CHUCKLE COLUMN

Edited Out

A hopeful young writer sent one of his poems to a magazine editor with a note, "Please let me know if you can use it, for I have other irons in the fire." The editor wrote back: "Remove irons, insert poems."

Figuratively Speaking

An aging Indian stood with his son on the hillside gazing down into a beautiful valley. "Son," he said, "someday all this land will belong to the Indians—again. Paleface all go to the moon."

Comes Naturally

The tour bus stopped at Runnymeade, England, for a visit. One passenger asked his guide, "What happened here?" "This is where they signed the Magna Carta," he replied. "When?" asked the tourist. "1215," said the guide. Glancing at his watch, the man turned to his wife and said: "Darn it, Mabel, we just missed it."
