#### Note and Comment

Perhaps the reason it has been decided to further improve the appearance of the Bank of Hamilton's head office is not to have it outdone too far by the Jarvis branch.

The business men's association will pardon us if we take our half holiday in the winter time. The devil says the ink works away better in the hot weather and we have to humor his august majesty in the little things.

Next in order will be local option on the cigarette question. Galt has introduced a license system to better control the traffic, it is hoped. Instead of 56 places where the dope sticks can now be bought, the sale will be restricted to four tobacco stores exclusive of the hotels which are under control of the liquor license board. One of the objects, and a proper one, is to stop the sale to minors.

The merry month of June and weddings. Nothing wrong with the month in which to get married, but May is equally as good. Glad to see more young couples breaking away from the old and nonsensical idea of May being an unlucky month. The only reason for that idea is because the word happens to rhyme in a bit of jargon about ruing the day. The best way to treat those silly superstitious ideas is to disregard them entirely.

The London temperance league is opposed to any more old boys' reunions, and considers the one held had a very demoralizing effect on the city. The old boys can blame the home boys and the home boys the old boys.

Port Dover band has reached such a state of efficiency a new band stand of cement and metal is to be erected. A hundred dollar subscription from a former citizen, who doesn't wish his name published, gives an idea of what a gandy it will be. Jarvis has the stand and the individual players. Wish some former Jarvisite would donate a hundred plunks to bring 'em together.

The Kingston Standard says that Editor Asselin goes to "gaol." As if the incarceration itself was not sufficient punishment without having it spelled that way. -Hamilton Spectator.

That's truly bad, but what would the Spec think if it's county jail were referred to in the council minutes as the "g-o-a-l"?

In Hamilton last week two loads of wheat sold at \$1.45 per bushel—the highest price ever paid there. An advance in the price of flour is looked for and then watch the staff of life advance a notch or two and stay there.

It pays to watch the markets. A local dealer in—, well, never mind in what line it is. Anyway, he got wind of a stiff rise coming in the wholesale cost of his special commodity and lost no time getting to the city in order to stock up before the advance went into effect. Figuring on the prices now quoted he is five or six hundred dollars ahead. Not so bad for one day's work.

The Marathon craze has reached the Manitoulin Island and several Indian braves have gone the regulation distance of 26 1/2 miles and made good time. There are some white runners on the island, too, who may be depended on to give a good account of themselves. One of the latter is reported to have gone eight miles in 45 minutes across country, or an average of 5 1/2 minutes per mile. Jamieson here on Victoria day ran his ten miles on the half-mile track in an average of 6 1/2 minutes per mile.

No one should begrudge that Chicago speculator, Patten, his million made in wheat. Had he allowed a lust for gain to carry him away, he might have cleaned up a million or two more and put many of his fellow-speculators to the wall. Had some people—and you don't have to go out of the country to find them—been in his position, the "shorts" would have been "squeezed" and a Kentucky colonel in a local option township.

## One public function of a chartered bank is to furnish a safe and convenient place of deposit for the surplus cash of the people.

THE establishment of branches of a bank in each small centre of population, is to meet the convenience of the local citizens, and afford them, both a "clearing house" for business transactions and a satisfactory custodian of savings.

Every local branch of a Chartered Bank has the full financial strength of the Head Office.

The Capital and Reserve of THE BANK OF HAMILTON amount to Five Million Dollars; Total Assets are over Thirty Million Dollars. All this stands as security for every Dollar deposited for safekeeping in the local branch of the Bank.

The point is, that the Chartered Bank is the natural place to keep your money, and safe, sure and convenient.

THE BANK OF HAMILTON specially invites the Savings Accounts of both men and women, and has thoroughly simplified the routine of depositing and withdrawing either large or small sums, whenever desired.

### Over 1400 Publications In Canada

According to the 1909 edition of the Canadian Newspaper Directory, just out, Canada and Newfoundland can boast of 135 daily papers, 1015 weekly or semi-weekly, 262 monthly or semi-monthly, and 14 published less frequently.

These figures can be relied on, as the Canadian Newspaper Directory is published by the oldest and largest Advertising Agency in the Dominion, A. McKim, Limited, of Montreal and Toronto. This is the Sixth Edition of their Directory, which fills a very real need in Canada, and deserves a place on the desk of every business man, whether he is an advertiser or not.

In addition to listing and describing Canadian periodicals, the Directory supplies a comprehensive gazetteer giving the population, the chief industries, the railway, telegraph, banking facilities, and other interesting features of every newspaper city, town and village in Canada.

The book contains over 430 pages. It is splendidly bound and is certainly a credit alike to the publishers and to Canadian newspapers generally.

A. McKim, Ltd., are particularly well qualified to edit and publish this, the standard book of reference on Canadian publications. They are the pioneers in the Advertising Agency field in the Dominion, the McKim Agency having been founded in Montreal in January, 1899, twenty years ago, by Mr. Anson McKim, who is still at the head of the business.

During all this time they have been the acknowledged leaders in this line in Canada, and the Agency business has been developed from a very small beginning—then performing only the functions of the middle man—to a very large producing enterprise which runs into the millions.

Years ago McKims recognized that one of the requisites for successful advertising is a thorough knowledge of advertising mediums, and they began the publication of the Canadian Newspaper Directory, which is now recognized as the most complete and accurate work of the kind published.

The price, express or postage prepaid, is \$2.00.

### Keep the Kidneys Well

Health Saving Explained by a Jarvis Citizen Who Knows From Experience.

Many Jarvis people take their lives in their hands by neglecting the kidneys when they know these organs need help.

Sick kidneys are responsible for a great amount of suffering and ill health.

The reason so many use Booth's Kidney Pills is their quick relief for all Kidney weakness. Here is what a Jarvis citizen says:—  
Mr. Andrew Hough of Jarvis, Ont. says,  
"There was a constant depressing feeling across my stomach, pains would catch me and leave me in a most miserable condition. My appetite had been very poor and my general health had not been good for over a year. I had tried numerous prescriptions to relieve this feeling but there was nothing to benefit me. Mr. Morrow, the grocer, advised me to try a box of Booth's Kidney Pills which I did and was surprised at the quick result. The pains lessened and my appetite improved. The urine that had for a long time been of a high color, cleared to natural and I have enjoyed the best of health since."  
Sold by Dealers. Price 50 cents.
