We the members of the Quarterly Official Board of the Jarvis circuit wish to express our highest appreciation of the Rev. Thos. W. GOOD NEWS FOR THE GARDNER.—This is good news for the gardener, if it be true. An ingenious chicken raiser near Pomona, Cal., has devised a way of preventing chickens from scratching up his garden. He crosses the long-legged brahmas with the short-legged bantams, and the result is a new breed of fowls with one long leg and one short leg. When they raise either leg to scratch they lose their balance and come to grief. After a few demoralizing attempts they desist.

They are ornamental—they are handy—they are just what you want on your Windows instead of the troublesome old fashioned curtains. We mean those opaque oiled Holland Window Shades with automatic Spring Rollers, that all sensible people are buying at MILLS BROS. Drug and Book store. 36.

A large number from this county will go to see that match. Single fare on the Grand Trunk Railway, good to return on the 25th.

We are in receipt of a most interesting tourists' guide showing the attractive fishing and hunting resorts easy of access through the medium of the Grand Trunk Railway. The book contains 96 pages of matter showing the fishing and hunting grounds of Canada and a number of the States, as well as the best routes to the favorite grounds and what is all important, the close season in the various localities, the accommodation to be expected, with rates &c., so that intending sports can with reasonable certainty select a destination with a knowledge of all expenses.
