The Wilson Scales.

We would call attention to the advertisement of the Wilson scales. We seldom say anything in favor of articles advertised in this paper; but we cannot refrain from saying something in favor of the improved Wilson scales, because any person having anything to do with scales will acknowledge them as a true standard of correctness, and the largest concerns in the country are using them in preference to any other make. We would like every farmer to have one of them in his barn, and not take the word of the buyer every time he comes to town to sell his grain.

Sharp, Trebeue, Man., says—I am delighted to be in a position to say that Nasal Balm is helping me wonderfully, although I have been using it but a very short time. It speedily cleared out the head and stopped the disagreeable droppings into the throat. For some time I have suffered severely from catarrhal head ache, Nasal Balm has removed every trace of it. I have every confidence in its completely curing me. It is deserving to all you claim for it: "A Positive Cure for Catarrh. Easy and Pleasant to use." I hope it will soon be for sale in every town and village in Manitoba.
