

SUNDAY SCHOOL LESSON

LESSON XII.—MARCH 21, 1935.

Review.—Read Acts 1: 6-14.

Summary.—Lesson 1: Topic: Christ's ascension. Places: Mount Olivet and Jerusalem. Jesus was about to leave the disciples; they were commanded to return to Jerusalem, and wait for the promise of the Father; they asked Jesus whether he would restore again the Kingdom to Israel; he promised the Holy Spirit to them; they were to be witnesses in all lands; Jesus ascended to heaven; angels appeared to the disciples; they returned to Jerusalem and continued in earnest prayer.

II. Topic: The Pentecostal outpouring. Place: In an upper room at Jerusalem. At the feast of the Pentecost, fifty days of the Passover; the disciples assembled in an upper room; with one accord; suddenly a sound from heaven; tongues "like as of fire" sat upon them; they were filled with the Holy Spirit; spoke with other tongues; Joel had prophesied concerning this outpouring.

III. Topic: The preaching of Peter. Place: Jerusalem. Peter preached a sermon; he showed how great a person Jesus was; the people were pricked to the heart; they saw their sin in infidelity; Christ; they called upon him to repent; they were promised the gift of the Holy Spirit; three thousand believed in Christ and were added to the church; the apostles did many signs and wonders; those that believed sold their possessions and had all things common; they continued daily in prayer in the temple.

IV. Topic: Divine healing. Place: At the temple in Jerusalem. Peter and John while going into the temple saw a lame man; he asked them to give him money; they did not; he was healed and went leaping and praising God; the people came together in Solomon's porch; they were filled with amazement; Peter preached to the people; asked them why they marvelled; said God had glorified Jesus whom they called killed; and had raised him from the dead.

V. Topic: Preaching in the name of Jesus. Place: Jerusalem. While Peter and John were preaching the authorities came upon them; they were arrested; because they preached Jesus and the resurrection; the apostles were arrested and put in prison; many that heard the word believed; the next day the rulers assembled and Peter and John were set in the midst; Peter spoke to them; and again preached Jesus; the Sanhedrin considered the case and decided to threaten them and let them go; Peter and John refused to promise that they would stop preaching in the name of Christ.

VI. Topic: Christ the defense of his church. Place: Jerusalem. Those who believed were united; they sold their possessions and had all things common; no one lacked anything; Barnabas sold his land and laid the money at the apostles' feet; the apostles witnessed the resurrection of Jesus with great power; Ananias and Sapphira sold their possessions; they tried to deceive the apostles and kept back part of the price; the Lord is not mocked and as a punishment for their sin they both fell dead at Peter's feet; fear came upon the church.

VII. Topic: An overruling providence. Place: Jerusalem. Such great numbers were added to the church that the rulers and Sadducees determined to stamp out the new religion; the apostles were arrested and put in prison; they were delivered from prison by the angel of the Lord; the next morning they entered the temple and taught; the officers brought them before the council; Peter preached Jesus to them; they were cut to the heart and took counsel to slay them; Gamaliel's speech saved their lives.

VIII. Topic: The martyr Stephen. Place: Jerusalem. Seven deacons were chosen to attend to the worthy poor; Stephen, one of the deacons, worked mightily among the people; the elders and critics brought him before the council; false witnesses were set up; Stephen showed them he was true; they brought against him false charges; he told them they were the murderers of the just One; they cast him out of the city and stoned him.

IX. Topic: The spread of the gospel. Place: A city in Samaria. Saul persecuted the church greatly; the disciples were scattered abroad and went everywhere preaching the word; Philip preached in Samaria; many were healed; the demon spirits were cast out and there was much joy in the city; Simon the sorcerer, pretended to be converted; Peter rebuked him and told him he was in the gall of bitterness and in the bond of iniquity; the disciples returned to Jerusalem, preaching as they went.

