

THE PRINTER

It is not to blame. The above words are inserted upside down to attract your mind to the fact that our prices for Overcoats are all upset. We are showing some of the most artistic spring overcoats ever produced at prices ranging from \$7.50 to \$10 for all-wool silk-faced veivac collar, full roll coat.

To Assist Nature

In restoring diseased or wasted tissue is all that any medicine can do. In pulmonary affections, such as Colds, Bronchitis, and Consumption, the mucous membrane first becomes inflamed, then accumulations form in the air-cells of the lungs, followed by tubercles, and finally, destruction of the tissue.

Soothes and Heals

The inflamed membrane, arrests the wasting process, and leaves no injurious results. This is why it is more highly esteemed than any other pulmonary specific.

Lung Trouble.

For months I was unable to rest nights. I could seldom lie down, had frequent choking spells, and was often compelled to seek the open air for relief.

The Wilson Scales.

We would call attention to the advertisement of the Wilson scales. We seldom say anything in favor of articles advertised in this paper; but we cannot refrain from saying something in favor of the improved Wilson scales, because any person having anything to do with scales will acknowledge them as a true standard of correctness, and the largest concerns in the country are using them in preference to any other make. We would like every farmer to have one of them in his barn, and not take the word of the buyer every time he comes to town to sell his grain.
