A Well Known Lady Tells
of Great Benefit
Derived From

Hood's Sarsaparilla

For Debility, Neuralgia and
Catarrh

"TORONTO, Dec. 28, 1890.

"C. I. HOOD & CO., Lowell, Mass.

"GENTLEMEN: For many years I have been suffering from catarrh, neuralgia and general debility. I failed to obtain any permanent relief from medical advice, and my friends feared I would never find anything to cure me. A short time ago I was induced to try Hood's Sarsaparilla. At that time I was unable to walk even a short distance without feeling a

Death-Like Weakness

overtake me. And I had intense pains from neuralgia, in my head, back and limbs, which were very exhausting. But I am glad to say that soon after I began taking Hood's Sarsaparilla I saw that it was doing me good. I have now taken three bottles and am entirely

Cured of Neuralgia.

I am gaining in strength rapidly, and can take a two-mile walk without feeling tired. I do not suffer nearly so much from catarrh, and find that as my strength increases the catarrh decreases. I am indeed a changed woman, and shall always feel grateful to Hood's Sarsaparilla for what it has done for me.

It Is My Wish

that this my testimonial shall be published in order that others suffering as I was may learn how to be benefited.

"Yours ever gratefully,
"MRS. M. E. MERRICK,
"36 Wilton Avenue,
"Toronto, Canada."

This is Only One

Of many thousands of people who gladly testify to the excellence of and benefit obtained from Hood's Sarsaparilla. If you suffer from any disease or affection caused by impure blood or low state of the system, you should certainly take

Hood's Sarsaparilla

Sold by druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Lowell, Mass.

Protest.

AGAINST THE PROPOSED NEW MINING POLICY OF THE ONTARIO GOVERNMENT.

The discovery of nickel in the Sudbury region, has, for some years, attracted the attention of the explorer, and the application and uses of the nickel-steel having become apparent to the capitalist the people of Algoma looked forward with the hope that the coming spring would bring a large influx of men and money to the District, but the Mining Act, as introduced in the Legislative Assembly of Ontario, will completely tie up all mineral lands and debar all capitalists from investing or developing unpatented mineral land. Our iron deposits have never been worked and are almost worthless unless we get reciprocity or have the District developed.

Very lately there has been immense rich deposits of nickel ore discovered in Frankenstein, Germany, and with unlimited capital and cheap labor of Germany, it is questionable if the Sudbury mines can more than compete with those mines for the American market.

As the nickel is contained in iron ores which has heretofore been looked upon as worthless by the explorer, we fear that, during the next summer, there will be rich nickel deposits discovered in the United States, and in that case, our nickel product would, under the present state of affairs, be summarily shut out of the United States market, and our far famed nickel mines become of doubtful value; but, in any event, we believe in the principle that, as life is extremely short, we should "make hay while the sun shines," and accordingly, strain every effort to get men and capital into our province.

Algoma, with all her rich natural resources, appears to be unfortunate. The Indian Department's regulations respecting the some 200 sq. miles surrounding Sault Ste. Marie have been sufficiently liberal to prevent the sale of even one mining location within the last year, and lack of railway facilities or roads running into the interior of this point drives the explorer to Sudbury, notwithstanding that nickel deposits have been discovered in this part of Algoma.

The imposition of a royalty on mineral means ruin to Algoma.

We cannot understand the government reserving the mineral from the location when, in most cases, in the United States, none but the actual settler can purchase either timber or mineral lands, and it is that principle that causes their booms every time an Indian reserve is put on the market, as sometimes the choice timber sections are worth from \$5,000 to \$10,000 per 160 acres.

We fail to understand why Algoma, because it is not a prairie country, should be sacrificed to support old Ontario and her various educational and other institutions.

The farmers of Algoma have strongly and tersely stated that the pioneer is more deserving at the hands of Ontario than the politician.

With 26 members of the Legislative Assembly who are farmers, Algoma can surely hope to have a more liberal policy for the actual miner and farmer. Let the rights of citizenship be of some intrinsic value in Ontario, as it has always been in the United States.