X. Topic: The missionary labors of Philip. Place: Toward Gaza, southwest of Jerusalem. Philip was directed to go toward the south; he drew near a man of Ethiopia who was reading the scriptures; Philip asked him whether he understood what he was reading; the man said he did not; Philip was invited into the chariot; he preached Jesus to the Ethiopian; the eunuch believed and was baptized; the Spirit of the Lord caught away Philip; the eunuch went on his way rejoicing; Philip was found at Azotus; he passed through the cities and preached.

XI. Topic: The power and influence of Christianity. Place: Lydda and Joppa. Peter went to Lydda; there he found Aeneas, who had been sick with the palsy for eight years; Aeneas was healed through faith in Jesus Christ; many people turned to the Lord; Dorcas, who lived in Joppa, died; the disciples at Joppa sent for Peter; Dorcas raised to life through Peter's prayer; many in Joppa believed in the Lord.

PRACTICAL APPLICATIONS.

I. The ascension was a fitting close of Christ's earthly career. The proof of his divine nature was thus completed and his continued existence established. "He was received up into heaven, and sat on the right hand of God" (Mark 16: 19). It was better for the church that he go away and that the Holy Spirit be sent. We are now taught to walk by faith and not by sight. The ascension gives new hope to life.

II. The Spirit was promised positively and emphatically (Joel 2: 28, 29). The

THE RIGHT KIND OF A ROOF

Long years before you could find a sign of wear-out about an "Oshawa" shingled roof would be better to dust. Any ordinary metal-shingle roof would be pitted with thousands of rust holes. Any patent paper-and-tar roof would be ragged pulp. Even a slate roof would be dangerously out of repair.

Long, long before any "Oshawa" shingled roof needed a single thing done to it.

Because, as you can easily see for yourself, there is simply nothing TO wear out about a shingle of heavy (28-gauge) toughened steel, special galvanized to defy moisture—"Oshawa" Galvan-

ized Steel Shingles are like that.

We are safe enough in guaranteeing these shingles for twenty-five years, as we do, in plain English, with a quarter-million dollars back of the written guarantee, which says:

If any roof that's "Oshawa" shingled in 1909 leaks at all by 1935, we will put on a new roof for nothing.

Honestly, we believe an "Oshawa" shingled roof will last a century. Why shouldn't it?

These heavy steel galvanized shingles leak underneath on all four sides in such a way that the whole roof is practically one sheer sheet of steel—without a crevice or a seam to catch moisture or to let wet get through.

You need never put a brushful of paint on an "Oshawa" shingled roof, the special galvanizing makes paint entirely needless, and it won't wear off nor flake nor peel. Yet that roof will be Rain-proof, Snow-proof, Wind-proof, Weather-TIGHT as long as the buildings stand.

Fire-proof, of course. How could a seamless sheet of tough

steel catch fire? That alone is worth the whole price of these Oshawa Galvanized Steel Shingles.

"OSHAWA" GALVANIZED STEEL SHINGLES

A new roof for nothing if they leak by 1935

Count the saving in insurance rates (any company makes a lower rate on buildings so shingled). Count the freedom from anxiety, the safety of your houses and barns.

And, a most important fact to you, an "Oshawa" shingled roof is LIGHTNING-proof? Positively proof against lightning—insulated far better than if it bristled with lightning rods

Lasts a Century
Never Needs Painting
Can't Catch Fire
Makes Buildings Lightning Proof

Half a million dollars doesn't cover the damage lightning did last year to Canadian farm buildings alone, and "Oshawa" shingling would have saved all that loss.

Yet, with all these things to show you that an "Oshawa" shingled roof is the RIGHT roof for you, "Oshawa" Galvanized Steel Shingles cost no more than wood shingles to start with. Let me tell you just what it would cost to roof any building right.

You needn't figure the labor for anybody who can use a hammer can

put these shingles on easily and quickly.

Will you let me send you sample shingles, an estimate, and book that tells all about "Roofing Right"? It would pay you, I think, to read the book. It's free, of course.

SAW SHOT FIRED.

Mohawk Indian is Acquitted of Murder of Grandfather.

Members of His Family Told of the Shooting.

