Advertising is a gear in the machine
of a well-regulated store. It cannot
sell the goods itself; it only delivers the
customer as it were.—Milford (Mass.)
Journal.

A large number of friends and relatives
gathered at the residence of Mr.
Adam Benn, at Springvale on Wednes-
day last to celebrate his 80th birthday.

A few days ago a heifer belonging to
Ed. Hart, butcher, which he is feeding
for Christmas beef, got loose in the barn
and strangely walked up the stairs into
the hay loft and commenced eating.
A rope was placed on her horns and
was soon brought down safely.

The mania for offering prizes to sub-
scribers by the different newspapers,
magazines, etc., of the universe, branches
out in new lines every day. The
"Scottish Canadian" chronicles one how-
ever, whose attractiveness caps the
climax:—"A prize of a pretty wife,
with £100 a year for life, is offered to
subscribers by a London, Eng., weekly
newspaper.

The entertainment in the Music Hall

auspices of the Young People's Guild

John Bailey Freeman, M. P. P. for
North Norfolk, died at his residence near
Simcoe Saturday morning at 5 o'clock
of paralysis of the brain. He was in
the 56th year of his age, having been
born on the farm on which he died in
August, 1835. He was one of the best
known and popular of the supporters of
the Mowat Government, having repre-
sented North Norfolk since 1879, and
for the past eight years served the Lib-
eral party in the House in the capacity
of whip. His funeral took place yester-

The men who do more harm than
good to a town may be classed as fol-
lows:—First those who oppose improve-
ments; second, those who run it down
to strangers; third, those who never
advertise their business; fourth, those
who never show any hospitality to any-
one; fifth, those who hate to see others
make money; sixth, those who oppose
every move that does not originate with
themselves; seventh, those who put on
long faces when a stranger speaks of
locating in their town; those who op-
pose every public enterprise which
does not appear of personal benefit to
themselves.

If you have paid your subscription
to the RECORD this don't refer to you,
but if not this is intended for you, per-
sonally, kind but somewhat thoughtless
reader. The RECORD needs money to
liquidate office expenses, and you are
holding money which belongs to the
printer, and should have been paid over
some time ago. The amount of itself
is small, but when you, and you, and
you, each neglect to pay because you
think such a small sum cannot make
much difference for a few months, just
consider that in the aggregate it means
a large amount due the publisher, which
he needs to pay for printing material
and wages. If you have not paid for
this paper which you are now reading,
please do so at once.—Every dollar due
is required. We dislike dunning, but
if those who owe us would pay promptly
there would be no call for such a course
on either side.—Will you pay now?
