A Well Known Lady Tells  
of Great Benefit  
Derived From

## Hood's Sarsaparilla

For Debility, Neuralgia and  
Catarrh

"TORONTO, Dec. 28, 1890.

"C. I. HOOD & Co., Lowell, Mass.  
"GENTLEMEN: For many years I have  
been suffering from catarrh, neuralgia  
and general debility. I failed to obtain  
any permanent relief from medical ad-  
vice, and my friends feared I would  
never find anything to cure me. A  
short time ago I was induced to try  
Hood's Sarsaparilla. At that time I  
was unable to walk even a short dis-  
tance without feeling a

### Death-Like Weakness

overtake me. And I had intense pains  
from neuralgia, in my head, back and  
limbs, which were very exhausting.  
But I am glad to say that soon after I  
began taking Hood's Sarsaparilla I saw  
that it was doing me good. I have  
now taken three bottles and am entirely

### Cured of Neuralgia.

I am gaining in strength rapidly, and  
can take a two-mile walk without feel-  
ing tired. I do not suffer nearly so  
much from catarrh, and find that as my  
strength increases the catarrh decreases.  
I am indeed a changed woman, and  
shall always feel grateful to Hood's Sar-  
saparilla for what it has done for me.

### It is My Wish

that this my testimonial shall be pub-  
lished in order that others suffering as I  
was may learn how to be benefited.

"Yours ever gratefully,  
"MRS. M. E. MERRICK,  
"36 Wilton Avenue,  
"Toronto, Canada."

### This is Only One

Of many thousands of people who  
gladly testify to the excellence of and  
benefit obtained from Hood's Sarsapa-  
rilla. If you suffer from any disease or  
affection caused by impure blood or low  
state of the system, you should cer-  
tainly take

The Best Yet

DEAR SIR,—My mother was attacked  
with inflammation of the lungs which left  
her very weak and never free from cold.  
At last she got a very severe cold and  
cough. She resolved to try Hayward's Pe-  
ctoral Balm, and, on so doing, found it did  
her more good than any other medicine she  
ever tried. MRS. KENNEDY,  
50 Smith Av., Hamilton, Ont.

### Mutton For Profit.

Recent experiments at the Ontario  
Experimental Station, Guelph, have  
fully demonstrated that a profitable  
trade can be done in the English market  
by winter feeding lambs; and it has  
also been shown that sheep husbandry  
is a profitable branch of agriculture.  
Yet there are very few sheep kept in  
Ontario compared with the number that  
might be advantageously raised. One  
chief impediment to the universal  
success of sheep husbandry in this  
Province has been the too general  
inclination to place value upon animals  
with especial reference to the production  
of wool, and to gauge the profits of  
article. When the price of long wool  
went down some years ago a great  
many farmers discarded sheep alto-  
gether, not taking into consideration  
the important factor of mutton raising.  
They failed to recognize that they were  
harvesting but one crop, where it was  
possible to have two without measurably  
increasing flock ratios or adding to  
the routine of management beyond  
greater care in breeding. At the pre-  
sent time there is no doubt of a general  
tendency in the direction of mutton  
improvement, as never before have  
importations of popular mutton breeds  
been heavier than of late. Such de-  
mand as has heretofore existed for No. 1  
mutton will quite surely increase with  
the opportunity for a more general  
test of its excellence, and the possibility  
of obtaining a supply. This evident  
tendency toward elevating the standard  
should popularize the consumption of  
mutton in this country. And no doubt  
a potent reason for the hitherto restricted  
mutton consumption here may be  
found in the fact that really choice  
typical mutton could only be had in  
limited quantities. The increased de-  
mand for first-class Canadian mutton  
in England and tendency for an increas-  
ing consumption here should stimulate the  
sheep industry of this country and  
induce farmers to enter more largely  
into this branch of rural economy.—  
London Free Press.

### Canadian Sports and Amuse- ments.

In this fair land of ours we have many  
privileges and many amusements in  
which all can take part, each season  
bringing in its train its own rich  
offerings from nature.

