AROUND THE HUB.

Township Council met on Monday. Report next week. The next meeting will be on Monday, June 9.

There will be 3000 men under canvas at Niagara in June—almost twice as many as last year.

Gus Wied returned to town on Monday from Buffalo and is looking for a car load of horses and calves.

The corner-stone of the new Methodist church at Bealton will be laid on Monday, the 26th inst., with appropriate ceremonies.

Mr. Peter Bowman has entered into the egg business. His wagon is on the road every day gathering the hen fruit and paying highest cash prices for same.

Advertiser—Can't find my advertisement in your paper this morning; what's the trouble? Editor—Don't know. Put in a "lost" advertisement and it will probably turn up.—M.Y. Herald.

A meeting of the Jarvis Fire Company is called for Thursday evening May 15, at 8.30, in the Music Hall. A full attendance is requested as business of importance will be brought before the meeting.

By the death of a near relative in England, Mr. Harry Wordley of Hagersville will come in possession of a handsome amount and left last week for the old country to claim it. He expects to return again in the fall.

The Ball Family Jubilee Singers gave one of their excellent concerts in the Music Hall on Monday evening. The house was not as large a one as this troop deserved, and if they ever come this way again it is to be hoped that they will be greeted with a larger house.

Mr. Gillivray, editor and publisher of the Delhi Reporter, has sold that excellent journal to Mr. Pemberton of Cambridge, a man of means and ability who took charge of the editorial chair last week. We wish the new editor all the success his journal deserves.

An entertainment under the auspices of the Young People's Guild of St. Paul's Church, Jarvis, will be held in the Music Hall on the evening of the 21st inst. Every effort is being put forth to make this the entertainment of the season and therefore an enjoyable and profitable time may be assured to all. For particulars see posters.

Geo. R. Perry, Simcoe, has the largest and best assorted stock of wall paper, ceiling decorations, etc., to be found in the county, which embraces the best productions of the leading manufacturers in the United States and Canada. Prices are away down. Give him a call.

The man who takes a newspaper from the postoffice with no intention of ever paying his subscription would be highly indignant and grossly insulted if he were called a thief. Yet a recent court in Ohio recently convicted forty men of that calibre and allowed the publisher, who brought suits, judgment to the full extent of the bill in every case. A few more cases may boom the collection business and cause legions of poor editors to rise to sudden affluence.

SERIOUS ACCIDENT.—A very serious accident happened to Miss Maggie Kelly, as she was returning with her brother and sister from church on Sunday evening last. They were walking home, when a neighbor came along with two horses to a buggy and asked them to ride, which they did. When the other side of the railway bridge the horses got scared, and in trying to hold them the lines broke and they ran among the logs which are piled on the roadway, falling down and throwing the occupants of the rig out. The only one hurt was Miss Maggie Kelly, who had her left leg broke in two places between the hip and the knee. She was carried into Mrs. Campbell's until a proper conveyance could be got to take her home. Dr. Burns was sent for and assisted in removing her to her father's residence, where he set the broken limb, and the patient is doing as well as can be expected.—Caledonia Sachem.

Lives of poor men oft remind us honest toil don't stand a chance; more work we leave behind us bigger patches on our pants. On our pants once new and glossy, now are patches of different hue; all because subscribers linger and won't pay up what is due. Then let us all be up and doing, send in your mite, be it so small; or when the snows of winter strike us we shall have no pants at all.—Bozeman Appeal.

Capt. R. A. Griffith, of No. 4 company, Thirty-Seventh battalion, Haldimand rifles, Hagersville, was in Ottawa last week exhibiting to the department of militia and defense a contrivance of his own invention, calculated to render safer and cheaper rifle practice. He had a conference with Deputy Minister Col. Panet and the adjutant-general. His invention is highly complimented and will be tested by the department.

Every printer knows it.—When I think of the, the old fashioned towel, that used to hang up by the printing house door, I think that nobody in these days of shoddy can hammer out iron to wear as it wore. The tramp who abused it, the devil who used it, the comp who got at it, when these two were gone; the make-up and foreman, the editor, poor man, each rubbed some grime off while they put a heap on. In, over, and under, 'twas blacker than thunder, 'twas harder than poverty, rougher than sin; from the roller suspended, it never was bended, but flapped on the wall like a banner of tin. It grew thicker and rougher, and harder and tougher, and daily put on a more irksome hue; until one windy morning, without any warning it fell to the floor and was broken in two.

The adjourned Liberal-Conservative convention of this county reassembled at the court house, Cayuga, at 3 p.m. on Monday. The chair was occupied by Mr. Colin G. Snider, Q.C., president of the Conservative Association of Haldimand. The attendance, considering the state of the roads, was extremely large. The court house was completely filled with a crowd of people which contained nearly all the prominent Conservatives in the constituency. The chief business of the convention was to hear the decision of Mr. E. E. Sheppard, of Toronto, as to whether he would accept the nomination tendered him by the convention. When the gentleman in question signified his intention of accepting the nomination loud applause resounded on all sides. Mr. Sheppard then delivered an address, which was listened to with the closest attention and received with unbounded satisfaction by those present.

People are constantly coming to us with the request to advertise this, that and the other for them, "just put it in your locals, and I'll give you a quarter for it sometime when I think of it. Now don't forget it." We want our dear friends to distinctly understand that we run this great moral engine for revenue only and when parties forgets to drop a nickel in the slot the machine invariably forgets to work. If you want your locals to appear you must come down with the dust or it won't get in.—Birmingham Eccentric. The foregoing will apply to nearly all country printshops, and the times is no exception to the rule.—Milford Times. The Record is with you.

Miniard's Liniment for sale everywhere.

Walpole, May 8th, 1890.
 This day we had a churning test at my house between the Morning Glory churn and a double dasher churn, each churning 22½ lbs cream. Dasher churn making 11½ lbs butter in 7 minutes. Morning Glory churn making 12 lbs butter in 3 minutes, and also a nicer butter and better grain, and by far a superior quality of butter. Seeing is believing and there is no other churn we have ever seen can beat the Morning Glory churn in time or quality, or in making the same number of ounces to the pound. Signed,
 MRS. JOHN BOUSFIELD,
 JOHN BOUSFIELD,

The charge is two cents a word each insertion. Address The Mail, Toronto, Canada. 43-1y
