Moved by Councillor Allan, seconded by Councillor Sundy, that we do now adjourn to allow the various committees to meet. Carried.

Moved by Councillor Bird, seconded by Councillor McKay, that we resume business with the Warden in the chair. Carried.

Moved by Councillor Bird, seconded by Councillor McKay, that the Report of the Road Committee be received and read. Carried.

ROAD COMMITTEE REPORT

To the Warden and Members of the County Council:

Gentlemen:— Your Good Roads Committee beg leave to report and recommend as follows:

1. We have examined the paylists and accounts amounting to $21,011.08, and recommend that they be paid, making a total from December 15th, 1936 to July 31st, 1937, of $71-353.96.

2. That the Webber Quarry at Byng has continued to operate throughout the month supplying stone not only to the county but by several other municipalities.

3. That the Canboro to Attercliffe Road (No. 1) has been resurfaced throughout its entire length with stone from Webber Quarry and the resurfacing of Road No. 8 is now in progress.

4. That the summer patching of all asphalt and tar roads has been completed and now surface treatment with liquid asphalt and crushed stone has been completed as follows:

The Oneida Road (No. 5) from Gore West 1.76 miles. The Byng-Pt. Maitland Road (11-D) in Pt. Maitland .13 miles. The Fisherville-Nelles Corners Road (12-R) from Fisherville North 3.07 miles. The York to Empire Road (No. 16) from Empire West .50 miles.

5. That all the pipe culverts and small concrete bridges on the Canboro to Caistorville road (No. 19) have been placed and lack only the completion of the backfilling and grading.

6. That one concrete culvert has been extended and a completely new concrete culvert partly constructed on the Rainham Road (11-W) east of Nanticoke.

7. That the weed spraying equipment has been operating very satisfactory, nearly one-half of the county roads having been already sprayed on one side only, with the prospect of a fairly complete destruction of the weeds on the portions covered With the approval of the Crops, Seeds and Weed Branch of the Department of Agriculture it is proposed to continue to cover the whole of the road mileage on one side only this year and next year to spray the opposite side of the road; so that in two years a complete coverage will be accomplished in which the weeds will be not only controlled but completely destroyed.

8. The co-operation of those owners whose lands are adjacent to the county roads on the side which is not being sprayed is requested in view of this procedure and such owners are requested to cut the road side weeds opposite their respective properties. Attention is drawn however to the fact that weeds must not be cut on the side which is to be sprayed; since it is necessary for the full plant to be standing in order to accomplish its destruction with the chemicals used.

9. That the Hutchinson and Boston Roads (No. 13) have been given a patching and a maintenance application of calcium chloride and that similar maintenance work on the Stromness-Port Maitland Road (No 14) is in progress.

10. That the Engineer be instructed to rigidly enforce that section of the Highway Traffic Act which prohibits the use of tractors with lugs on county roads which would be damaged by their use.

All of which is respectfully submitted.

(sgd.) M. COVERDALE, Chairman

Moved by Councillor Huber, seconded by Councillor Allan, that the report of the Road Committee be adopted as read. Carried.

Moved by Councillor McKay, seconded by Councillor Bird, that the report of the Building Committee be received and read. Carried.

The family of Mrs. John Pursley celebrated with their mother, her 74th birthday at the home of her daughter, Mrs. R. McDonald and Mr McDonald. It was held in the form of a chicken dinner which had been planned by Mrs. Pursley herself, who has only sat up about six hours more than five months. She received as a gift a reclaimed chair and she sat up in it on this occasion long enough to eat her dinner. Many cards of congratulations were received.

The sudden death of Samuel L. Squire in Toronto, a former resident of Waterford, came as a shock to his Waterford friends. Death was due to heart attack while walking across Queen's Park with his wife about noon on Thursday. Mr. Squire spent the greater part of his life in Waterford having for many years conducted a general store here. He was prominent in political, social, and fraternal activities, a member of the Baptist Church and for many years was superintendent of the Baptist Sunday School. Some twenty years ago, he sold his business and moved to Toronto, where he was a pioneer of the good road movement and became Deputy Minister of Highways during the Ferguson Government and executive secretary of the Canadian Good Roads Association. He was married three times, having been predeceased by his first two wives, Clara and Eda McMichael, who were sisters, he later married Martha Jardine, of Rexton, N.B., who survives. Also one son, Harold, of Waterford and two grandchildren, Billy and Denial Squire, of Waterford. The funeral was held on Friday evening in Toronto, with interment in the family plot, Green wood Cemetery, Waterford, on Saturday afternoon.

Alex. Greenlaw, a barber for Robert Erwin, was taken ill at the shop on Thursday and the Dr. took him home where he is being cared for. It was a severe heart attack.

Mrs Charles Kitchen and daughter Shirley and Mrs. Clark Roberts, St. Thomas have been guests of Mrs. C. Roberts during the past week.

