BIRTHDAY GREETINGS TO J. J. PARSONS—

J. J. PARSONS, present Clerk of the Township of Walpole, is today marking his Eighty-third birthday. Few men can look back upon so many years with so many accomplishments behind them as our esteemed friend, Mr. Parsons.

His record of service has been notable and in order to realize this it is not necessary to delve into all phases of public activity with which his name has been associated. It is significant however to note that, despite the multifarious responsibilities which he has continuously shouldered, he has always given freely of his time to the work of the Church.

No matter what he has set his hand to he has made a name for himself. He was, in his early years, a business school instructor; he later took up farming; he operated a cheese factory and creamery; he was for many years Auditor for the County of Haldimand and for the past decade he has served as Clerk of the Township of Walpole. These occupations might be regarded as the means he chose to earn his living for himself and his family. But in addition he gave freely of his time in the public interest. While operating his creamery and cheese factory he served on the executive and eventually as President of the Ontario Creamery Association and the Western Ontario Dairymen's Association. Indeed both these organizations owe their existence and the important place they hold today in the interests of the Great Dairy Industry to the pioneers, among whom no name stands higher than that of J. J. Parsons. He has also served for several decades on the Board of the Walpole Mutual Fire Insurance Co. and now holds the office of President. He is also a past President of the Mutual Fire Underwriters Association of Ontario. In fraternal circles his name stands high in the Masonic Order. He is a Past District Deputy of Brant Masonic District.

Men such as this never die and their example is a challenge to all who desire to live a useful life.

We are happy of the privilege, through this column, of extending to this outstanding citizen the happiest and kindest greetings on the occasion of his birthday.

QUOTE FROM YESTERDAY—

NO GREAT THING is created suddenly, any more than a bunch of grapes or a fig. If you tell me you desire a fig, I answer you that there must be time. Let it first blossom, then bear fruit, then ripen.

We had an idea the cost of administering Baby Bonuses in Canada was around a million and a half yearly but on investigation find that it costs around four million to do the job. Dollars that is. We recall listening to Hughes Cleaver, M.P. for Halton, telling an audience in Cayuga a few years ago all about the virtues of Baby Bonuses. He said, among other things that it was a great forward step in social service. We thought at the time he should know what he was talking about but have lately began to wonder if it is wise to believe everything you hear.

Our friend T. B. Barrett, M.P. for Norfolk leaves no doubt as to where he stands with respect to socialism. This is taken from a recent speech of his in the House of Commons. "This thing we are letting ourselves in for, this incipient socialism, is nothing but the beginning of a cancer. If at the beginning it is not destroyed root and branch, it will continue to grow until it destroys us."

- - - - - - - - -

The Speaker of the House of Commons is a temperamental creature. On two occasions recently when things were not going according to his liking, instead of maintaining the order for which he is responsible, he simply wrapped his gown majestically about him and departed in high disdain from the chamber. He'll learn those fellows who is boss.

The deer hunting itch is starting early this year. A window display shows two 30-30 Marlin deer rifles and Dave McBride says all you have to do with one of those rifles is look through that tree behind it." Which he did. With hunters like that sporting new Marlin rifles next year Ra going to be dangerous for game in those northwoods.

We find it difficult to attach any truth to the story but it came to us as a fact. A local woman was visiting some friends in Toronto and curiosity regarding the new cocktail lounges lured the lady with a group of her friends into one of them. After spending a half hour gingerly sipping one of the concoctions and doing their best to look detached and blase as becomes the worldly folk who frequent such places the local lady called the waiter for the check. Not wishing to be obvious about paying the bill and noting he spoke with a decided French accent, she said "L'addition, s'il vous plait." His reply was "down stairs to your left, lady."

NEEDS HUMANITY, TOO

Canadian justice like British justice on which it is founded is renowned for its impartiality. A penniless man may expect as fair a trial as the most wealthy in the land besides impartiality, however, justice needs to be tempered by humanity.

Headline from the Toronto Globe and Mail, April 11th, 1947

"CUT PRICES, HALT INFLATION TRUMAN WARNS BUSINESS"

Since 1931 the Canada Coach Lines, Limited have made no general increase in passenger fares over their system. (No part of the 15% Federal transportation tax collected by Canada Coach Lines, Limited is realized by the Company.)

However, unless prices of goods and services are stabilized, present *pre-war* passenger fares will have to be adjusted to meet *post-war* operating costs.

A *continuing* rise in the cost of equipment, labour, fuel and other commodities will make fare adjustments inevitable if Canada Coach Lines, Limited are to maintain a high standard of transportation service.

PRICES MUST BE STABILIZED!

The CANADA COACH LINES LIMITED
