Man's 8M TOE RUBBER—for left shoe, on the former Richard Person farm Janeway, No. 3 Highway. Owner may have same by asking at the Record Office.

HALDIMAND MILK COMMITTEE MEET

Mr. Dyment, representative on the Ontario Milk Board, was guest speaker at the first meeting of the Haldimand Milk Committee on February 28th. He reported on meetings he has attended recently regarding equalization of milk price across the province, price adjustment in some markets and higher production costs in the north A price formula to fluctuate with the cost of living index is hoped for.

Scare diets and the adverse publicity to dairy products was noted. Industrial milk has risen approximately 14 cents and any further adjustment will be announced in the Dairy Policy April 1st

It was decided the Milk Committee would sponsor the Dairy Princess competition.

Importance of improvements to become Grade A shippers was stressed.

Any farmer can call the Agriculture Office, Don Henry will be glad to advise on regulations and improvements

—O—

Eighty per cent of the deaths in car crashes are pulled out by frantic rescuers — and many are made worse, or even killed, by the intended assistance, says the Ontario Safety League. Crash casualties should be left where they are until trained help comes. They should not be twisted, turned or moved.

IN MEMORIAM

MIRRONS—In loving memory of Vernon, who passed away 8 years ago, March 30, 1961.

To think of him in silence,
His name we oft recall.
There is nothing left to answer,
But his picture on the wall.

Always remembered by his Ma Dif and children.

PEPPER— In loving memory of our Grandpa, who passed away March 31, 1965.

Silently the angels took Papa
Into the mansion above.
Here shall he rest from
Earth's toil,
Safe in the arms of God's
love

Always remembered by his Grandchildren Dennis, Barb, Sandy, Kathy Gibbons.

PEPPER —In loving memory of our dear Grandfather, Wallace Pepper who passed took home to Heaven one year ago March 31, 1965.

God saw he was getting weary,
And did what He thought best,
He put His arms around him,
And whispered "Come and
rest".

Go to you who have a father,
Cherish him with care.
For you will never know the
heartache
Till you see his vacant chair

So dearly missed and always remembered by daughter Vivian, son-in-law Earl and grandchildren, Julie, Valerie, Shelli and Sherri.

"THE OLD OWL"

"99 BOYS AND A YEAR"

Out west, in Manitoba, there is a very remarkable school. It is called St. John's Cathedral Boys School, but there is nothing o f the cathedral about its buildings which are patterned after Army Barracks. The boys have plenty to do beside their studies, and they all live in the school. Besides a very thorough academic course they have housework and barn chores to do. They have no T.V. and no "dates", but they do have rather fantastic extra jobs every now and then. The boys pay $65 a month and there is a long waiting list. It is not a school for special cases but for normal healthy boys. They run a farm to help pay their way and engage in other activities to that end. They also receive private gifts. The name is due to the fact that the school developed three years ago out of a spare bedroom for the Cathedral choir boys. In age they run from Grades 6 to 12, with most in 10 to 16.

They bought a hive of bees, thinking to make some money, but they didn't. Somehow the bees got into the school curriculum, as objects of study and the boys made some remarkable studies of the life in the hive. This is only a sample from the school's curriculum. The school is definitely Christian (Anglican) although it has boys of different denominations. The Christian faith is taught just as Mathematics or any other subject. There are three divisions: Apologetics, Ethics and Technology. The school authorities are dead against treating religion as an extra. They also have a course in logic, and somehow the boys are involved in this. It was decided that French must be taught but none of the teachers knew French, and they wanted it to be conversational, not text book French. So one boy who had to learn as he went along. They got help from St. Boniface College and radio broadcaster. The boys have a home work and one of the assignments is to translate about 400 words a night. There is a special dining room where only French is spoken and each boy must eat one meal a day there. They also speak French while washing, the dishes and doing the barn chores. Last summer three boys went down to Quebec City to work in super markets. Each boy stayed with a different family where the only language was French. Another boy got a job with a French farmer.