Unless Ontario adopts a more liberal policy designed to settle and develop Algoma, she will soon ignominiously become a third-rate province, notwithstanding her vast and boundless resources.

Without unrestricted reciprocity we must have more liberal laws for the poor man, and if he is prosperous the

whole country is prosperous.

With respect to the proposed mining legislation the Board of Trade of Sault Ste. Marie, the town council and the Farmer's Institute have all passed resolutions against it.—Sault Ste. Marie Express.

Look After Your Vote.

Up to the 1st of August any person having the proper qualifications may apply by affidavit to be put on the Dominion Voters' List, setting forth in his affidavit any one of the grounds upon which he is entitled to be added to the list. These grounds are briefly as follows:

1. Owner of real estate—In a city this is \$300; in towns, \$200; in villages or country sections, \$150.

2. Tenant—The rental must be at least \$2 monthly, \$6 quarterly or \$20 yearly.

3. Occupant—The applicant must have been a bona fide occupant for one year prior to application of real property of the value of \$300 in cities; \$200 in towns or \$150 elsewhere.

4. Income—Applicant must be a resident in electoral district and derive an income of at least \$300 a year earnings in money or money's worth, or from some profession, calling, trade or investment in Canada, and has so derived such income, and been a resident of Canada for one year next before being placed upon the list.

5. Farmer's son—Applicant must have resided with his father one year before being put on the list, and as many sons may be put on as the value of the father's property will permit, allowing each son the same amount as entitles the father to be put on.

6. Owner's son—Applicant must be the son of an owner of real estate other than a farm, and the father's property must be sufficient to give each son applying a qualification equal to that required of an owner. For example: In country districts if an owner's property is valued at \$750, the owner and four sons may be placed on the list, as this would allow \$150 to each.

7. Tenant's son—Applicant must be son of tenant of farm of not less than twenty acres, and leased for not less than five years, and have resided with his father at least one year before going on list.

8. Fisherman—Applicant must be a fisherman and the owner of real estate and fishing gear, which together are at least of the value of \$150.

9. Annuitant—Applicant must have resided within the electoral district one year before being put on the list, and in receipt of a life annuity secured on real estate in Canada of at least \$100.

For Over Fifty Years

Mrs. Winslow's SOOTHING SYRUP has been used by millions of mothers for their children while teething. It disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup." 16

A ten cent piece was found on the main street the other day. This was just enough to buy a packet of Wilson's Fly Poison Pills, and could not be put to better use. For exterminating Flies, Ants, Cockroaches, Etc., nothing equals Wilson's Pills. Sold by all druggists. Take no imitations.

The experts appointed to investigate the books of ex-Treasurer Bardsley have found that he was making the snug salary of \$150,000 out of his office, and that his deficit is \$1,709,835.

Why It Is Popular.

Because it has proven its absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, and because it combines economy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day.

Baron Hirsch writes that he intends to form a great Jewish company to carry out his Jewish colonization scheme. He himself will take most of the shares, not for the purpose of gain, but to secure business-like administration.

Health, Happiness and Prosperity

All these depend on pure blood, for without it health is impossible; without health happiness is impossible, and without happiness prosperity is a mockery. No means of obtaining pure blood and removing bad blood equals the use of B.B.B., the best blood purifier known.

Minard's Liniment for Sale everywhere.

A Nationalist Plan.

A proposal, which would obtain favor with even the opponents of Nationalism, contemplates the placing of a supply sufficient for each family of nature's great dyspepsia specific and blood purifier, B.B.B., in every home in the land. The benefits of such a boon to the people would prove incalculable.

HARD TIMES PRICES!

Having engaged the services of a first-class woodworker, Mr. George Livingstone, who has worked in the village for some time, I am now prepared to do all kinds of work on shortest notice.

—Parties in want of a—

BUGGY, DEMOCRAT, or WAGGON,

would do well to call before purchasing elsewhere.
