HALDIMAND JUNIOR FARMERS PLACE HIGH AT WINTER FAIR

The Inter-County Live Stock Judging Competition held annually at the Royal Winter Fair, has long been considered the Championship Contest for Junior Farmer Teams. This year Haldimand enjoyed its best success ever, when the team representing this County placed third in a field of 19 top teams from all over Ontario. The highly successful Haldimand team included Ralph Cherry, R.R. No.3, Hagersville, Walter Dickson, R.R. No. 4, Dunnville and Leslie Pew, R.R. No. 4, Jarvis. The boys scored a total of 2581 points out of a possible 3000, for their day's work. Ralph Cherry had the high individual score which was 875 out of a possible 1000 points.

The order of the final placings of the County teams and third in the competition were as follows: 1. Essex, 2. Peel, 3. Haldimand, 3T. Middlesex, 5. Oxford, 6. Bruce, 7. Huron, 8. Lambton, 9. Grey, 10T. Lanark, 10T. Brant, 12. Simcoe South, 13. Waterloo, 14. Carleton, 15. Prince Edward, 16. Halton, 17. Perth, 18. Northumberland, 19. Renfrew.

All teams were required to place and give reasons for their placings on three classes of dairy cattle, three classes of beef cattle, two classes of swine, one class of hog carcasses and one class of sheep. The winning teams and individuals were recognized at a special dinner following the competition. Several distinguished guests paid tribute by attending the banquet. These included the Hon. W. A. Stewart, Minister of Agriculture for Ontario, Dr. E. Lantz, Assistant Deputy Minister of Agriculture and W. P. Watson, Manager of the Royal Agricultural Winter Fair. All praised the contestants for their initiative upon which they were chosen to represent their counties, pointing out that it was not only the winners who would benefit by the experience which they had gained. All speakers at the banquet challenged the boys to continue to prepare themselves for the opportunities which are available in the field of Agriculture.

"THE OLD OWL"

HE WORDS OF THE PREACHER

ar day, as I sat in I heard the minister wonderful passage — and 12th chapters of es. As I heard I was how many people are acquainted with st words of wisdom, going to put them in m (with occasional in notes in brackets). the light is sweet, and that thing it is for the behold the sun. Yea, if e many years, let him them all; and remem days of darkness, for be many . . . Rejoice, g man in thy youth; thy heart cheer thee in of thy youth, and walk ays of thine heart, and ght of thine eyes: but for, that for all these God will bring thee into ment. Therefore remove from thine heart, and y evil from thy flesh. mber also thy Creator ays of thy youth; or e evil days come (old ed the years draw nigh, hou shalt say, I have asure in them: or ever n, and the light, and the and the stars, be dark nd the clouds return after rain; in the days when rs of the house (arms) tremble, and the strong (knees) shall bow themselves, and the grinders (teeth) cease because they are few, and those that look out of the windows (eyes) be darkened, and the doors shall be shut in the street; when the sound of the grinding is low (deafness), and he shall rise up at the voice of the bird (? nerves), and all the daughters of music shall be brought low; yea, they shall be afraid of that which is high, and terror shall be in the way (feebleness); and the almond tree shall blossom (white hair), and the grasshopper shall be a burden, and the caper-berry shall fail: because man goeth to his long home (death), and the mourners go about the streets: or ever the silver cord be loosed, or the golden bowl be broken, or the pitcher broken at the fountain, or the wheel broken at the cistern. Then shall the dust return to the earth, as it was: and the spirit return unto God Who gave it. This is the end of the matter; all hath been heard: Fear God, and keep His commandments: for this is the whole duty of man. . ."

These words are magnificent in any language, for us, in the majestic prose of the 1611 Authorized Version they rank among the highlights of English literature. One can only add that this scientific age needs the teaching of this passage as much as any age since it was written . . . perhaps more.

HAGERSVILLE ARMY DEPOT WILL CLOSE NEXT YEAR

The Hon. Paul Hellyer, Minister of National Defence, announced in the House of Commons last week, sweeping reductions in defence spending which is said to add up to $75,000,000 annually. A victim of the house cleaning will be the Hagersville Army Depot with about 250 civilian employees.

The men affected by the move reside in neighbouring towns and villages and could have serious repercussion on the economic life of the community. The news was softened somewhat by the announcement that several months may lapse before the lay-offs become final.

In the meantime, with the help of National Employment offices, and by their own initiative the men may find employment elsewhere.

Larry T. Pennel, M.P. for Brant-Haldimand, said in the Commons on Friday that the closing of the Hagersville Depot would deal a $1,500,000 blow to the community. He acknowledged he was caught between the competing demands of his constituency, in which the Hagersville Army Camp is situated and those of the National economy and changing defence requirements.

Resigning himself to the depot's elimination as part of the Government's drive to slash defence spending by $75,000,000, Mr. Pennel said the situation was such that the Government now had no alternative but to "cut the coat to fit the cloth."