The teachers wanted to see how their teaching prepared the boys for the Provincial Department exams, so they got a teacher who had marked such papers to run a test. The subject chosen was History. Grade II. Nine boys took part. Four were just ordinary and they were given instruction that was largely memorizing. Five were somewhat brighter and they were given extra reading and required to do more studying. The four memorizers passed easily, of the five intelligent ones three failed and two just passed. The trouble was that they knew too much and wrote extended answers whereas all the Department required was memorization. No wonder our children think history dull if that is what is required in Ontario Next year they are going to emphasize the Department points and teach real history as well. I quote from the School Annual Report "History does not consist of a number of points but in the affairs of people. History should be taught as a study of what people did, which makes it more human and interesting. "History serves Society as memory serves man. Without it false conclusions will be reached through failure to exploit experience".

By knowing how our ancestors reacted to certain situations we can learn how to face similar situations in our own day. We may be living in the atomic age, but it is still fundamentally the same old world

There is much more about this school that is interesting, including our athletic and other activities. I hope to tell about these in another article.

AT THE CHURCHES

LAURAL LADIES AUXILIARY

The March meeting of the Laural Ladies Auxiliary was held at the home of Mrs. Teal Hagersville.

The meeting was opened with a hymn, followed by prayer by Mrs. Slote A letter was read from the Schells in France. Roll call was answered with suggested projects for the coming year. A nominating committee was elected.

Mrs. W. Irwin read Psalm 91 followed by prayer and a hymn. Mrs E. Pitt read a poem "A Psalm, To Live In Home Without A Bible?" Then there was a season of prayer with Mrs. Gibbons and Mrs D. Slote.

Lunch was served by the hostess assisted by Mrs. Clark and Mrs R. Clarke.

The next meeting will be at Mrs. Gordon Marshall's in Cayuga on April 28th.

KNOX LADIES TO MEET

Knox Church Ladies Aid and Missionary Society will meet at the home of Miss Helen Miller on Thursday, April 5th at 2.15 P.M.

—O—

MILK COMMITTEE EDUCATIONAL MEETING

It was announced at the second meeting of the Milk Committee on March 14th that Mr. Palmer, of Quality Control for the Dairy Branch of Ontario will speak on requirements to be a Grade A shipper and to ship a quality product. At the Educational meeting for dairy farmers of Haldimand. This to be held at Kohler on the evening of April 25th.

The annual budget was drawn up and submitted to the Ontario Milk Board and committees were set up for the Dairy Princess contest, chairman Bill Oster; the Annual Meeting, chairman Harold Cruickshank; and a publicity committee, chairman, Blake Stadder.

Gordon Harkness, fieldman for O.M.M.B. starting April 1st can be reached by writing head office or phoning 679-4045

Mr. Harkness explained increase per point butter fat on secondary milk, and that trucks are had applied for a raise.

A resolution was prepared for submittance to the Ontario Milk Marketing Board.

WEST HALDIMAND W.I. SPRING MEETING

The Spring meeting of West Haldimand Women's Institute was held in Wesley United Church, Jarvis, on Monday afternoon, March 21. Mrs. Harcourt Kern, president, and Mrs. George Smith, secretary, conducted the meeting.

Varency Branch were the hostesses for the afternoon and gave a warm welcome to all present.

A discussion was held on the Tweedsmuir History Competition. Caledonia and Mount Healy Branches stated they were entering books Several other branches indicated they would also enter the competition provided their histories were completed. These books are to be brought to the District Annual, where they will be judged the same day The prizes are to be $15, $12, and $10. The district curators are for East Haldimand, South and West Norfolk are to be asked to act as judges.

The nominating committee was chosen as follows: Caledonia, Mrs Wes Hoover; Hagersville—Mrs. R. Shoup; Selkirk—Mrs. B Brown; Jarvis—Mrs. C Werner.

The Executive meeting will be held at the residence of Mrs. Harcourt Kern, Caledonia, on Monday, April 4 at 1 o'clock. The Annual Meeting will be held at Wesley United Church Jarvis on May 31st, when the Sandusk Branch will cater for lunch.

