### John Scissors.

Walpole Council met on Monday, full report next week.

There is a general printers' strike throughout Germany and Switzerland. Three journals in Berne failed to appear.

Mr. Gorman has introduced into the Senate at Washington a bill providing for a world's fair in that city in 1892.

It is reported that A. H. McAdams, a Hamilton lawyer, has unceremoniously departed from the city, leaving debts unpaid.

The work of erecting the new mammoth ice house at Waterford, to replace the one burned, is being rapidly pushed along.

John C. Clark a resident of St. Thomas has received from the United States government a pension certificate entitling him to \$541 back pension and \$6 per month for the remainder of his life.

A Pennsylvania editor who was paid in cordwood found every stick had been bored and powder placed in the orifice. Editors are accustomed to being blown up, but this is too practical a method.

The Toronto Weekly News and Jarvis Record will be sent to any address from now to Jan. 1st, 1891 for the small sum of \$1.75 cash. Subscribe now and get your choice of two of the following three engravings:—"Napoleon on H.M.S. Bellerophon," "The Fathers of Confederation," and "Christ Before Pilate." Don't delay: send in your order now.

The newspaper trust is the most extensive and universal trust in this country, and instead of making monopolists millionaires of publishers it makes them dependent paupers. To trust 1,000 subscribers from one to five years each, is virtually lending \$1,000 a year to Tom, Dick and Harry, without security and with no prospect of getting it back again. Yes, trusts are bad things.

One of our exceedingly polite clerks was waiting upon a young lady from near Nanticoke the other day, and kept up perfect stream of "Is there anything else I can do for you?" although the young lady had repeatedly assured him she was through with her purchases. Exasperated at length, with his persistence, she said "Yes; would you mind milking our old mare? she has a colt behind her and seems to be getting rather uneasy." His milk white features underwent all the colors of a tub of store butter, and, after struggling against the inevitable for a moment, sank gracefully into a basket of eggs that stood behind him.

One of our exchanges speaks of a millinery store kept by a very estimable lady, and says the editor was gratified to see her stocking up. The editor says he was never so astonished in his born days, as he was when the paper came out, to meet the millinery lady and have her strike him across the brow with an umbrella, and tell him he was a liar, and that she would tell his wife. He didn't know what she was mad at, and had to read the item over a hundred times to see if there was anything spiteful in it.

Peter Cooper, the millionaire, who commenced in a very small way and owes his success to advertising said:—"In all towns where newspapers are published every man should advertise, even if nothing more than a card telling his name and the business in which he is engaged. It not only pays the advertiser, but lets the people at a distance know that the town in which you reside has a prosperous class of business men. As the seed is sown so it recompenses. Never pull down the sign while you intend to do business, for it often indicates that your grip, commercially, is broken."

If you want to buy or sell a Farm, advertise in the Toronto WEEKLY MAIL. That paper reaches 100,000 farmers' homes every week, and your advertisement should meet the eye of someone who wants to purchase. Advertisements of this class are inserted in the Toronto Weekly Mail for Five Cents a word each insertion, or Twenty Cents a word for five insertions. Address The Mail, Toronto, Canada. 43-1y
