A Chicago despatch of Wednesday says At the opening of the court in the Cronin Dick Powers and Pat McGarry made trial this morning State's Attorney Longenecker asked for an assachment for Edward Spellman, of Peoria, the district officer of the Clan-na-Gael. Mr. Longenecker said Spellman had been served with a subpæna. and had agreed to come when called for. Two telegrams has been sent to him, but he had not responded. The attachment

A VERY SECRET TRIANGLE.

The first witness was Dennis O'Connor. He testified that he was a member of Camp 20, Clan-na-Gael. At a meeting of the camp on Feb. 8th the witness said he heard Thomas O'Connor state that he had heard read in Dr. Cronin's camp the minority report of the committee to try the executive body of the order. The names of the members of the executive body were not mentioned, and witness said he never knew who composed the triangle. Then it was voted to appoint a committee to go up to Dr. Cronin's camp and investigate the matter of the minority report which Dr. Cronin had read.

THE CAMP RECORD BOOK.

Patrick Nolan, Financial Secretary of Camp 20, produced his record book, and from it testified as to the numbers borne by Coughlin, Cooney, O'Suliivan, Beggs and Burne. Witness further testified that he was present at a meeting of the camp on the night of May 3rd, the day preceding Juror North. Dr. Cronin's death; that Beggs presided; that there was a call for the report of the Becret Committee appointed February 8th, and that Beggs replied that the committee was to report to him alone. Witness said that on the Sunday following Dr. Cronin's disappearance he met Burke and Cooney about 3 o'clock in the afternoon in a saloon. This was before witness knew of Cronin's disappearance. They went to another saloon and played cards for a couple

The next witness was Captain Thomas F. O'Connor, who created excitement in has disappeared. Nobody seems to know Comp 20 on the night of February 8th by saying he had heard read in Dr. Cronin's camp a report of the committee that tired the triangle. Captain O'Connor said Andrew Foy was the first man to speak. Foy arose in his place in the camp and addressed the Senior Guardian, and stated that he arose under a terrible strain, that after the disclosures of Le Caron in London the organization, as an organization, was four British spies in the organization, and that it should be reorganized, and every one that was in the organization who had the slightest taint or suspicion attached to him should be expelled, "I," continued the witness, "arose and stated that I was not surprised at hearing the gentleman talk as he had done; that I knew by positive information that the organization was run by a parcel of rogues known as our execusive body; that they nad equandered our funds even to the extent of \$100,000, and not alone that, but they had sent our best men across to England to have them put behind the bars. I stated positively that Le Caron was an agent of our executive body and received pay from them. At the moment I was interrupted by three brothers with a demand to tell where I got my information. I did not like the first brother who spoke to me, and I said, 'You demand nothing,' when there were two or three other brothers who joined in the demand and there was a general uproar, so I turned around to the Senior Guardian and I said to him, 'If the Senior Guardian demands of me where I got my information I will tell him.' He did not say anything. Then there was more uproar. I turned a second time and a third time, and said if the denior Guardian would demand where field testified that it was similar to the one I got my information I would tell him. Who was the Senior Guardian at this time?"

" John F. Beggs."

THE TRIAL COMMITTEE'S REPORT.

On cross-examination Captain O'Connor said he did not say in his speech of February 8th that Cronin read the report of the trial of the triangle, nor did he say in what camp it was read. He said that after he was subposused to appear before the coroner's jury he met Beggs, and asked him if he should disclose the secrets of the organization. Beggs told him to go ahead, as they were already public property. The witness said he had heard of the "Inner circle" as applied to the executive body, camps. O'Connor said he had been at of picking pockets. He said he went to work on the Cronin case without pay up to some of these places for the purpose of September 26th, when he was appointed a policeman. On re-direct examination it was brought

out that there were five or six members of three-card monte. The next witness, Henry Owen O'Connor, a member of Camp 20, described the edings at the meetings of February 8th and 22nd without bringing out any new points. At a subsequent meeting, however, he said Dan Coughlin came to him and said information had been received in Chicago that a confederate of LeCaron was in the organization, and indications pointed to Dr. Cronin as the man. The witness stopped him at that point.

THE TRIANGLE DENOUNCED.

Police Officer John M. Collins testified that he had been a member of Camp 20. He said that at the reunion given by 22, speeches denouncing the triangle. Then Beggs said this tirade against the triangle and Alex. Sullivan must cease or there would be war. That Sullivan had many friends there.

Patrick McGarry, Senior Guardian of the Clan-na-Gael Camp in Lakeview, instituted by Dr. Cronin, and of which Dr. Cronin was a member, was the next witness. He described the reunion meeting on Feb. 22nd, without adding material information, and he told of a visit he made to the house of O'Sullivan on the Sunday following Dr. Cronin's death. He there questioned O'Sullivan very closely about nis contract with Dr. Cronin to treat his men in case of accident, and described the twitching of O'Sullivan's mous ache.

worst of it. The State's Attorney sought to introduce the correspondence between Beggs and Spellman. Mr. Foster, attorney for Beggs, said he was ready to admit anything that Beggs ever wrote, but that he could say nothing about letters written by any one else. So the matter went over, pending the appearance of Spellman.

Finally the cross-examination of McGarry was resumed.

Gillette said that Burke continuand the other prisoners, and often cried like a child over the murder. He told how Dr. Cronin was lured to the Carlson greater fight than his assailants expected. This shows that Burke was to have been assassinated while travelling to Liverpool. Burke had a couple of Fenian friends in Winnipeg, who secreted a mysterious tin box for him. There is no doubt, from Gillette's statements, that the contradictions as to the disposal of Cronin's body after the murder are easily explainable.