"Pennies For Friendship" will be collected at this meeting.

It was passed unanimously that the Annual Meeting reports would be printed in book form as in previous years.

Mrs. Bray, Sandusk Women's Institute, reported that Christmas gifts were bought for the fifty-two ladies at the Grandviewe Lodge, Dunnville. This year, Selkirk Branch are to buy gifts for the men at the Lodge.

Our Centennial project was mentioned briefly and Mrs. Smith, secretary, reported that there are 301 members in West Haldimand It was estimated the cost per member would be $3 32½ Cheques from each branch are to be forwarded to Mrs. Smith before the end of the year.

Mrs. Dave Wilson was our guest speaker for the afternoon She told how she and her husband had won a trip to Mexico, sponsored by the Sure-Gain Company She showed slides of their trip through Mexico City and surrounding towns and country-side. We were intrigued by the idea that, although Mexico City is so large, there are no stop lights or stop signs to be seen. The apartment and office buildings are fabulous in design and in direct contrast to the shacks and mud huts that the majority of the poorer class inhabit. Many slides of a bull fight, beautiful churches and farming areas were shown.

Presentations were made to Mrs. Wilson on behalf of the Varency and West Haldimand Women's Institutes.

The Varency ladies served dainty refreshments at the close of the meeting. Mrs. James Murray extended the vote of thanks to the hostess branch.

PICTURES OF OCEAN VOYAGE THRILLS LIONS AND GUESTS

International Governor and Past District Governor Jack Maytham, of Port Dover, thrilled the members of the Jarvis Lions Club and their several guests last Monday night, when he showed pictures relating to his recent voyage and gave a running commentary on the shots taken.

Mr. Maytham, a graduate in Naval Architecture, has made a lifetime study of Navigation in all its many concepts and he fulfilled an ambition, not too long ago, to navigate a 32 foot sailing vessel across the Atlantic, in company with three other intrepid seamen.

The longest phase of the voyage, which started at Glasgow, Scotland and ended in the West Indies, was a 3200 mile stretch from the Canary Isles to the West Indies. This was accomplished in 28 days at sea. And, as a tribute to his navigational intelligence he brought the little sailing ship into St. West Indies destination exactly on course.

Altogether the crew of four were fifty-three days at sea, and their journey took them to many interesting ports along the way These experiences were recorded with his camera and his exceptional knowledge of their places in history, as recited by him, made the presentation a most knowledgeable experience for his listeners.

Mr. Maytham was introduced to the gathering by Lion Bill Snowden and a vote of thanks was extended to him by Lion Drew Williamson.

Lion President Newton Marshall presided for the meeting on Monday night with more than fifty guests in attendance. These included the members of the Jarvis Fire Department who were introduced by Lion George Walker; the leaders of the Cubs, Scouts and Brownies' groups, introduced by Lion Alan Awde and the leaders of the minor sports organizations, introduced by Lion Bruce Meehan. Lion Jim Doughty was the host of the guests

Other guests included Lion President Don Simpson of the Port Dover Club who announced a Lions Carnival at the Port Dover Arena on May 13, 14, and 15. Also the Lions Stag at Port Dover on June 10th.

Centennial Report

By John W. Fisher
Centennial Commissioner

When I took over the job of organizing Canada's biggest celebration in history, I ran into a number of pessimists, even a few cynics.

This is the sort of line they gave me: 'Canadians aren't noisy patriots. You'll have a tough job stirring up much flag waving for 1967."

Well, some of their facts were correct but the spirit in which those few pessimists presented their views to me was not what I accept as Canadian. I have travelled long and far enough in this country to know that Canadians really have strong positive feelings about their country.

I could agree with some of the statements by my pessimistic friends if they were in a different context. Canadians are not given to wild demonstrations of patriotism in their own country. Such things can embarrass us I believe our kind of nationalism is more thoughtful than emotional and that is why I believe so fervently that our Centennial will be a successful and meaningful event in our history.