Mrs. Jennie Collings and two grand daughters, of Downers Grove are visiting relatives here.

ST. PAUL'S CHURCH, JARVIS

(continued from page one)

Sacrement. The Communion Vessels are in memory of Harriet Selby and Urania Sill.

Many gifts have been received to St. Pauls Church that are not in the form of Memorials. Among these we mention the reredos and marble medallion behind the Altar, given by Mrs. R. S. McGill. The medallion is carved from purest marble and depicts the head of our Lord: A solid brass Almshasin was presented by Miss Carrie Bourne. Other gifts have been received but I have been unable to find the names of the donors. Someone we hope to secure for the church a new pulpit, lectern and prayer desk. These are the only pieces of ecclesiastical furniture in the chancel that are not in the form of memorials.

The church bell, the sound of which is so familiar to the residents of this community, was cast in 1871 and on the bell itself this inscription is found: "Cast for St. Paul's Church, Jarvis, Ontario 1871. The First Church Bell Erected in the Township of Walpole."

The congregation has set aside Sunday, September 19th as a special occasion. On that day the Fortieth Anniversary and the Annual Harvest Thanksgiving Services will be observed. The church will be appropriately decorated with flowers, fruit, grain and vegetables for the occasion. Two outstanding speakers will be present, the Lord Bishop of the Diocese in the morning service and Rev. Frank Walling, a former Rector, at the evening service.

All are cordially invited to attend these services of praise and thanksgiving.

Editors Note:— We are greatly indebted to Rev. M. Brett who took the trouble and time to drive into the history of the church and write the above interesting narrative.

ENTIRE FOPULATION OF ZENDA TAKES OFF FOR WORLD PREMIERE

(Continued from page one)

aboard a plane. Doubtiessly none of them have ever been aboard an airliner of this sort. The ladies of the party stated that they were "thrilled to death" and that it was an opportunity of a lifetime. Interviewing the gentlemen, they were found to be putting up a very nonchalant front, but excitement even exceeding that of the ladies was very apparent.

Reeve Vernon Fewster, was very quiet and matter of fact until extensive questioning cracked his reserve and he admitted that there was one item to be included in the experience that had him down. Said Mr. Fewster: "It's meeting that fellow La Guardia that's got me worried." The "Mayor" of Zenda is to present the "Mayor" of New York, Fidel La Guardia, with ten gallons of "Zenda Maple Syrup" as a good will token from one head push to another.

As the plane took off the population of Zenda waved farewell to a large crowd of local well-wishers who had swarmed to the field early in the morning in order to witness a stirring episode, one of the queerest stunts ever devised by a publicity department.

This little community situated in south western Ontario, approximately fifty-two miles west of Jarvis, is going to be a long time forgetting when Hollywood came to the tiny community and transported it's population almost in entirety to the hustle and bustle and gay revelry of the great American metropolis. For revelry and happiness is all that this party of country folk are going to see of the great city. You could place Zenda and it's inhabitants in one suite of the hotel St. Moritz. They do not clamour for recognition of the outside world with the exception of once a year. Then, they transfer the modest cross-roads to a seething community of gayety. There every summer the Premiere-goers, sponsor the largest Garden Party in Canada.

The Zendaites will return to their farms, a general store and a dairy either Saturday or Sunday of this week. Once again the huge air vehicle will swoop down on the Jarvis emergency American Airline Field and fourteen "thrilled to death" country folk will return to their pleasantly quiet homes to spin yarns of the life of a New Yorker to their not so fortunate neighbors.

"A Woman's Work is Never Done"

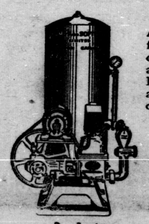
This old saying may or may not be true, but certainly if your home lacks running water, and a kitchen sink, the job of housekeeping is greatly increased.

With running water, supplied by a Duro Pumping System, and piped to any part of your home, it will be ready for an Emco sink in the kitchen and an Emco equipped bathroom.

All Emco Fixtures and Fittings are carefully made, subject to the closest inspection and will give years of unexcelled service.

Emco prices are moderate. For example, Snow-white Enamelled Sink, as illustrated, 20" x 42", including Faucet and Trap, ready for installation for as low as..... $36.00

The Duro Special Pump, illustrated below, has a capacity of 250 gallons per hour, is supplied with a 30 gallon Galvanized Tank and 110 volt, 25 or 60 cycle, motor, and costs only..... $89.00



Duro Special

Also supplied for Gasoline Engine operation

Small Monthly Payments

The Home Improvement Loan Act enables you to purchase Emco fixtures, fittings and Duro Pumps on the monthly payment plan over a period not exceeding three years. Enquiries given prompt attention and estimates supplied without charge.