In winter, the boisterous and jolly  
season, the sports are at their height.  
You may go to the frozen creeks and  
rivers and hear the skaters' merry  
shouts of laughter as one of their num-  
ber falls. What can be more exhilar-  
ating than to go skimming in graceful  
curves over the smooth ice. The  
skating over, the clinking of the stele  
is heard as the party return with  
glowing cheeks and sparkling eyes  
declaring they have had a splendid  
time.

Who does not enjoy a sleigh ride on  
a moonlight night when the dark-blue  
sky is studded with stars which play  
hide and seek peeping from behind the  
fleecy clouds as they come sailing along.  
By the pale silvery light of the moon  
the snow sparkles like a bed of diamonds  
and all seems in harmony with the  
tinkling of the bells and the joyous  
voices of the young folks.

Although condemned by some, what  
school-boy or school-girl either does not  
enjoy a good snow balling. What  
better fun than to see one of your  
companions trying to get the snow  
from his neck before it melts and  
trickles down his back. But when  
your turn comes you do not enjoy it  
quite so much.

When winter with her snowy robes  
and healthful exercises melts away  
spring lifts her smiling face and brings

in her train the flowers and quieter  
amusements co-mingled with those of a  
bolder east. Base-ball and foot-ball  
take the lead, while the younger boys  
play marbles. Now too may be seen  
young men, and older ones too, of a  
more destructive bent, with guns and  
game bags repairing to the woods to  
slaughter the poor innocents of the  
forest.

Spring soon disappears, and summer  
in her gaily colored crown of flowers  
steps gracefully into the vacant place  
and lifts her sceptre commanding her  
sports to commence. When the sun is  
going down leaving her beautifully  
colored tracks and shedding her last  
rays over the tranquil waters, then a  
sail is most enjoyable, and many small  
boats may be seen making their way  
over the rippling surface of our beau-  
tiful lakes and rivers. And when the  
large moon appears making it almost  
as light as day the dipping of the oars  
and the murmur of voices is heard.

Then lastly autumn with her gorge-  
ous dress of colored leaves and her  
golden harvest dances in to receive her  
share of attention.  
If people of foreign lands cannot find  
amusement at home Canada is the place  
for them.

ELLA BENNETT.

[The above is a composition written  
by a pupil of Jarvis High School class  
at recent examination which we pub-  
lish by permission of the Principal, Mr.  
D. J. Hunter. We will from week to  
week publish others which will no  
doubt be interesting to our readers as  
well as encouraging to the pupils.]—Ed.

### Canadian Despatches.

WILLIAM GIBSON THE NOMINEE.  
ST. CATHARINES, Dec. 3.—At a meet-  
ing of Liberal representatives it was  
resolved that Mr. Gibson, the lately  
unseated member for Lincoln, should  
again be the party candidate at the  
bye-election. Mr. Gibson, it is under-  
stood, has accepted the nomination.

### A BRAKEMAN KILLED.

DUNVILLE, Ont., Dec. 4.—George  
Moody, of St. Thomas, a brakeman on  
the G.T.R., fell between the cars while  
braking this morning and had both  
legs cut off. He died from loss of blood  
and the shock before the doctors could  
operate. He was a member of the  
I.O.O.F., and the brothers here took  
charge of the remains. He leaves a  
wife and child.

### CUT HER THROAT.

STRATFORD, Dec. 2.—Mrs. Martin,  
aged 60, wife of James Martin, Ontario  
street north, had been ailing for some  
time. Yesterday she visited her son-  
in-law, John Hillman, and secured  
possession of a razor which she took  
home with her. Later she went to the  
closet, where subsequently the dead  
body of the old lady was found in a  
sitting posture with her head reclining  
forward. Her throat was cut from ear  
to ear.

### THE FLY WHEEL BURST.

MERRITTON, Dec. 2.—While workmen  
were operating a circular saw in  
Leeson's wood yard to-day a cordwood  
stick rolled between the arms of the  
flywheel. The wheel was smashed, and  
Edward Bradley, a young workman,  
was struck by pieces of the wheel. His  
right arm was badly shattered and the  
calf of his left leg torn away with a  
portion of the bone. His injuries will  
prove fatal. Another workman re-  
ceived a slight cut in the foot.

