Fruit Section Rather Poorly Represented at Toronto,

But [the Show as a Whole Is a Magnificent One.

Toronto despatch: If the Niagara peninsula should be ashamed of one thing more than another it lies in the small display of products at the Horticultural show now going on here. The more one notices the excellence of the Norfolk county exhibits, the more he begins to feel alive to the splendid advertisement the growers over by Lake Erie are getting. They monopolie the show in fruit. One bright, particular ray of comfort for the garden district, and one only, is the varied collection of fruit shown by the St. Catharines Cold Storage Company. It embraces peaches, grapes, quinces, apples and pears, and is tastefully arranged. The red ticket went to this showing. the second to the Norfolk Fruit Growers' Association, and the third to the Gran them Association.

A fine display of sweet potatoes is one of the features of the Essex county sta-

In the exhibit from the St. Lawrence station, Maitland, one sees a variety of apples only heard of once or twice in a hifetime. Some of those on the plates comprised the Salome, Blunt, Manmoth Black Twig, Borken, Milding, Scarlet Pappin, Winesap, Haas, Fancy, Rlue Pearmain, Shackleford, Grimes' Golden, Palause, Canada Paldwin, Milwaukee, Sluawassie and others.

The box and package show consisted of nearly four hundred entries in apples done, another hundred held pears, quinces, grapes and peaches.

Holland pippins showed up well, were of better quality than usual, and faultless in size, shape and coloring. Tallman Sweet had a large place, both in the box and barrel list. As might be supposed, Spys, Baldwins, Ribston pippins, Snows, Greenings and Kings held their own. The pretty coloring of the St. Lawrence attracted almost every visitor to them. Perhaps the finest box of the Gilliflower variety is to be seen right at this show. It certainly stands alone, and the dark purple coloring makes it the beautiful trust that it is. Then there is the magmificent showing of the Fallawater on plates specimens that would average fifteen ounces in their gray-green dresses. And last of all are the McIntosh Red and the Snows, like brilliant red lights among their russet and more sambre fellows. The showing of the former is quite an exceptional one, and of the latter, fair.

In single varieties, the Red Streak was the only variety left unjudged from yesterday. First and second pries went to vall and Lindsay, respectively.

Exhibitors from Humber Bay scooped up everything in cauliflower, white, red

Howell, Anjou, Hardy, Kieffer and Duchess pears were in evidence, being nothing out of the ordinary run of the

What grapes there are on show are hardly satisfactory at this late day to make a creditable showing, and of peaches the same thing may be said. Domestic fruit and jellies in glass to

the number of over one hundred, should seem to give the housekeepers out of the fruit district radius an inkling of what may be done in these lines. Roses are now in their places, along-

side their hardier and more brilliant companions, and held their own in compicting a most creditable floral display. although the 'mums easily hold the situation well in hand.

Honey is not quite up to the average in the number of entries. The several displays, however, are large and well arranged, while in connection are shown several glass cases of bees, always work-

The Horticultural show this year should give visitors a good idea of Ontario's fruit producing excellence. In hardy varieties, in methods of up-to-date packages and packing, it is forging ahead year by year. The display, taken altogether, is a grand one, the society has taken pains to make it bigger and better than usual. It deserves the patronage not only of the citizens of Toronto. but those in the proximity.

WHAT THEY WORE.

The Ladies Made a Brave Show at Parliament Hill.

Ottawa despatch: Following the ceremony of the opening of Parliament and the departure of the Governor-General and his military escort for Rideau Hall, Countess Grey and the Vice-Regal party, accompanied by Sir Wilfrid Laurier and the entire gathering, paid their respects to the Speaker of the Senate and Mrs. Kerr and the Speaker of the Commons and Madame Marcil in the Speakers' residences, where a profusion of lights and flowers gave an additional air of festivity to the scene.

Her Excellency Countess Grey looked very stat and handsome in an exquisite gown of white duchesse satin, with overdress of chiffon embroiderced in Indian design in gold thread, and outlined in panel effect with Indian embroidery. She wore a magnificent tiara and collar of diamonds, and diamond and pearl ornaments, and carried a bouquet of roses.

Lady Laurier wore a lovely gown of heliotrope tissue on self-toned satin, the gown embroidered in silver and silver passementerie. She wore a diamond tiara and diamond and opal the dividend. necklace, and carried orchids and lilies of the valley.

Lady Evelyn Grey was in white satin charmeuse, embroidered in silver and finished with pink tullle and pearls.

Lady Hanbury Williams looked charming in pale grey satin, veiled in grey chiffion, trimmed with grey iricent trimmming, and diamond orna-John of Jerusalem.

