West Haldimand Ministerial Assoc.

Balmoral United Church was the September meeting place of the West Haldimand Ministerial Association, with the president, Rev. Paul Nigh, in the chair. The host minister, Rev. James Dorrian, conducted the devotions. Plans were made for the next meeting to take place in St. Andrew's Presbyterian Church, Hagersville, on October 21st at 8 p.m., when Mr. J. M. Veldhuis of Waterford, missionary on furlough from Dutch New Guinea will be the guest speaker, illustrating his address by coloured slides, to which the general public is invited. The speaker for the morning was Rev. Percival Mayes, of Cayuga, who told of his impressions of the World Boy Scout Jamboree which he attended recently at Sutton Coffield, near Birmingham, England. In closing the speaker commented on the missionary zeal of the Church in England and expressed the appreciation of the English people in the words of an English lady, "Take my love to Canada, God bless Canada." We don't forget what the Canadian nation did during the war. Prayer and Benediction given by Rev. B. Simmons brought a very interesting meeting to a close.

Advice Given To New Canadians

Editor's Note: The following address was delivered to a group of New Canadians who received their citizenship certificates at the Court House in Cayuga on Monday morning by Judge Helen Kinnear. Judge Kinnear kindly consented to allow us to reprint the text in this issue of The Record. We were deeply impressed with the content of the address and are sure all of our native Canadian readers will profit from a careful perusal of it.

Ladies and Gentlemen:

You are an unusually small group of men and women to be taking your oaths of allegiance and receiving your citizenship certificates at a regular court sitting. You may count yourselves fortunate however that you are being made Canadian citizens at this particular time for two reasons. The first is that between the time you applied for citizenship and today you have had a practical lesson in how Democracy works in Canada. You have seen our country, now your country too, carrying through a general election. You could not help but see from the result of that election that the votes of our citizens really count for something and that it truly the people who say what party is to govern us. You could not help but see how important every vote is because there is little doubt that the result was a surprise to everybody even to the new government itself. It surely shows that the people were thinking, not just blindly casting their ballots. They apparently felt it was time for a change and acted that by their votes. That happy again from time to time Canada in the future as it always is in the past. That is what happens in a true democratic country. That is the way we have as a people of running our country. We choose the government and it is our servant. During this past election you merely chose. You had no vote. You will in the next time. Be sure to use it, both of you, and to satisfy yourself as to why you should cast it one way or another. How you vote is your ballot is secret.

Of course you know that we vote differently than people do in Australian countries, a difference resulting in true freedom for us, subject to for them. When we vote one government out by our ballots we are putting another government in. You say in effect, "We do not want any longer. We think some other party will suit us better. We are saying that other party a chance." In Australian countries, when a man goes to cast his ballot, he can only say "yes" or "no" as to whether the existing government will continue in power. If enough people should vote "no" the result would be that there would be lawful government left at all, that would be anarchy. Experience has shown that most people in such countries are afraid to vote lest they be afraid not to vote at all. Such a vote is a mockery. We have just had a good lesson in how it works in a free country where democratic country—you have learned that lesson before you had the vote. That is the first reason why you are fortunate in becoming citizens.

The fact is that you have been just one week before a big event will take place which you will be able to enjoy much better because you have seen it yourself. For the first time in our history, a reigning Queen will open Parliament. Our Queen, Elizabeth II, will do that. She will make a speech from the throne. That speech she will read will be another lesson in free government for you. When Her Majesty reads that speech she will be telling the people what the government will be telling the people, what it intends to do during the session of parliament. And the people have entrusted their welfare will be telling them through her how they intend to carry out that trust.

We are all happy that parliament is to open on Thanksgiving Day, a holiday that will leave most of us free to see the opening on television or to hear it over the radio and I hope that you will make it a point to do so. Some of you do, remember that this is truly now your parliament. Section and Her Majesty Elizabeth II is now your Queen. You may be proud of her, and happy that you have seen the colorful ceremony that you are Canadian citizens.

Often we say that there is equality of opportunity in Canada for all of us, that we all have the same chance. That is what we hope always true because, of course, we are not born equal in health and intelligence as we should be. We make of your new chance, you also depend in part on the way we help each other's rights. This country is free and we see that every one race, colour, creed protected by the law, to always succeed in life only to see what the United States country is hard it is to wipe

Today, one small group of agitators in one state is injuring the good name of the whole United States by its efforts to prevent native born children from attending schools with white citizens, irrespective of the colour of their skin. Do not forget however that the United States government has declared that these children will be protected, that they have the right which the law gives them to attend these schools and the government is seeing that this is accomplished. We, as Canadians, have no right to be critical of what is happening in the United States until we are able to show in a practical way that there is no intolerance here, that we respect the rights and the dignity of every other citizen in the same way that we insist on our rights.

I hope that each of you will find a real welcome here, that you will find that your neighbours, the members of your community, the members of your church, are anxious and willing to help you in your efforts to establish yourselves as good Canadian citizens and I hope that you in turn will lend a helping hand to new comers to our country for whom the way may be difficult. I wish you well.

"Flu" Causes Delay In Garnet-Badenoch Final

With one game apiece in the Semi-Final O.R.S.A. intermediate "C" playoffs, the third and deciding game was postponed on Monday night when several of the Garnet players were laid low by the "Flu."

