Stomach Distress.
Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.
This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.
If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.
Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take one triangle after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.
Pape's Diapiesin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.
Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.
These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion.

Struck Good Flow of Gas
Caledonia Sackem.—Mr. Leslie, who had the contract for putting down a gas well on the farm of Mr. John Senn, Onondaga, for a syndicate of farmers living in that section, struck a good flow of gas on Saturday, and all the parties interested are now wearing broad smiles. Since the well was first started a number of costly accidents have occurred, but Mr. Leslie and his drillers struck to the work until they overcame all the difficulties, and were pleased men when they struck such a good flow. Mr. Leslie and the members of the syndicate were in Hamilton on Monday purchasing the necessary material for piping the gas to the different homes.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by T. E. Morrow.

Ex-Chief Malone, of Simcoe, has been enrolled among the employees of the tailor shop at Kingston penitentiary.
The late John Hanrahan left an estate valued at \$21,267, made up as follows: Realty, \$2,500; cash, \$14,450.27; note, \$200; share in Britannia athletic association, \$100; stock in Nelson house, \$400. A brother, James, is left \$2,000 and the residue of the estate goes to the widow.

The late Philip Vansickle of Ancaster, who lost his life in the fire which destroyed his home, left an estate valued at \$8,191.50.
Services were held in the Hagersville Methodist church on Sunday for the first time since the fire. The interior of the church, which has been in the hands of the painters and decorators for the past three weeks, presented a very handsome appearance.
Have you a pain—of any kind, anywhere? Stop just a minute and think! It matters not whether it be womanly pains, head pains, or any kind of pain, one of Dr. Shoop's Little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by T. E. Morrow.

Stop That Cold

To check early colds or gripe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics.
Preventics are Little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Preventics may also save half your usual sickness. And don't forget your child. If there is feverishness, nightcrying, or anything like Preventics' greatest efficiency. Sold in 2c. boxes for the pocket, also in 25c. boxes of 48 Preventics. Insist on your druggists giving you

Preventics

Letter From Cuba.

To the editor of The Jarvis Record:
Dear Sir,—Just a few lines to the readers of The Record from a sojourner in the Island of Cuba—one of the great West Indies. I wish to state some of my views as regards the prospects for investments in this island that has practically lain dormant for about 400 years under the yoke of Spanish misrule and anarchy, as this country was wholly reserved for the use of the Spanish people alone; not even were the natives allowed to make any progress to better their condition of life, and a great many of them have found the habit of living on what nature provides for them. I can safely say there is no other country under the sun that nature has provided so abundantly for her people and holds out such great inducements for the investment of capital, energy and brains as the Island of Cuba does at the present time. In this southern climate, beautiful sunshine weather, fragrant palms, atmosphere perfumed with its ever blooming flowers of nature's own production, why should not one enjoy such an exhilarating atmosphere as nature has provided for the inhabitants, purified by the great trade winds of the Atlantic ocean, which blow every day annually and give the island an ideal climate. As to pioneering, nature helps those who help themselves.
A few of the industries are the production of sugar and tobacco and stockraising. These industries are increasing every year and now since the war with Spain, the American people are going into the cultivation of citrus fruits and vegetables for the American market which is so close to the Island of Cuba. Yours truly,
A Sojourner.
