J. W. RODGERS,
Editor and Proprietor.

WEDNESDAY, MAR. 6, 1901.

The Good Roads Bill

The long-promised good roads bill was introduced by Premier Ross in the Ontario Legislature last Friday. It sets apart \$1,000,000 for the improvement of the public highways. The principal clause reads: "The highways to be improved may be designated and assumed by by-law of the County Council, with the assent of the Councils of the municipalities through which such highways pass, provided, always, that the highways so designated shall, as far as practicable, facilitate the direct transportation of the agricultural produce of the county or townships immediately interested to the local markets of the county." It is also provided that in the event of a majority of the local municipalities disapproving of any by-law of the County Council, the by-law in dispute shall be submitted to a vote of the ratepayers of the county. Another clause is to the effect that after the completion of any public highway, and after an authorized engineer has pronounced it to be satisfactory, a sum amounting to one-third of the cost of construction shall be granted by the government, so long, however, as this sum will not be in excess of the appropriation to which the municipality is entitled. Any municipality is empowered, should it so desire, to use the appropriation for the purchase and abolition of toll roads and the purchase of approved road-making machinery. The statute labor, for which the lands fronting on these public highways are liable is to be commuted and shall be applied to the improvement of other highways in the municipality, as may be determined by the Township Councils concerned.

Smallpox Near Cayuga

Toronto, March 1—News was received last night in the city that a case of smallpox, having its origin in the infected Sudbury district, had broken out near Cayuga. The man is quarantined about 6 miles from Cayuga. Dr. King, of Cayuga, who has charge of the case, was called yesterday afternoon, and at once took active steps to prevent the disease spreading. The man had a certificate, so it is stated, from Sudbury showing that he was supposed to be free from any danger of the disease, on Feb. 12th. He has been in the neighborhood of Cayuga for over a week, but the disease was only discovered yesterday. There is no knowing how many persons he may have exposed to the disease.

Of Practical Aid To Women.

The March number of the Delinquent is admirably suited to the various needs of every woman. There is something in it of a practical character for every woman who has household cares or who wishes to understand the tendency in modern styles. One of the most valuable articles is on "The Servants We Do Not Keep," by Prof. Ellen H. Richards of the Massachusetts Institute of Technology. This is a subject that should interest every woman who has troubles with the domestic problem.

Treating in any saloon or other public place where liquor is sold in Oregon, is to be made an offence punishable by a fine of from ten to fifty dollars, or imprisonment for from five to twenty-five days.

Memorandum To Factorymen.

From The Montreal Butter And Cheese Association.

CURING OF CHEESE.

The Montreal Butter and Cheese Association desires to call the special attention of Factorymen to the uncured condition of most of the cheese coming to Montreal. It has become the practice of Factorymen to send their cheese to Montreal before they are sufficiently cured, and if we are to hold the good reputation we have gained, this bad practice must be stopped, and cheese must be held in the factories at least two weeks for fast curing cheese, and longer for slow curing cheese, or in all cases until the cheese are cured. Factories should be so provided that the temperature of the curing room can be maintained at or near 60 degrees Fahrenheit, other-wise cheese are injured, by heat in summer and cold in autumn.

APPEARANCE OF CHEESE.

A large number of the cheese arriving in Montreal have at least one rough end, and some have two rough ends, giving the cheese a very bad appearance and affecting their value. All cheese might easily have a good appearance if the maker would take his cheese out of the hoops early in the morning of the day following the date of manufacture, trim off any unevenness, put his cheese back to press with the ends reversed, and leave them there until the afternoon, using press rings to keep the cheese from pressing up between the hoop and the floor.

CHEESE BOXES.

The cheese boxes generally in use are disgracefully poor, and Factorymen should insist upon being supplied with a better box in future. In the box that is at present being supplied, the sides are too thin, which causes them to break, and the head and bottom is frequently made of too many pieces, which causes them to fall out, and insufficient nailing of these is a common complaint. We ask the Factorymen to insist upon getting boxes with sides from one-fifth to one-quarter of an inch in thickness, with not more than two pieces in the top or so that they will not shrink away from the bands and weaken the box.

WHEY

Another objectionable practice seems to be growing in many districts of the country, and that is the practice of carrying whey back from the factory to the farm in milk cans, which gives to the cans a bad smell, and this is too often communicated to the milk, and does a great deal to cause bad flavour in the cheese. Where the farmer desires to make use of his share of the whey, it is strongly recommended that he carry with him in his wagon a barrel or other cans than his milk cans to convey the whey to the farm. Under no circumstances should whey be conveyed in milk cans.

BUTTER.

Canada must go more largely into the manufacture of fancy butter, since it is evident that we are now making as many cheese as can be consumed in one season at profitable prices. There is abundant room for expansion in butter making, provided only the best quality is made. All hope of doing an export trade of any importance in dairy butter must be abandoned. Nothing but the best Creamery butter will sell freely and profitably. There is proof enough that fancy butter can be made in Canada, but much progress must yet be made ere our average quality will stand as high as that of Denmark or Australia. We are especially behind these countries in regard to packages. Only the best obtainable should be bought, uniform in style and size, and where boxes are used, no more and no less butter should be packed than will test 56 lbs. when delivered in Montreal.

