On Sunday night a certain young fellow was heard to remark that he was going to catch on or bust. He caught on and later in the evening the girls mother found him chewing pickets and gave him the run. We saw him on Monday and he looked very strange. It may have been bust.

A cricket match will be played on the Agricultural grounds, on Saturday, the 15th inst., between the Cayuga and Jarvis clubs. Game to be called at 12.30 p.m. The public are cordially invited to attend. The club would be pleased to see as many ladies present as possible and will do their best to make them comfortable.

The latest swindle which presents itself is designed to catch unsuspecting ladies. A sharper advertises for ladies to address envelopes at their homes, the advertiser offers to furnish stationery and pay one cent for each envelope addressed. A rapid penman could get rich if paid at that rate for her work, but the advertiser requires every applicant to deposit \$1 with him as a guarantee of good intentions. This done he skips away with it to pasture new.

The importance of publishing a dissolution notice in the event of a change of firm is shown by a case recently decided. A note for \$2,500 was given by a former member of the firm and the firm's name signed to it. It was discounted at the bank and the maker of the note appropriated the proceeds to his own use. Being unable to collect it when due the bank brought suit against the firm for the amount. They showed that his connection with the firm had ceased before he made the note, but as they had not published the dissolution notice previous to that time, as required by law, judgment was rendered against the old firm.

Perry, Simcoe, has the largest and most complete stock of Window Poles ever shown in the counties of Norfolk and Haldimand, at prices to suit purchasers. Call and examine before purchasing elsewhere. HALDIMAND ELECTION CASE.—The judges of the Queen's Bench Division have fixed Tuesday, the 3rd September as the date for trial of the petition against the return of Mr. Colter as M. P. for Haldimand. Mr. Justice Falconbridge will be the presiding judge and he will open Court at 10 a.m., on the day named at the Court House, Cayuga.

A Bowmanville doctor who went to London, England, to consult Sir Morell Mackenzie for a serious affection of the root of his tongue, that eminent authority is of opinion that the trouble was caused by licking postage stamps. Licking postage stamps is a pernicious practice. It robs the stamp of mucilage, which is bad for the stamp, and it puts mucilage into the mouth, which is bad for the mouth. Both these evils can be avoided by moistening the corner of the envelope instead.

"IMMIGRANT CHILDREN."—Mr. John T. Middlemore, the founder of the Orphan Children's Emigration Charity, London, Ont., left Liverpool on the 31st ult. in the steamer Winnipeg, with a party of 30 girls and 50 boys between the ages of 8 and 18 years, who are brought out to this country for adoption or hire, chiefly among farmers. They are expected to arrive at the Guthrie Home, near the city, on or about the 15th inst. This will be Mr. Middlemore's 16th annual visit to these shores with juvenile emigrants from Birmingham, England, since 1872. Already many applications accompanied with good references have been made for the children expected to arrive, but more are required. Further particulars may be obtained by addressing Mr. H. Gibbens, Manager of the Guthrie Home, London, Ont.

NIAGARA FALLS, Ont., June 9.—The mighty cataract claimed two more victims this afternoon in the persons of "Jacko" Walker and "Jerry" Davey, of Niagara Falls, N. Y., aged respectively 29 and 25. They are unmarried and followed the life dubbed as "rivermen," putting in their time fishing and running people in the river above the falls. About 2.30 this afternoon the two unfortunate men started in their boat to cross the river to Chippawa from Point Day, above the Falls on the American side. Both of them were under the influence of liquor, it is said, when starting. Nothing more was seen of them until the cry that two men were going over the Falls by some visitors on Goat Island, who saw them going down to destruction and death, clinging to their boat, which was being tossed about like a cork in the rapids. Down flew the frail craft with the rushing torrent, and it shot over the centre of Horseshoe Falls with the men still clinging to it. No more was seen of the men, but part of the boat was picked up in the river at the foot of the Falls half an hour afterwards. Walker lost a brother in exactly the same manner about six years ago. Both men were experts with the oars and fully understood the river.
