## **AROUND THE HUB.**

Mr. A. F. Jones, of Chicago, has re-  
turned to his home in this village.

The farmers in this vicinity are about  
through haying. The crop is reported  
very light.

The next sittings of the Division  
Court will be held on Wednesday, July,  
15th.

Mr. James Lambert, of Aylmer, spent  
a few days in town during the past  
week with relatives and friends.

T. R. Caldwell, returned to Toronto  
on Friday after spending a couple of  
weeks holidays at his home in this place.

Every tissue of the body, every nerve,  
bone and muscle is made stronger and  
more healthy by taking Hood's Sarsa-  
parilla.

Mr. Jas. Glass and daughter, Carrie,  
of Hamilton, spent Sunday in town.  
Mr. Glass returned home on Monday  
evening.

FOR SALE.—Six pounds finest granu-  
lated, or eight pounds nice yellow sugar  
for a quarter. Hamilton Tea Company,  
Hamilton. 28-lyr.

Mr. G. H. Horne, cashier at the Bank  
of Commerce in this village, left last  
week for his holidays. Mr. Waters  
returned on Thursday.

Arrangements for the publication of  
the Canadian Wheelman have been  
made with Mr. Donly, of the Simcoe  
Reformer, who succeeds Mr. Brierley as  
editor.

So intense was the heat on Tuesday  
that it actually hatched out a chicken  
in the store of Coats & Son. This may  
seem improbable, but it is nevertheless  
a fact.—Clinton New Era.

The Simcoe town council will rebuild  
the market house recently destroyed by  
fire. It is to cost \$4,000 and will be two  
stories high with cellar. A By-law to  
raise this sum will be submitted to the  
people.

The High School Entrance Examina-  
tions were held here on Thursday,  
Friday and Saturday of last week.  
There were about forty-five candidates.  
Mr. C. Moses, Public School Inspector,  
presided.

The M. C. R. employees hold their  
annual excursion to Niagara Falls on  
Friday, July 17, and are arranging  
with Mr. S. J. Dixon, photographer of  
Toronto, to cross the Niagara on a tight  
rope on that day.

The Orangemen will attend divine  
service in St. Paul's Church on Sunday  
afternoon next, where a suitable sermon  
will be preached by Rev. R. Gardiner.  
They will meet at their lodge room and  
march in a body to the church.

Another place of business has been  
opened up in Jarvis. Mr. Thos. Mar-  
shall formerly of this place, has entered  
into business again and opened a shoe  
shop in Mr. J. J. Moore's building on  
Main street. We wish him success.

While with an excursion at Port  
Dover on June 26, a child belonging to  
Thomas Rolston, Hannon's Corners,  
Glanford, was lost. Three days after  
it was found at Woodstock and sent  
back. It had evidently taken the  
wrong train.

NOTICE.—The undersigned commis-  
sioners will sell by public auction the  
job of building stone abutments and  
superstructure of a small bridge on  
Con. 5, opposite Lot 7, on Monday, July  
13th at 6 o'clock p.m. W. F. Smith,  
Jos. Stonehouse.

The W. M. Alderson took a load of  
excursionists from Port Dover to Erie,  
Pa., Saturday morning and returned  
Sunday night. Messrs. W. H. Dennis,  
J. W. Rodgers, G. Livingstone and R.  
C. Erwin, of Jarvis attended. They  
report a rough ride going over.

At Port Dover on Dominion Day the  
football match between Dover and  
Hagersville was well played and the  
contest was a very hot one resulting  
after a long play in one goal in favor  
of Hagersville. The Hagersville boys  
took the silver cup home with them.

A garden party and strawberry festi-  
val was held on the lawn of Mr. Geo.  
Thompson, Nanticoke, on Tuesday  
evening last, and was a success. The  
tables were all well supplied with the  
choicest delicacies of the season. A  
good program consisting of songs,  
recitations, etc., was furnished by several  
young ladies and gentlemen. The  
Jarvis Firemen's Band was also present  
and enlivened the occasion with choice  
selections during the evening. The  
proceeds, the amount of which we have  
not learned, were in aid of sidewalk fund.

Mr. and Mrs. Park Montgomery left  
last night for their new home in  
California.

A Hamilton Miller, Mr. R. R. Morgan,  
says, judging from indications in the  
district between the Ambitious City and  
St. Catharines, the crop of wheat in  
Ontario this year will be one of the  
finest ever reaped.

A Boston medical scientist has de-  
veloped a theory that certain years are  
more prolific of human births than  
others, and that this year is on the  
calendar to top the record. As the poet,  
weak in grammar but strong in senti-  
ment, sings:—Of all the crops the  
farmers raise or capital employs none  
yields such profit or such praise as a  
crop of girls and boys.

Capt. Battersby, of Port Dover, has  
been trying to interest Brantford citi-  
zens in the purchase of a new steamer  
to sail on the lake at the port and across  
to Buffalo when wanted. He has the  
steamer already in possession, but would  
like Brantford people to take shares.  
She is a good specimen of marine  
architecture. Capt. Battersby has every  
prospect of success in his mission.

An exchange says: A by-law prohib-  
iting dogs from running at large is  
just as essential as one prohibiting  
cattle, sheep and swine, and such a by-  
law would prove a blessing to the  
majority of property owners. A good  
dog has a much better chance to de-  
velop his usefulness about his owner's  
home than he has on the street, and if  
he is useless take him to the woods and  
quietly shoot him.

BRAGMY.—William Mace, the Water-  
ford man who was charged with having  
an extra supply of wires, was tried  
before His Honor Judge Robb, on Friday  
last. Crown Attorney Ansley prose-  
cuted and Geo. W. Wells, Q.C. defended  
the prisoner. Mace got clear on a  
technicality. His honor in rendering  
his judgment, which was written one,  
made it quite clear that he had no doubt  
of the prisoner's guilt and that he was  
only saved by the technical point raised  
in his behalf. It was a genuine case  
of the "not guilty, but don't do it again"  
description.—Reformer.

On Monday while Mr. Henry Pedlow  
who resides about two miles west of  
Jarvis was taking some horses across  
the track to water, they started up the  
track and before Mr. Pedlow could get  
them off the mixed came along and the  
horses ran down ahead of the  
train and were overtaken and thrown  
from the track, breaking their legs and  
otherwise injuring them so that they  
had to be killed. Three of them, a mare  
and spring colt and a yearling belonged  
to Mr. Filmar of Hagersville, and a  
three-year old colt owned by Mr. P.  
Mitchell. The horses were pasturing  
at Mr. Pedlow's.

A fraud by the name of Watson, but  
with various aliases, is going around  
among the Oddfellows. His plan of  
operation is to claim that he is waiting  
for his mail, and asks to have a cheque  
cashied. He has claimed to be a mem-  
ber of Guiding Star Lodge, New York,  
from which lodge he has been expelled.  
He is described as "about twenty-one  
years of age, slender build, tall, light  
complexion; at the time of leaving New  
York was clean shaven. Very plausi-  
ble in conversation, apparently well up  
in the work; a smooth talker."—London  
Free Press.
