To provide against sweating in the sur time, Sunshine Furnace is equipped with a nickelled steel radiator and dome. All bolts and rivets are nickelled, all rods copper-plated. This special treatment, besides meaning quicker and greater radiation from the radiator and dome than cold chill iron could possibly give, acts as protection for the bolts, rivets and rods from inroads of gas. When cast iron comes in contact with our nickelled steel it is coated with our special Anti-Rust treatment, which prevents the slightest possibility of rust commencing

# MY LUCKY DAY

Mr. Thomas Wylie (Box 384), Galt, says:—"It was the luckiest day of my life when I struck PSYCHINE, for I truly believe I shouldn't be alive now but for that. "A neglected cold was the beginning of my trouble, and what seemed to be a simple ailment, soon developed into a serious and dangerous condition. I got so low that it was scarcely possible for me to walk around, and I lost so much flesh that I looked like a skeleton. I was just about ready to 'hand in my checks,' although only 20 years of age. The medicine the doctor gave me made me worse and I go disgusted .- Then I struck PSYCHINE." PSYCHINE did miracles for me. The first bottle gave me new life and cour ge, and in less than no time I began to put on fleshrapidly, and I felt I was on the high road to recovery. My appetite returned, and I ate like a hunter, as the saying goes My friends were surprised, and hardly knew me. In three months I was as strong and well as ever, and returned to work in the mill. I have not had a day's illness since. Nobody could wish for better health than I enjoy, and it is all owing to PSY. CHINE. It should be in everybody's
