You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes: "Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills to my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."

The Arizona Kicker.

The last issue of the Arizona Kicker contains the following cheerful paragraphs:

"Not a Success.—Last Sunday night soon after 11 o'clock, some gentleman whose identity is unknown to us, fired a charge of buckshot through the side window of our editorial room directly at the spot where our cot is usually placed. If it had been there we should have been inquested on and buried ere this. But the cot wasn't there. We are not sorry, but we are annoyed. We haven't slept twice in the same spot for the last twelve weeks. We have learned the ways of this community at considerable cost and trouble and we don't propose to plant ourselves as a midnight target."

"We feel sorry for the gent who wasted his energies and ammunition. He doubtless went away from the window feeling that he was entitled to credit for doing a smart thing. Come again, old chap."

"CAN'T TELL YET.—The Boston Acme Opera Company is billed for two nights next week at Carter's Hall. This may be a first-class combination, or it may be a snide show which our people should give the cold shoulder. No tickets have been left at this office up to date, and we shall not express our opinion in this issue."

"NOT THIS YEAR.—A correspondent who signs himself 'P. D. Q.' wants to know why The Kicker doesn't pitch into the Board of Aldermen for its corruption, and he adds that every mother's son of them could be sent to prison for a thief. We don't doubt this assertion in the least, but we are not saying. We have the city printing this year at a good, fat price, and are not saying a word."

"RETURNED.—Major Jim Smith created quite a sensation by descending from the stage as it reached town last Friday evening. We had no sooner notified him that his subscription to The Kicker had expired than he handed us two big silver dollars for a renewal."

"The major has put in the past year in state prison, having been sent there by mistake, as his friends are convinced. He served his term like a man, and has returned to the bosom of his family and society. He has cards out for a 'high coffee' day after to-morrow, and the elite will be there in legions."

The Wilson Scales.

We would call attention to the advertisement of the Wilson scales. We seldom say anything in favor of articles advertised in this paper; but we cannot refrain from saying something in favor of the improved Wilson scales, because any person having anything to do with scales will acknowledge them as a true standard of correctness, and the largest concerns in the country are using them in preference to any other make. We would like every farmer to have one of them in his barn, and not take the word of the buyer every time he comes to town to sell his grain.
