Beard Growing Contest Starts April 1
Throw Away Your Razors Boys

County wide "Beard Growing Contest" has been authorized as one of the features of the Centennial celebration in Haldimand. The green light was given the idea at a meeting of County Committee last week and it is over to the local committees to carry it out. Work is underway. Just to show how important the Committee considers this contest, it has allocated a total of $65.00 for prizes. Besides that there are classes in which to compete — longest beard, most beautiful beard, most groomed beard and the most comical beard. The contest officially starts on April 1st and concludes on the final day of the celebrations which will be August 6th. The competitors will be judged by a committee of ladies on the day the town in which they registered holds their celebration. The winners in the local competitions will be eligible to compete in the finals which will be held in Fisherville on Saturday, August 6th. The local committee set aside $75. on Tuesday night for prizes in the Jarvis community. There will be a first prize of $15. and a second prize of $10.00 in each class. A $50. prize in each class goes to the finals winner.

Applications will be received starting April 1st and not before. Anyone wishing to enter in the Jarvis district contest should register with Robt. Lysch where applications are available and the contestants at that time must be clean shaven, except for a mustache.

The Dunnville Fire Department has issued a challenge to every other fire Department in the County and many other challenges have been issued. In addition to providing a significant note to the Centennial celebrations much valuable publicity will be gained for Haldimand County providing a large number of contestants take part.

A Poetical Acknowledgement

Mrs. Rodgers didn't just acknowledge his invitation to the Haldimand Centennial with a "thank you." No she put his reply in a poetical way.

Here it is:

Mister Walker, of Jarvis the brave,
Your kind invitation glad to receive.
Yes, to be there on Thirty-first of July
We hope to be there, both my wife and I.
It was with a sense of keen satisfaction,
I viewed the faces on your invitation.
I live at five seven three Christie street,
And I hope to be there, be there for the meet.
My phone is MELROSE five nine seven eight,
For the July Thirty-first is a date.

To be in Jarvis again will really be nifty.

THE BACK SEAT DRIVER

Now you have heard
Of the Back seat driver
Who frets and stews well say
Well we know of a type quite different
He lives out Sardusk way.

Yes! on the Main street of Jarvis
One day last week
This gentleman hurried to enter his car
And quickly sat down on the seat.

Only to find, in disgust and dismay
He had made a wrong move, I fear
For sure enough - he had - yes —
He had put himself in the rear.

Now to be caught in such a spot was
A very embarrassing situation,
But there was only one thing to do,
Get out - and change his location.

Which he bravely did
And we are still wondering why
This should happen to such
A responsible guy.

Now in the future, no doubt,
He'll look things over quite well
And leave the back seat driving
To his good wife, Nell.

Garnet Must Win Next Three Games To Advance To Finals

— By Bill Martin —

At Dunnville on Monday night, Garnet were trounced eight to four by the Bright hockey team who now take a commanding two game lead in the best of five semi-final series.

Bright were full value for their win as they have a well balanced team from the net out and well coached, which means a great deal for any team. Garnet were definitely off their usual brand of hockey and except for the second period were very much disorganized BUT this disorganization cannot be blamed on the players alone, for after all, if they are not told what to do and also their mistakes by the proper authorities, how can they display a smooth working combination ?

Well, now that I have that off my chest (sticking my neck out again) I will go on with the hockey game.

In the first period there was only one goal scored and that went to Bright, B. George getting the score at the 6:45 mark. Bright had a slight edge on the play in this period.

After three minutes of play in the second period, Bright had a three goal lead on goals by F. Graham from Sculle at the 1:40 mark and D. Hewitt at 2:15. Garnet then started to play hockey and before the period ended tied the score at three all. I. Winger from J. Phibbs at 7:17 M. Walker from A. Phillips at 13:25. Twenty seconds later B. Nixon tied it up with A. Phillips and M. Walker assisting. Garnet displayed their best hockey of the night and had a good edge on the play.

There was no scoring in the first ten minutes of the third period, each team playing for the break and Garnet sure did, busting wide open and also their mistakes by the proper authorities, how can they display a smooth working combination ?

Bright were trimmed five goals behind Stallwood while Garnet scored one, J. Nixon from E. Phillips. Goal scorers for Bright were Graham, E. Pettigrew, T. Kaafman, A. Pettigrew and B. Graham. Penalties, nearly forgot them, five in all, three going to Garnet. No, folks, Meehan didn't receive one, sorry.

It was pretty difficult to pick any outstanding players for Bright, as they all played very good hockey. Best for Garnet were A. Phillips, M. Walker, B. Nixon, G. Miller and E. Phillips on defence.

THINKING OUT LOUD

Talking about pro teams robbing the cradle for hockey talent, Garnet are going one better They have received permission from Gordie Miller to sign the new addition to the family for the future hockey team. Congratulations goes out to Mrs. Miller, Gordie and family.

BRIGHT 8 — GARNET 2

FIRST GAME

Garnet were defeated by Bright in the first game of the best in five series eight to two. This game was played at Platteville on Friday night. The Garnet team travelling by bus finally arrived at the arena about 9. P.M. on roads that were not fit for travelling, and then sat in the bus till 9.30 until the management arrived to turn on the lights in the arena. The game, I understand, finally got underway somewhere around 10. P.M. Bright took a two to one lead in the first period on goals by R. Scott and L. Pettigrew. J. Phibbs scored the lone tally for Garnet.

In the second period Bright outscored Garnet three to one on goals by T. Kaafman (3). J. Phibbs scored for Garnet on a pass from R. Phillips to make the score five to two. Bright added three more in the final period. D. Hewitt getting two goals and B. Graham one to make the final score eight to two in favour of Bright.

Am sorry that I could not cover this game, but from reports, the game was closer than the score indicates as most of these goals were of the lucky type.

From the scoring point of view it looks like T. Kaafman and D. Hewitt were the big guns for Bright.

The players on the return trip did not arrive at their destination 'till the wee small hours of the morning (4. A.M.). It is amazing what these players will go through to play hockey and if they do not come home with the silver, I think they should be given a lot of praise for their efforts.

Red Kelly Too Good for All Star Team Says Tommy Ivan

According to Coach Tommy Ivan of The Detroit Red Wings Hockey Club, leaders by a wide margin in the National Hockey League race, defenceman Red Kelly is so good he probably won't make the 1949-50 National Hockey League all-star team.

"Kelly is the best all-around player in Hockey and also the most under-rated," says Ivan.

The Red head from Woodhouse is in his third season with the Red Wings, and has led N.H.L. defencemen in scoring eleven goals and twenty-three assists for a point total of thirty-four.

Ivan said the grandson of genial Joe Owen, of Jarvis, has been a whiz in every position in which he has been used. He added he could understand why rival coaches would have a tough time finding him an all-star berth.

Besides being a solid wall on the blue line, Kelly has starred and is still starring in the Wing's potent power plays and is rated by Ivan as the team's most effective penalty killer and has played center as well.

"Kelly has just about everything a coach could want in a hockey player — including clean living and keeping in condition — but he may be too versatile for his own good when it comes to passing around league honours," Ivan complained.