MONTREAL, February 19th, 1901.

This is the most prosperous year in the history of the Farmers' Institutes of the province. It is expected that the membership will increase from 19,000 to 25,000 before the season ends. The original draft of 700 meetings will have to be increased to 800 to meet the needs of the situation. The Halton institute now leads, with a membership of 661 compared with 494 last year and with 545 as the highest of any county last year.

Port Rowan News—Mr. E. A. Killmaster bought one of the old Van Norman stoves the other day, taking it as old iron from a man who had no fancy for the old thing. It was made nearly a hundred years ago at Normandale, from iron smelted in this county from the bog ore of the neighborhood. It is quite a curiosity and what is more it is a relic of the pioneer days of this county as well as of the beginning of the iron industry of Canada and is doubly valuable at this time when our Dominion is entering upon a great iron era.

On Saturday Feb. 23rd inst. there passed away at Springvale one of the oldest settlers of the township of Walpole in the person of Mr. Samuel Bowman, at the advanced age of seventy-two years. Born in England, at the age of fourteen he came to Canada and settled on the 12th concession of Walpole. For nearly fifty years he was a class-leader and local preacher in the Methodist church. The funeral services were conducted by Rev. G. W. Down, who preached an appropriate sermon to the very large circle of friends and relatives who had assembled to pay their last respects to the deceased. He leaves a widow and four grown-up sons to mourn his death.—Standard.

Townsend Census Enumerators.

The Census Enumerator for Townsend is as follows:—

- Polling Sub-Div. No. 1—A. R. Ewing, carriage builder, Waterford, farmer, Boston.
- Sub-Div. No. 2—David Lutes, farmer, Boston.

BLOOD POISON

If you ever contracted any Blood Disease you are never safe unless the virus or poison has been eradicated from the system. At times you see alarming symptoms, but live in hopes no serious results will follow. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, skin eruptions, itching of the skin, sores or blotches on the body, eyes red and smart, dyspeptic stomach, sexual weakness—indications of the secondary stage. Don't trust to luck. Don't ruin your system with the old fogey treatment—mercury and potassium—which only suppresses the symptoms for a time only to break out again when the virus is domestic life. Don't let quacks experiment on you. Our NEW METHOD TREATMENT is guaranteed to cure you. Our guarantee is that if you are not cured we will cure you for no more money. Thousands of patients have been already cured by our NEW METHOD TREATMENT for over 20 years, and no return of the disease. No experiment, no risk—not a "patch up," but a positive cure. The worst cases solicited.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU FOR NO PAY. We treat and cure NERVOUS DEBILITY, SEXUAL WEAKNESS, EMISSIONS, SYMPHILIS, GLEET, STRICTURE, VARICOCELE, KIDNEY AND BLADDER DISEASES, and all diseases peculiar to men and women. Cures guaranteed.

Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? No matter how long you have been diseased, our NEW METHOD TREATMENT will cure you. Write for a free booklet. Free of charge. Charges reasonable. Books free. "The Golden Monitor" (Illustrated) on Diseases of men "Diseases of Women" "The Wages of Sin." "Varicocele, Stricture and Gleet." All sent free sealed.

No medicine sent C. O. D. No names on boxes or envelopes. Everything confidential. Question list and Cost of Treatment, FREE, for Home Care.

DRS. KENNEDY & KERGAN

148 SHELBY ST. DETROIT MICH.

MONTROSE BICYCLE SENT FREE

THE LONDON FREE PRESS

A PROGRESSIVE AND POPULAR PAPER

ESSENTIALLY A NEWSPAPER.—The Free Press is now in its fifty first year. It is essentially a newspaper for the home circle. While distinguished for enterprise, care has been taken from the beginning of its career to admit nothing to its columns that would offend the moral sense of self-respecting people.

THE MARKET REPORTS.—Are full and up-to-date, containing all the latest Canadian, American and English live stock and grain markets, with the most up-to-date news.

VETERINARY COLUMN.—A new and special feature, conducted by J. E. Hodgins, V. S., Honor Graduate O. V. C. Articles appear every Saturday dealing with all classes of veterinary science; also questions and answers daily relating to all diseases of animals, etc. Contains valuable home instruction for the farmer and stock owner.

FOREIGN NEWS.—A complete history of the doings all over the known world in the latest and up-to-date despatches.

COMPLETE CANADIAN NEWS.—By telegraph and mail from all parts of Canada, particular attention being paid to Western Ontario.

SPORTING NEWS.—Is full and complete with Amateur and Professional Sports—Baseball, Cricket, Lacrosse, Golf, Bowling, Football, Hockey, Skating, Horse Racing—trotting and running, Hand Ball, etc.

IN POLITICS.—In politics it is Conservative, but its Conservatism has never prevented it from doing justice to or upholding men of both parties who do right. It is the organ of the people, irrespective of party, and makes the public well-being its first consideration.

In fact, the Free Press is the most complete and up-to-date paper west of Toronto—from 8 to 12 pages through the week and 16 pages on Saturday. It is bright and readable news for old and young.

Second Edition at your post office for \$2 per year. Now is the time to subscribe.

The London Free Press Ptg. Co., Ltd. London Ont.

T. E. MORROW