Belleville, Ont., Despatch.—Thomas Smart, a member of the Mohawk Indian tribe, in this country, was this afternoon placed on trial for the murder of his step-grandfather, Jas. Sero. Mr. H. D. Gamble, K. C., of Toronto, was Crown Prosecutor, and Mr. W. S. Herrington, K. C., looked after the interests of the prisoner. The courtroom was crowded with interested spectators.

Mrs. Catherine Sero, widow of the murdered man, detailed the circumstances of the murder, which occurred at the family residence, on the 17th of September last. Witness told dramatically of how the shooting took place. Tommy Smart, her grandson, she said, did the shooting, using a shotgun. After he had committed the crime the prisoner said that he did not intend to kill Sero, but as he had done so he was prepared to hang like a man. There had been no quarreling between them. Her husband was under the influence of liquor at the time. Witness swore that the prisoner said he would soon see a man fall, and as her husband advanced towards them Smart discharged the gun. Her husband died a few minutes after he was shot.

Mrs. A. Brant, formerly Dorothy Smart, corroborated the evidence of her grandmother to a material extent. She swore that she saw her brother, Thomas Smart, fire the gun at James Sero, and the latter died a few minutes after receiving the wound.

Mrs. D. Howard, a sister of the prisoner, testified that on the night of the shooting the prisoner came to her house and said he would put "Uncle Jim," meaning Sero, out of business if he did not stop abusing Dorothy and his grandmother.

Drs. Moore and Gibson, who performed the post-mortem, testified that death was the result of a gun wound in the thigh and lower part of the abdomen.

The defence was brief, but three witnesses being examined in addition to the prisoner. The latter said he did not intend to shoot his uncle, but to scare him; that his grandmother took hold of the gun, and it was accidentally discharged by the hammer striking the prisoner's wooden leg.

The jury, after being out 1-1-2 hours, returned a verdict of not guilty, and Smart was discharged, after being given some wholesome advice by his Lordship.

GOMPER'S CASE.

Appeal Verdict on "We Don't Patronize" List.

Washington, March 15.—The Court of Appeals of the District of Columbia today modified and affirmed the opinion of the Supreme Court of the District of Columbia, enjoining the American Federation of Labor, Samuel Gomper, and other defendants from publishing in the "We Don't Patronize" list the name of the Bucks Stove & Range Company, of St. Louis.

The opinion which was handed down by Justice Robb holds that the decree of Judge Gould should be modified to the extent that there should be eliminated from the decree the restriction of the labor organization, and the other defendants from mentioning, writing or referring to the business of the Bucks Stove and Range Co. or its customers. Otherwise the decree is affirmed. The court holds that the combination and boycott in furtherance thereof and the publication in the "We Don't Patronize" list in aid of the boycott is illegal.

PEOPLE IN PANIC

Over Prediction of Another Earthquake in Pyrenees.

Alicante, Spain, March 15.—The prediction of Emil Marchand, director of the observatory on the Pico de Midi in the Pyrenees, that an earthquake would occur on Feb. 21, having proved correct, the inhabitants of this district are now in a state bordering on panic, as the second severe shock is predicted for March 20. Many people are leaving the city, and others have already begun to offer up prayers for deliverance in the churches.

The authorities have obtained a letter from the director, dated March 10, pointing out that his predictions are only based on probabilities, but the lower classes are most superstitious. They believe that this letter is a forgery, and they are convinced that the prophecy will come true.

THE 7TH SQUABBLE.

London Much Worked Up Over Campbell's Case.

London, Ont., March 15.—Mayor Beattie will be asked by the 7th Regiment officers to take up the Cotton-Campbell matter in the House at Ottawa, and also with the military authorities there, and demand an explanation of Gen. Cotton's conduct in holding up Major Campbell's promotion to be commander of the regiment. The citizens and soldiers are greatly stirred up, and the citizens may send a petition also to Ottawa, as they claim Gen. Cotton is in a position to speak, and should be made to give a valid reason for denying the right of promotion to an officer who has not only always proven capable, but is acceptable to them and to his regiment.
