Cinderella parties are to be fashionable this season. In Montreal they are said to be quite popular already, cards of invitation bear the words "Cinderella Party." The leading feature of these parties is that promptly at 12 o'clock at night a gong sounds and the guests immediately depart, as did the heroine of the glass slipper. By this means those who have to be at business on time next morning have a chance to obtain something like a night's rest. It is hoped this fashion will spread all over the country.

Our attention has been called to the dangerous state of the sidewalks on Main and Talbot streets in this village by a number of rattlepayers and others. There are a large number of loose and broken planks which are very dangerous especially these dark nights, as a person is liable to step in one of these holes and break a leg, or trip over a loose plank and break an arm. Near the G. T. R track there is a hole in a plank just large enough for a person's foot to drop in and we learn that several have already got their foot in this hole. We trust that our village pathmasters will look after these sidewalks before some one is injured.
