McCORMICK
No. 64 Combine
Biggest of the 6 footers

Many farmers report working a full gear faster because of the No. 64's big capacity. The extra big feeder—largest of any combine with full width cylinder—feeds short or shoulder high crops evenly into the cylinder. No slugs, no slowdowns even in thick tangled crops. Saves all the crop, putting extra dollars in your pocket. Call in and let us tell you how you'll finish harvesting faster and do it better with a new McCormick No. 64 Combine.

DO YOU KNOW -

As I was walking down town the other day I met a friend of mine and we stopped and began to discuss the election. "Well," said this friend of mine said, "I think it is time for a change. The Liberal Party has been in for a long time and I think we should give the other side a chance."

I agreed that perhaps he had a point there, but after I had gone home, I began to think about what a change in Government would mean to us. Would it be the best thing for the country after all? Let us take a look at some of the things our government has accomplished during its tenure of office:

In the field of NATIONAL HEALTH in the past five years in spite of the increase in population the number of infant deaths has declined from 16,333 in 1947 to 14,584 in 1951, a total saving of 10,000 young lives.

HOSPITAL ACCOMMODATION has been increased by 46,000 beds in 144 communities, an overall increase of 35 per cent in hospital facilities.

TUBERCULOSIS death rate has been cut by half and 25,000 TB patients have been provided with free streptomycin treatment.

In the MENTAL HEALTH field there are now 77 clinics available to the public compared with only 17 in 1948.

CANCER diagnostic services have been provided to more than 100,000 Canadians and modern radiological equipment has been supplied to hospitals and public clinics.

More than 4,600 HEALTH WORKERS have been added to hospital staffs and municipal health departments and several thousand have received grants to pay for advanced training.

These are a few samples of the National Health Plan's accomplishments. The real achievements have been the salvaged human lives and the repaired minds and bodies. This programme has attracted admiration and praise from outside Canada. A few months ago, Dr. J. H. Means, former professor of medicine at Harvard University, wrote in the Atlantic Monthly that Canada is far ahead of the United States in its emphasis on the Government's role in national health and welfare.

Consider the grant to some 800,000 old age pensioners who have reached 70 as compared to the previous 270,000. Think of the feeling of pride and independence that this has given to scores of elderly people formerly living on inadequate pensions and now able to enjoy security in their declining years.

Mr. Abbott is the first Finance Minister in the free world who has cut taxes since the war - in 1954 collections will drop by $1 Million daily. Two million families will draw $360 million in allowances for 4½ million children in 1954.

Our national product is now $24 billions against $5 billions in 1939, according to the Hon. Paul Martin.

The Liberal record of achievement is living and vibrant!

As I read Hansard, it is very evident that the Opposition bitterly fought against these and other items of social legislation. To-day the Opposition is only too anxious (in word at least) to increase all these benefits

Do you think the Opposition can offer anything better and still reduce taxation?

Blazing Tractor Threatens Buildings

A tractor caught fire on the farm of Kenneth Saunders on Wednesday morning which for a time threatened the re-built home that was destroyed by fire last year.

The fire started as William Saunders was putting gasoline in the tractor from an outside storage tank. In some manner the gasoline ignited and set fire to the tractor. When the blaze broke out the hose from the storage tank was dropped and the gasoline from this source sprayed out on the ground, thereby feeding the flames. After great effort by Mr. Saunders and his son, William, they succeeded with the use of a nearby pile of sand to extinguish the blaze in the storage tank. They then managed to tow the burning tractor away from the house and implement shed, both about equal distance away from the spot where the tractor took fire.

The Jarvis Fire Department responded to a call and made good time to the fire. With the use of the fog nozzle and chemicals the flaming tractor was brought under control, but not before considerable damage was done.

School Children Visit Milk Plant

School children from School Sections No. 3 and 5, Houghton, and No. 3, Walsingham visited The Marshall Dairy Ltd. on Thursday afternoon, to see the various processes involved in a modern Milk Manufacturing Plant.

Before arriving at Jarvis the children had visited The Rock Gardens and Museum in Hamilton and the Gypsum, Lime and Alabastine Co. at Caledonia. They were travelling by chartered bus on the tour.

The teachers in charge of the children were Mrs. E. Nethercott, Miss Marion Nethercott and Mr. Hubert Lounsbury. The parents of many of the children produce milk that is shipped to The Marshall Dairy Ltd., which added to their interest in the local plant.

—O—

Mr. and Mrs. Leighton B. Holmes left yesterday morning for Calgary, Alta. They are travelling by air both ways via Trans-Canada Airlines and plan to spend two weeks in Western Canada.

Public School Results

JARVIS PUBLIC SCHOOL

The following is the list of enrolments by Grades for September in Jarvis Public School. This is the result of promotions made on June 26 and registrations for the beginners which were taken some time ago.

The expected total enrolment for the school is 136. This compares with 119 at school opening in September 1952 and 93 in September, 1951. The closing enrolment in June 1951 was 88. It is now 127.

As a result of this large increase in enrolment a fourth room is to be opened for September. Rooms and teachers will be as follows: Room One, Grade 1 and Part of 2 - Mrs. Smitherman. Room 2 - Remainder of Grade 2 and Grade 3 - Mrs. Franklin. Room 3 - Grades 4 and 5 - Miss Saunders. Room Four - Grades 6, 7 and 8 - Mr. Harvey Slider, Principal.

Mr. Guy Lethong has again been engaged as janitor and it is expected that Mrs. Winger will continue as Music Supervisor.

Grade One (26) - Ronald Smith, Wayne Person, Nadine Butts, Danice Winstanley, Beth Walker, Alice Anne Graham, Janet Church, David Fess, Nancy Dale, Sharon Burk, Wm. Hamburg, Robert Hoover, Walter Cassidy, Karen Kitchen, Patricia Church, Joyce Bartlett, Robert Bartlett, Penny Lee McDonald, Gerky Kramer, Paul Fish, Sharon Jamieson, Ernie Person, Donald Patten, David Patten, Norman Heastont and Bobby Akenhead.

Grade Two (28) - Rosalie Andrews John Arrowsmith, John Banks, Kenneth Blund