### BLEW HIS BRAINS OUT.

AYLMER, Dec. 3.—Last evening  
Phineas Kinsey, about 40 years of age,  
residing on a farm about four miles out  
of Aylmer, placed a revolver to his  
right temple and sent a bullet into his  
brain, causing death in half an hour.  
Deceased was not addicted to drinking  
habits, and had no domestic troubles  
of any kind, but had been out of his mind  
for some time past though not suffi-  
ciently to induce his friends to place  
him under restraint. He leaves a wife  
and several children.

### BURIED IN THE DEEP.

VANCOUVER, Dec. 2.—Captain Good,  
of Cleveland, O., one of the passengers  
on the Empress of China, which arrived  
this morning, died in mid-ocean during  
the passage over. He was en route  
home. The body was committed to the  
deep Sunday, the captain of the ship  
conducting the usual services.

### The Cause of Rheumatism.

An acid which exists in sour milk  
and cider, called lactic acid, is believed  
by physicians to be the cause of rheu-  
matism. Accumulating in the blood,  
it attacks the fibrous tissues in the  
joints, and causes agonizing pains.  
What is needed is a remedy to neutral-  
ize the acid, and to so invigorate the  
kidneys and liver that all waste will be  
carried off. Hood's Sarsaparilla is  
heartily recommended by many whom  
it has cured of rheumatism. It possesses  
just the desired qualities, and so  
thoroughly purifies the blood as to  
prevent occurrence of rheumatic at-  
tacks. We suggest a trial of Hood's  
Sarsaparilla by all who suffer from  
rheumatism.

### The Reason Why.

THE reason why Burdock Blood Bitters  
leads all other medicines in the race  
for popularity is because it is absolutely  
pure, cannot harm the most delicate invalid,  
and never fails to cure biliousness, dyspep-  
sia, bad blood, constipation, etc.

# A Fact

WORTH knowing is that blood dis-  
eases which all other remedies fail  
to cure, yield to Ayer's Sarsaparilla.

Fresh confirma-  
tion of this state-  
ment comes to  
hand daily. Even  
such deep-seated  
and stubborn com-  
plaints as Rheu-  
matism, Rheuma-  
tic Gout, and the  
like, are thorough-  
ly eradicated by  
the use of this won-  
derful alternative.

Mrs. R. Irving  
Dodge, 110 West  
125th street, New  
York, certifies:—  
"About two years ago, after suffering  
for nearly two years from rheumatic  
gout, being able to walk only with great  
discomfort, and having tried various  
remedies, including mineral waters,  
without relief, I saw by an advertise-  
ment in a Chicago paper that a man had  
been relieved of this distressing com-  
plaint, after long suffering, by taking  
Ayer's Sarsaparilla. I then decided to  
make a trial of this medicine, and took  
it regularly for eight months. I am  
pleased to say that it effected a com-  
plete cure, and that I have since had no  
return of the disease."

Mrs. L. A. Stark, Nashua, N. H.,  
writes: "One year ago I was taken ill  
with rheumatism, being confined to my  
house six months. I came out of the  
sickness very much debilitated, with no  
appetite, and my system disordered in  
every way. I commenced to use Ayer's  
Sarsaparilla and began to improve at  
once, gaining in strength and soon re-  
covering my usual health. I cannot say  
too much in praise of this well-known  
medicine."

"I have taken a great deal of medi-  
cine, but nothing has done me so  
much good as Ayer's Sarsaparilla. I  
felt its beneficial effects before I had  
quite finished one bottle, and I can  
freely testify that it is the best blood-  
medicine I know of."—L. W. Ward, Sr.,  
Woodland, Texas.

## Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price \$1; six bottles, \$5. Worth \$5 a bottle.

FOR EXTERNAL AND INTERNAL USE.

The Quickest, Surest and Best  
Remedy for Rheumatism, Neural-  
gia, Lumbago, Sore Throat, and all  
Stiffness, Soreness and Lameness.
