup as Best Paper in its Class

In field of journalism and the newspapers of Canada, Haldimand County weeklies have also fared well and favorably known have been recognized as leaders in their respective communities this was again demonstrated at the annual convention of the Canadian Weekly Newspapers Association held at Halifax last week, when The Jarvis Record, published in this village in the county, won the Charters Cup, as the best weekly Class D in Canada.

The cup, donated by C. V. Charters of Brampton, was competed for for the first time with The Jarvis Record scoring a total of 87 out of a possible 60, to win it in its first attempt at the honours. At the Associated Press banquet held on Friday evening at the Nelson Hotel, Halifax, the cup was presented to A. L. Miller, son of George L. Miller, of Toronto, who has been in his capacity of The Record, the vital force in the steady improvement of this paper of Jarvis, and received special praise for his efforts in winning the Charters Cup.

Further that this section of the country is supably served by one of the Canadian weekly papers, The Independent, now edited by L. Taylor, also secured honours in Class C, winning the Shiel Shield. The Mason Trophy annually to the best weekly in Canada in Class A was won by the Barrie Examiner, edited by Mr. MacLaren, well known in Jarvis, Mrs. MacLaren being a native of this town.

:—:

Our friend, Frank L. Turner, Toronto, offers his congratulations:

"I wish to congratulate you and your paper on winning the Charters Cup. I am very proud of my Town Paper' The Jarvis Record.

Another well known Jarvis boy in renewing his subscription says:

"Congratulations on publishing the record under circulation of 5000 in the Union of Canada. That is the reason I always greet you here at New York, each day I have been a subscriber for years, as have the family from its beginning. I don't want a copy.

Yours truly,

Most Successful in History of the Parish

The annual Harvest Thanksgiving Festival was observed at Christ Church, Nanticoke last Sunday, August 22nd. The Church was beautifully decorated for the occasion with flowers, grain and vegetables and in this appropriate setting large congregations joined in praise and Thanksgiving for the yearly harvest, at both the morning and evening services.

At Eleven o'clock there was a celebration of the Holy Communion at which the rector was the celebrant, assisted by Rev. Chauncey Snowden, who read the Gospel, Rev. Charles Snowden, reading the Epistle.

An inspiring sermon was preached by Rev. Chauncey Snowden, of Philadelphia. Mr. Snowden took as his text the eleventh verse of the twenty-ninth chapter of the first book of Chronicles: "Thine O Lord is the Goodness, and the Power, and the Glory, and the Victory and the Majesty; for All that is in the Heaven and in the Earth is Thine." The speaker stressed the essential goodness of God. We have much to be thankful for; for health, for security, for the British Empire, and for plenty. There need be none go hungry in this country. If it happens, it is through ignorance. In this country there is a surplus of wheat, butter, meat, while across the Pacific and in certain European countries, people are almost starving for these very things. The fault of this scarcity is not with God but with man—ignorance in distribution. Mr. Snowden warned his listeners that the great danger to Christianity was not to be found from anti-Christian sects—Communism, Nazism, Facism, but from the indifference, the luke warmness of Christians within the church.

At the evening service another large congregation was present to welcome back Rev. C. J. Lamb, of Merriton whose first parish was Christ Church, Nanticoke. Mr. Lamb expressed his delight at returning to his old parish the first in his ministry, then gave as the text for his Harvest Address, the first verse of the 11th Chapter of Ecclesiastes: "Cast thy bread upon the waters: for thou shalt find it after many days." At the close of the service the prayers of the congregation were offered for Mrs. Lamb, who is seriously ill.

MR. AND MRS. DANIEL STEEL

We wish to offer this venerable couple our best wishes on their Sixty-fourth Wedding Anniversary and that they may still enjoy the evening of life in health and contentment. Mr. and Mrs. Steele Celebrated this event on Wednesday, August 25th.

BIRTHDAY CONGRATULATIONS

To our old and esteemed friend, R. A. McCarter we tender heartiest congratulations on his 76th birthday yesterday. Still going stronger than he was when a young man of 20. At that time his mind was preoccupied with other things, and we won't say what they were. He is now mellowed with years, and the passing years have been kind to him. He follows his calling with an alertness for business that is amazing, and he said when interviewed yesterday, that his receipt for keeping young was to keep interested in current community affairs and remain firm to your political faith. May his smiling countenance and Irish wit be seen and heard in the Village of his adoption for many more years to come, is the wish of this great family journal.