The series opened on Thursday night of last week at Hagersville, and Garnet came out on top, after 14 innings, by a score of 6-5. The second game was played at Badenoch on Saturday night which saw Roy Jepson's boys drop a 5-1 decision. The third and deciding game was to have been played Monday night at Badenoch, but Manager Jep-son was simply unable to field a team with several of his key players on the sick list.

A postponement was requested by President Lindsay of the Erie League and it is hoped the team will be ready for action later this week or the fore part of next week.

The "Flu" bug had started to work on the team before the second game, played last Saturday night, but by Monday the ace nurler, Dave McBurney became another victim which precluded any possibility of fielding a team for this important game. Settlement on a definite date for the final was uncertain at press time.

"Flu" Epidemic Closes School at Caledonia

The "Flu" epidemic which has had an affect on school attendance in this area resulted in completely closing out classes at the Caledonia High School on Monday. Out of a total enrolment of 270 pupils only half showed up for classes on Monday morning.

Principal A. J. Fawcett decided the students should return to their homes. The decision of the Principal was discussed at a meeting of the High School Board on Monday night and it was decided to keep school closed until Wednesday, October 16, which would be the normal opening date after the Thanksgiving week-end holiday.

Principal A. C. Smith at the Hagersville High School reported 70 absent on Monday morning. He hoped it would not be necessary to close the Hagersville school and did not intend to take that course unless the epidemic grew.

New Churches Organized

Because of the tremendous growth of the local Ebenezer Christian Reformed Church, it has become necessary to organize two daughter congregations. The church numbered 72 families when the present pastor Rev. John M. Dykstra, came to Jarvis in 1952. Recently the congregation numbered 150 families, comprising a total of 526 individuals. After requests for the organization of two new churches was approved by Classis Hamilton last month, a new congregation was organized by the Jarvis Consistory at York last week (Thursday). The new Christian Reformed Church at York has 24 families. A new Christian Reformed Church of Simcoe was organized in Simcoe by the Jarvis Consistory last Sunday afternoon, with 29 families. The Church has been doing very well since its organization, with about 23 families, in 1948. The congregation girls and boys of boys and of the congregation have become Canadian citizens since their arrival from the Netherlands.

Balmoral Ladies' Auxiliary

The Ladies' Auxiliary met Thursday, Sept. 26th, at 8 p.m. at the home of Mrs. Wm. McNiece, Jarvis. The meeting opened by the president, Mrs. Kenneth Bousfield offering prayer. The devotional part was given by Mrs. Gerald Hoover reading Revelation 3-18-21. Mrs. Hoover brought out many spiritual and inspiring thoughts relating to the portion of scripture she had chosen. She also read a poem entitled "Two Mites," which was much enjoyed. Roll call was taken with 11 ladies present. Minutes of the last meeting were read and adopted. Several letters were read from missionaries who are ministering down in Quebec. They also thanked us for the boxes of clothing which our Auxiliary had sent. Time was spent on sewing on the layette and crib quilts. We hope to finish these projects at our October meeting. The meeting then came to a close. A delicious lunch was served by the hostess, assisted by Mrs. Donald Sloat.

Move To Abandon Passenger Service

The Canadian National Railways has made application to the Board of Transport Commissioners to discontinue the local train service between Port Rowan and Hamilton. The proposed date for the last run is the end of October.

It is understood the move will affect only the passenger service and tickets between these points held by railway patrons will be honoured by the Canada Coach Lines.

For several years now the local train has been carrying a passenger car chiefly for exercise. The line which once extended the best, if not the only means of transportation between these points has been used very infrequently and certainly not by the people living along the line.

BAKE SALE & AFTERNOON TEA

St. Paul's Church will hold a Bake Sale and Afternoon Tea in the Parish Hall, on Saturday, October 12th, at 3 p.m. Everyone welcome. 40c

Many people probably wondered at the long line of cars that was seen on the roads of South Walpole on Tuesday. This was the Town and Country Conference of the Diocese of Niagara going on its "Field Trip." The Conference opened at All Saints Church, Hagersville, with a celebration of Holy Communion conducted by Archdeacon Wase. This was followed by an address given by the Rev. W. A. Young, Chaplain of the O.A.C. at Guelph. He spoke on "Conservation" and his address provoked a lively discussion. Lunch was then served by the Afternoon Branch of the W.A.

In the afternoon the Field Trip took place. This was organized and conducted by Mr. A. Gordon Skinner, the County Agricultural Representative. The group visited the turkey farm of Mr. Albert Pond, then proceeded to the Jarvis Hereford Farms, where they were welcomed by Mr. Glen Reicheld, who exhibited some of his prize Herefords. Alfalfa was another object of interest, and a stop was made to see the crop at the Kindree farm, and a tour of the field of the William Snowden farm, where a fine herd of Holsteins was also seen.

Another farm visited was that of John DeWitt, for general farming, especially as regards dairying. At each stop the owner gave a short address and conducted the exhibition of the objects of interest. Addresses were given by Mr. Albert Pond, Mr. Glen Reicheld, Mrs. John DeWitt and Mr. Wm. Snowden.

Supper was served by the ladies of the Cheapside W.A. in the Community Hall. This was followed by Evensong at St. John's Church, conducted by the Rev. A. Wood. A fine sermon on "Conservation as a duty to God" was delivered by the Rev. E. H. Bowden Taylor. So ended a most interesting and profitable day.
