Twice during the year man feels the
need of rest—just before his vacation
and again immediately after.

Monday morning for Barrie for a weeks

Oneida township, threshed 1319 bushels
of wheat off 27 acres, which would make
an average of 47 bushels to the acre.
The farmer can't grumble at that.—
News.

Mr. Abe Johnson, of Brantford, has
gone to Rockport, Ohio, where he has
engaged with the proprietor of the
Two-minute Stock Farm, J. W. White,
as driver for a couple of years at a good
salary.

A matched race for \$100 a side be-
tween Mr. Jude Lawson's "Debbie
Wilkes," and Mr. L. J. Alward's bay
mare, "Maud F." of Hagersville, is to
take place on the association track at
Brantford on Monday, August 24th.

About one hundred men, who have
been employed by the M. C. R., laying
double track, were laid off Friday night.
They have been completing the double
track between Cayuga and Attercliffe,
a distance of fourteen miles, which was
graded last year. This is all the double
track work for which orders have been
received to do this year. The ceasing
of this work also means the taking off
of three gravel trains, and the stopping
of the steam shovel at Waterford.

Minard's Liniment is used by Phy-
sicians.

R. Pedlow will allow 10 per cent. off
for cash on all goods bought for the
next 30 days. His stock is large and
his prices low. Don't forget—money
saved is money made. 30-1f

Any person in need of a tombstone
should see the one erected by D. Wade
& Co., of Delhi, in the Methodist Church
Cemetery for Joseph Johnston. The
stone is in the form of an arch and is a
dandy.

After you get angry and stop your
paper, just poke your finger in water,
pull it out and look for the hole. Then
you will know how badly you are
missed. A man who thinks a paper
cannot live without his support ought
to go off and stay awhile.

The membership fee in the Walpole
Agricultural Society is \$1.00 if paid not
later than the 15th day of September,

The large steamer, W. M. Alderson,

Minard's Liniment cures Garget in
Cows.

It has been discovered that black knot
on plum and cherry trees can be not
only prevented from spreading but
actually killed by simply painting them
with red oxide of iron in linseed oil.
The disease is making great havoc of
the fruit trees in all parts of Ontario,
and if this simple remedy is effective,
no time should be lost in making the
application.

A Sutton girl, to try her young man's
fidelity, asked her intimate lady friend
to beg him to kiss her as he was taking
her home one evening. A few days
later she met her friend, and the follow-
ing conversation occurred: "Did you
ask John?" "No, I didn't get a chance."
"Why?" "He asked me first." Chok-
ing with wrath she gasped, "What
did you do?" "Kissed him, of course."

It is our painful duty this week to
chronicle the death of Mrs. Wm. Falls,
which occurred at her husband's resi-
dence in this village on Saturday last.
The deceased had been very ill for four
or five months, but death came and
relieved her of her sufferings. The
funeral took place yesterday afternoon
to Knox Church cemetery followed by a
large number of friends and acquaint-
ances.

Mr. J. D. Crichton, of this village,
purchased from Mr. Wm. Swayze last
week the livery business in Hagersville
formerly run by Mr. H. Almas. We
believe it is Mr. Crichton's intention to
move to that village in about a month.
Jim understands the livery business
and will no doubt furnish it with good
horses and rigs, and make it the leading
livery of the town. We wish him suc-
cess in his new departure.

A Toronto paper is calling attention
to the very common practice of clipping
silver coins, or boring small portions out
of them, and calls on dealers to stop such
illegal acts by refusing to receive all
pieces thus defaced or reduced in value.
Concerted action on the part of business
men and bankers is urged as was the
course pursued a few years ago in the
States, where coins thus damaged are
now rarely seen. Considerable of this
mutilated coin is hovering about in this
section.
