Hockey Notes

— By Allan Awde —

Hockey fans, here it is - the hockey column of the current year. It's been another busy year for us as most of the hockey has been written after the hour of 9 P.M. on Tuesday evenings.

Norfolk Hockey League finish up a sour note as Windham came out of the finals after losing games to Port Dover, who are the league champs. Apparently Windham could not stand to lose straight games which it looked as if they would.

Port Dover Arena enjoyed a good season with the installation of artificial ice and had the two teams which used that Arena for training the season, managing to get through a couple of rounds of O.H.A. hockey the Arena would operation.

In the Erie League, Fisherville and South Cayuga are in the second round of the O.H.A. playoffs in their respective groups.

From hockey for a few moments, Norfolk rumours are floating around. We hear that an entry from Caves may be in the Erie League which would no doubt make a difference to Selkirk and Nanticoke. However that's only a rumour, time will tell the tale. What's in store for the Ladies is also indefinite at the present time. Dunnville will likely be back to Jarvis, Simcoe Bell Telephones and at the present time we know what Selkirk or Waterford intend to do. On the local hills are certain to be minor players but with several of the team still around plus the crop of some youngsters, it's likely the local fans can be assured some good ball games on the diamond.

Back to hockey. We'd just like to tell a certain resident of the Norfolk district, who cheered so loudly for Milton when they played last that the last game between Milton and Port Dover didn't do any better in print or on the ice than the last game between Garden Milton. - Remember?

Jarvis Lions discovered that they boasts of several good players on their Lions membership when they went down to a 3 to 0 last Friday evening in the Dover Arena. Regardless of the score, Jarvis still came home with the cup. It's probable that a game between these two teams may be in the offing and the boys have sworn to get revenge.

Guess, it's quite possible that our last column of any description in regards to sports. This year we find it more difficult as the time to write the weekly column on the local sports scene. Lots of good deal of pleasure over the seasons to bring you the achievements of the football and hockey teams. If you enjoyed it, then we're more happy. If we don't return, hope your hits be home runs, may your shots be scores and the best wishes to all.

Act Puts Curb On Edible Oil Industry

Toronto (Special) — The government has laid down its policy on edible oils and it has the unanimous support of the Legislature but there still may be repercussions.

After some study of the new legislation, which was introduced in Toronto day and given second reading yesterday without a dissenting voice, it is being realized that it imposes drastic curbs on the edible oil industry.

It is replacing previous legislation which the industry thought was too broad and gave the Minister of Agriculture too much power. But the remedy may prove worse than the disease.

The new legislation does take a way the power which was formerly given the minister to regulate the industry. But it replaces it with statutory limitations which are much more strict than anything which had been indicated before.

Certain established branches of edible oil manufacturing will probably be knocked out completely under the new legislation.

SUBSTITUTES WILL GO

These include makers of "toppings" and substitutes for whipped creams. Under the old act they would have been able to stay in business though they might have had to change the name of their products if they resembled butter. But under the new legislation now before the House they won't be able to manufacture them even if they have used any milk, which most of them have.

Premier Frost made it clear in the House yesterday on the second reading that the edible oil industry had brought on this control through the lobbying campaign it had waged. Among other things he accused it of "distortion."

There may be kickbacks against the government, however when the full effect of the legislation is felt, if it goes through in its present form.

It should mean that many pastries with "cream" fillings will disappear from pastry shops. And the substitute whipped "creams" will be removed from grocery shelves. The latter have had a very wide sale in recent years.

N. R. Pond Marks 78th Birthday; Is Still Actie In Trade

Today, April 2nd, is the Seventy-eighth birthday of Mr. Nathan R. Pond, one of the Village's oldest residents and still active businessmen. In his many years of invaluable service to the community in his chosen trade as a blacksmith, Mr Pond has retained a wide interest in local affairs and the many activities of the Oddfellows Lodge.

In 1941 Mr. Pond concluded a very lengthy period of service on the Council. A period which started in 1917 through 1919, then again from 1921 to 1926 and again from 1934 and concluding in 1941. A total service of seventeen years.

On February 10, 1953 the Jarvis Lodge 191 presented Mr. Pond with a Fifty years jewel for his continuous membership.

Mr. Pond has always lived in this district of Walpole Township, having been born on the Pond homestead at Sandusk. He is one of ten children of the late Mr. and Mrs. Richard Pond (the former Anna Hoover). In 1895 he apprenticed himself to the late Thomas Westerby at Sandusk, as a blacksmith and two years later in 1897 moved to Jarvis to work under the late Allen Ross in the building now used as a workshop by Walter Mills. Following a year working in Western Canada Mr. Pond returned to work here under the late Lewis Miller, west of Jarvis on the property now owned by D. C. Allen. In 1905 together with the late Albert Booth the business was bought from Mr. Miller to become "Booth and Pond." In 1909 Mr. Pond married Miss Daisy Stanfield, of Dixie and together they still live in their first home on Main Street.

The business was moved to its present premises on Peel Street in 1925 and Mr. Pond is continually busy, but even more so in the spring - repairing the many and varied kinds of farm implements.

New Telephone Books Issued

Telephone subscribers in Jarvis are receiving a bonus with their 1953 directories.

A blue-covered "Telephone Numbers" booklet is being mailed to subscribers here along with each copy of the new directory.

D. A. McArthur, Bell Telephone manager for this region said this week that the booklets are being distributed to enable telephone users to compile a handy list of both the local and long distance numbers they call frequently.

"Use of the booklets is designed to increase the proportion of long distance calls placed by number and to reduce the number of non-essential calls to Information," Mr McArthur said.

"Placing long distance calls by number results in faster service because the operators with whom the calls are placed can complete them without first having to consult information," he explain .

The new directory, which has a buff cover to distinguish it from last year's green-covered book contains more than 15,000 new and changed listings. Because of this, Mr. McArthur suggests that subscribers check any personal list of numbers against the numbers listed in the new book before entering them in the "Telephone Numbers" booklet.

Bonita Jarvis, the book also contains listings for subscribers in Brantford, Simcoe, Woodstock, Ingersoll, Paris, Tillsonburg and the surrounding territory.

Reflecting the growth of this area is the fact that it was necessary to print 47,246 copies of the directory to supply subscribers this year, compared with 45,447 copies of the 1952 book.

The Past Noble Grands Club held their March meeting at the home of Sister Flora Dosser on Thursday afternoon with fourteen members present. The President, Sister Clara Elliott presided over the business of the Club, and Sister Daisy Pond read the minutes of last meeting. The Treasurer's report was very satisfactory. The next meeting will be at the home of Sister Martha Walker, on April 23. Lunch committee to be Sister Ethel Leathong and Mary Marr.

The meeting closed by observing one minute's silence in respect for Queen Mary and singing "God Save the Queen" after which a very pleasant social hour was spent.