Mr. Pennel served notice that he would maintain a constant watch over the local situation and keep before the Government a reminder that it had a responsibility to civilian personnel being displaced.

In the meantime the situation has created a great stir throughout the community. There is conjecture that the plant and equipment at the depot may be taken over by some manufacturing concern: a head quarters for the Emergency Measures organization - - - and other suggestions.

FORMER JARVISITE WINS LIONS CLUB DRAW PRIZE

R. C. (Bob) Bourne, of Grimsby, is no stranger in Jarvis. He has family ties here—on both sides of the house—and he used to make his living in Jarvis in the Teller's cage of the Bank of Commerce. That was a long time ago but his visits to the best little town in the land have not been too frequent over the years. He is happy he has made one of those visits last Saturday night, because if he hadn't he would not have sold Glen Reicheld ten $1 tickets on a Lions Club project in Grimsby and in turn received a ticket on the Jarvis Lions Club draw taking place that evening. It was a fine demonstration of the spirit of Lionism by these two old time members of the organization. Bob is sure the deal was a good one as he ended up with the winning ticket valued at $2,500. We're sure too he will try to draw Glen's ticket on the Grimsby project as a manifestation of his appreciation.

There was a good crowd at the annual Turkey Jamboree and 100 prime turkeys were raffled during the evening.

The door prize, a 20 lb. turkey, went to Mrs. D. Sternaman of Willow Grove. It was the second ticket drawn. Mrs. Bruce Schweyer's name appeared on the first ticket and almost had a turkey. It was discovered in time, however, that winner of this prize must be present when the draw is made. Apparently Mrs. Schweyer had left earlier.

The team played well but more skating practice would improve the ability of the boys.

The Governor heads 66 clubs throughout his district and the demands on his time are strenuous.

The official visitor was introduced to the club by Vice President Max Bowyer who said that "although he was small in stature he was a Pillar of Strength to Lionism. Lion Laird Miller thanked the Governor and presented him with a gift on behalf of the Club.

The Club made a grant of $300.00 to the Haldimand Rutland Children's School and heard a report by Lion Don Mitchell on the Ontario Department of Education, recreational school which was held at Grimsby. Plans were also made for the distribution of hampers at the Christmas season.

Lion Bob Miller announced that a Christmas party for the Children will be held in the Community Hall on Saturday afternoon December 21. There will be a visit by Santa Claus and a Puppet Show will be presented.

"The Risk Is Yours" is the topic of the Farm Forum broadcast on December 16th. This is mainly an information topic but it is certainly one that is of importance to everyone.

—O—

The Ontario Federation of Agriculture has proposed sweeping changes in the administration and financing of municipal affairs.

In a brief submitted recently for consideration by the Ontario Committee on Taxation, the OFA proposed that property be required to pay for services to property and that people be required to pay for services to people. In other words, the OFA has suggested that while the cost of services to property such as roads, administration of property titles, and property protection should be raised through assessment of taxes levied against the land, the cost of education, welfare, and justice should be raised by retying taxes on people.

Among other things, the brief called for a check on public spending, the standardization of school buildings and standardization of school text books. The brief contends the present system of Provincial grants for educational purposes lends encouragement to extravagant spending and points out this extravagance must, in the final analysis, be borne by the taxpayer.

While the OFA is opposed to the principle of assessing taxes against property as a means of raising money for social services, the proposal was made that if this practice is continued, the costs should be apportioned on a per capita basis and that a minimum and a property tax should be established.

Further recommendations contained in the brief included changes in the Assessment Act which would require an assessor to show cause for his assessment. Under the present Act this is not a requirement.

The OFA took cognizance of the many changes which have taken place in recent years by drawing attention to the fact that due to the mobility of people, a large portion of the labor force may reside in one municipality, and obtain employment in an entirely different municipality. Because of this, industrial and commercial taxes may bear little relationship to the services required. In other words, while employees work to produce wealth in one municipality they frequently demand services such as education, justice and social welfare from an entirely different municipality.

The OFA suggested that the present system of assessment and taxation is antiquated, inequitable and in dire need of revision.

In 1941, one married woman in twenty was working. Today the figure is nearer one in five. Married women make up almost half the female labour force in Canada today. Is it a good thing for women to desire a job in preference to making a home. What is happening to the place of women in Canada today.

IN MEMORIAM

DOUGHERTY—In loving memory of a dear wife and mother, (Mame) who passed away December 13th, 1954.

Resting where no shadows fall
In perfect peace she awaits us all
Our God links the broken chain
As one by one we meet again.

Lovingly remembered by Lorne and Sanford.

FIELD—In loving memory of a dear Dad who passed away December 11th, 1959.

Memory drifts to scenes long past,
Time rolls on but memories last;
Sunshine passes, shadows fall
Love's remembrance outlasts all.