Yes we may have difficulty at times in deciding what we are, what we are for and what we are against in the world. But we know what home is and though we may be emotionless to express it, we love our land. Perhaps I discovered this through travel abroad when I met Canadians far from home. When we are world travelling we are more apt to open up and reveal to other people our inner thoughts about our country One particular instance comes to my mind. I was breakfasting at a small hotel in London, England, a few years ago and became engaged in conversation with a young man across the table from me. He was a Canadian working at an airline office in London With no prodding from me he poured out all his thoughts about home and about Canada.

I'm not a nationalist," he said "In fact I'm against nationalism. It causes a lot of trouble in the world. That's why I like my country. We're not aggressive nationalists. But really, mister," he said, "it's hard to describe my feelings about my country" He thought his feeling for his homeland was not just the house he was born in back in Ontario, nor was it necessarily his home town. It was the lake country where he used to go on canoe trips in the summer, the big rushing rivers and the roads that go forever.

"I always felt if I couldn't find a job in Canada I could always go to the north country and trap and hunt—something one couldn't do over here—and at least make a living," he said. He admitted it was just a "fancy of the mind"—probably he would starve—but Canada always gave him a feeling of security, he said "I always

EASTER SEAL FUND HELPS PROSTHESIS PROGRAMME

The development of prosthesis (artificial limbs) has taken giant strides in the past few years for the benefit of the crippled children. A few years ago a six month's old baby wearing an artificial limb would not have been considered practical, but today this child would be fitted with a prosthesis in only a matter of months

Research and establishment of amputee training programmes with Easter Seal funds has encouraged the earlier fitting of prosthesis, particularly for the upper limb amputee, to assist in the establishment of balance, to encourage acceptance, to avoid frustration in the process of normal growth and development, thereby preventing further disability.

The Ontario Crippled Children's Centre and other treatment Centre's have now established procedures in conditioning a child to accept an artificial appliance and to be trained and instructed in its use. Important too, is the follow-up care for adjustments, repairs or replacements During the rapid growth of a child, the limb is lengthened three or four times during the year. As a result of this current research development. Easter Seal funds are being used far more expansively in this programme. The cost is higa, much beyond the means of most parents and so demands on Easter Seal funds have been increased However, the financial obligations are small when compared with the results, for these children can now look forward to a life of greater social and economic independence. The development of an electrically operated arm in the Ontario Crippled Children's Centre prosthetic research and development programme is one of the most advanced steps.

This programme is just one of many important activities being carried on by the Easter Seal service clubs and the Ontario Society for Crippled Children in the rehabilitation of crippled children.

Sports Highlights

JARVIS BANTAMS CAPTURE LEAGUE CHAMPIONSHIP

Jarvis IOOF Bantams met Cayuga Bantams in the second game of their two game, total goal series on Wednesday evening March 16th with the League Championship at stake.

As a result of the March 9th game which Jarvis IOOF won by a score of 4-1, the IOOF had a three goal margin in the second and final game Cayuga Bantams had been undefeated in league play until the IOOF 4-1 win.

With Cayuga having their backs to the wall they came to Hagersville with the determination to reverse the previous child would be fitted with a prosthesis in only a matter of months

5 over the two games.

Jarvis was nicked for six penalties, Cayuga two, all minors. One would have thought the Stanley Cup was riding on the outcome of this game, with its fine display of close checking, body hockey, and eagerness The team's appreciation of the fine job done by the IOOF goalie and at the end of the game was almost mobbed by his teammates.

The IOOF defence cannot be forgotten, as they played great hockey, Jimmy Walker, Ross Gibbons, Gary Dawson, Chas. Montague and Jim Duxbury made up the defence corps.

The back up bench strength consisted of Jerry Walker, Donnie Anderson, Roger Bartlett, Chris Montague, Jimmy Church Bert Ionson, Bryce Hazlett and John Linklater.

As this is the last write-up of the season, on behalf of the Team Manager Carl Jaques, the entire team and as coach of the Team, I thank the Jarvis IOOF Lodge for their sponsorship or the team the past three years, and those who have in any way helped with the best Bantam hockey team in Jarvis.
