#### CURRENT NOTES.

The Ontario Legislature has been called to meet for the despatch of businest on Thursday, January 30th next.

It is no longer regarded as good form in the higher circles to speak of a man mispled circumstances.

There is a man in Toronto who claims to be the first Canadian to have the cents a word each insertion. Address Russian influenza, and he says it's The Mail, Toronto, Canada. 43-1y sneezy thing to prove it.

It is said that the eight-hour movement is now a live political issue in England. A more demagogic measure tisment of the Wilson scales. We was never agitated. There are scores seidom say anything in favor of articles of trides in which the hours must be re- advertised in this paper; but we cannot gulated by the needs of trade. Just as lefrain from saying something in favor a single illustration, what would be the state of things in America if every railroad man quite work after laboring just exactly eight hours?

The Dominion financi I statement for the past year is one of the most favourable ever issued. The ordinary receipts for the year were largely in excess of the expenditure, and a comperatively triffing addition to the public town to sell h grande'); was much more than offset by expenditure on public works.

The election in the County of Stanstead 1 st Wednesday resulted in the return of Hon. C. C. Colby, the new President of the Council in Sir John Macdonald's Cabinet, and the defeat of Mr. Le Buron, the Opposition candidate, by over one thous and majority.