PARKINSON REUNION

August 18th proved an eventful day to the Parkinson clan, when about 110 descendants gathered at Port Dover park for their fifth reunion.

Many new faces were seen for the first time. Guests were present from Buffalo Manitoulin Island, Waterford, Cainsville, St. Thomas, Ottawa, Brantford, Detroit, Rochester, Hamilton and Jarvis.

After the noonday repast, served from well-laden tables, a photo was taken of the group. Mr. Geo. Townson very ably directed the sports, a feature being the running for the champion cup donated by Mr. Robt. Robinson, which was won this year by Mr. Bruce Pollock, Ottawa.

Just before the supper hour an election of officers was called which resulted as follows:

Magician Rogers of Simcoe Chief Entertainer

A diversified entertainment from that provided previously this summer was that sponsored by Cresswell's Restaurant and Hill's Bakery on Saturday evening last in connection with the Merchant's Community Campaign. Although there is no manner of determining the actual number present, it is thought that the audience for the excellent program was as large as any this season.

Mr. A. L. Miller, represented the local merchants in taking the chair for the program. The Short Course quartette, one result of the Short Course classes held here last winter, opened the entertainment with a few well selected songs. This quartette consists of Messrs Kenneth Fess, Glenn Reicheld, Harold Eubanks and Lorne Porter. Following this, Ken Fess and Lorne Porter presented a musical number.

Mr. Rodgers, of Simcoe, a magician of great ability, was then introduced to a very appreciative audience. He proceeded to prove to them that the hand is quicker than the eye for some forty minutes. His many acts were worthy of the best of entertainments. The quartette came back to wind up the program in their own inimitable manner.

The two local business men are to be complimented on upholding the fine programs that the merchants have provided for the Saturday night shoppers for the past two years.

Couple Celebrate 20th Anniversary

Mr. and Mrs. Ralph Johnson, celebrated their twentieth wedding anniversary on Saturday, August 21st. Approximately twenty relatives spent the day with Mr. and Mrs. Johnson to aid them in the celebration of this happy event. Relatives came from Norwich, Woodstock, Windsor, Burgessville, Bealton and Boston.

Their home was beautifully decorated with gladioli. They received a number of beautiful and useful gifts of chinaware, in keeping with the anniversary.

Mr. Johnson, an employee of the Marshall Dairy and Mrs. Johnson have resided in Jarvis for a number of years and during this time have made a large number of friends. The "Record" wishes to join with their friends and wish them many future years of happiness.

CARDS OF THANKS

Mr. R. W. Mason and family wish to acknowledge the many acts of kindness and the floral tributes of their neighbors and many friends during their recent bereavement.

Many Accidents On Highways

During the past week accidents have been tragically numerous throughout Ontario. This locality has not escaped it's share of highway disasters either.

Last Wednesday evening, Alvin Bartlett, an employee on a farm several miles east of this village, ran into misfortune in the shape of a 1937 Plymouth coach, owned and driven by Dr. Railton of Port Colborne Ont. Bartlett, driving a 1927 Chevrolet sedan, is alleged to have been emerging from a lane onto No. 3 Highway and was struck broadside by the Port Colborne car coming west.

Both cars were badly damaged, but fortunately, no one was seriously injured. The local youth sustained a cut on his brow but Dr. Railton was right on the scene to administer first aid.

Michigan Car Leaves Road

Thursday morning an automobile bearing Michigan plates, forsooke the worn path for one not so well worn, the ditch, approximately seven miles east of here on number six highway. The Detroit car was occupied by two ladies, one of which received a blow in the face which caused the loss of several teeth. The car, a 1936 Ford coach, was badly shaken up.

LOCAL CARS ARE INVOLVED IN CRASH

Returning from a reception tendered to Mr. and Mrs. Wilbur Werner at the home of the bride's parents, Mr. and Mrs. Byron Pond, of Walpole, Mr. Bruce Slater had the misfortune of running into the rear end of an auto driven by Mr. George Walker, of Hagersville.

Both Mr. Slater and Mr. Walker had attended the wedding in the capacity of ushers and after the reception the latter was driving in a line of cars immediately ahead of the local man. The line of cars were forced to come to a quick stop and Mr. Slater rammed into the back portion of the Hagersville car. The damage sustained by Mr. Walker's automobile was very little, but the other car was considerably damaged about the front.

The difficulty of feeding hot or warm liquids to invalids in a sickroom can easily be overcome by using transparent drinking straws which will not collapse in hot fluids. These same straws, brightly colored, will tempt any child to drink his milk without a murmur of protest.