* SHOT HIM.

London Man Found Dying Near City of Detroit.

The Girl He Was Said to be Engaged to Missing.

Detroit, Mich., despatch: Samuel F. Morley, aged thirt years, manager of the Cranbrook form near Birmingham, twenty miles from 1 troit, whose home is near London, Ont., was found lying on the road near the farm last night, shot through the side of the neck and in the abdomen. The latter wound is a serious one, and Morley's death is looked for at any minute. When found Morley was so weak he could only say, "Bertha shot me." Bertha is supposed to be the cook of that name on the farm. Sic has disappeared, and the sheriff is looking for her. Her surname is not known. She is about 25 years of age, and during the five years she and Morley were together on the farm, the latter was very attentive to the girl, and they were believed to be engaged. Morley has an excellent character. He has seven brothers and two sisters living in different parts

BEE-KEEPING.

A Growing Market For Honey in Ontario and the West.

Toronto despatch-Appreciation of the work that is being done by the Ontario Government toward the advancement of the bee-keeping industry in Ontario was expressed at the annual convention of the Bee-Keepers' Association of Ontario yesterday in the County Council chambers.

Mr. Couse congratulated the beekeepers on having been able to dispose of all of an excellent crop of honey this year at good prices. tario, he thought, was becoming to a much greater extent than ever before a honey-consuming country, which he attributed in part to the exhibits of honey in connection with the horticultural exhibition. Mr. Couse also drew attention to the widening markets for Ontario honey in the west and in New Ontario.

At the evening session the value of the work being done by the recently appointed crop report committee was thoroughly discussed and Mr. Morley Pettit, provincial apiarist, Jordan Harbor, read a paper dealing with some features of his work during the past year. Three sessions of the convention will be held to-day, and one to-morrow morning. "FOUL BROOD."

Inspector W. Scott, of Wooler, has spent over a year fighting the plague. The Government grant was increased last year from \$14,000 to \$25,000, and the apiary inspectors, from 6 to 14.

In an address on "Wax Craft." J. L. Byer, of Mount Joy, drew attention to the importance of beeswax in the fine arts trades. The purposes to which it could be put were increasing.

Toronto despatch: Indignation was expressed by members of the Association of Beekeepers of Ontario in convention yesterday afternoon at the practice which is said to have been in operation the last few years at the industrial exhibitions in Ontario, of exhibitors showing honey which they had not produced. but which they had bought from others. A resolution was finally ussed recommending to the various exhibition boards that no exhibitor be allowed to show honey other than what he had produced himself. A rule to this effect had formerly been in force, but had been done away with because it had been found practically impossible of enforce-

Methods of fighting the "foul brood," the disease which wrought so much havor among the colonies of bees in Ontario in the past few years, formed the subject of discussion in the morning session led by Mr. W. Scott, of Wooler. It was decided that an invitation b extended to the National Association of Beekeepers asking them to hold their next annual meeting in Toronto.

The following directors were elected: Alex Dickson, Lancaster: A. McLaughlin. Cumberland; H. E. Eyre, Chantry; C. F. Chisholm, Wallbridge; James Stor er, Lindsay; William Couse, Streetsville: J. M. Switzer. Orangeville; W. H. Bowen, Niagara Falls; W. J. Craig, Brantford: D. Chalmers, Poole: D. Anguish, Lambeth: D. Nolan. Newton Robinson. These directors will meet this morning to appoint officers for the coming year. The convention closes to-day at

SETTLED BY COURT.

Method of Payment of the York Loan Dividend.

Toronto, Nov. 15 .- The Natoinal Trust Company, liquidators of the York County Loan & Savings Company, in view of the large number of inquiries respecting the recent payment of the dividend of twenty-five per cent., have issued a long statement. In this the whole history of the case is reviewed. It is pointed out that the method of distribution of dividends was settled by the court. The liquidators say: "Shareholders should realize that the method of distribution has been finally settled by the court, and that, therefore, remarks or inquiries on this subject only add to the difficulty and expense of the liquidation, with a consequent lessening of

"The liquidator is ready to answer any reasonable inquiries, but the expense of dealing with the large correspondence is so heavy that no letters will be answered which are covered by this explanation. Since the payment of the dividend on the first of this month the liquidator has received some 6,000 letters, and about 3,000 shareholdments, and she wore the Order of St. ers have called at the office of the com-

BIG RIOT AT GLASGOW.

Students Create Row at Hypnotizer's Shew.

Drag Him on the Stage and Make Him Apologiza.

London, Nov. 15 .- Fourteen hundred Glasgow students rioted at the Coliseum Music Hall in that city to-night. They fought and beat the police, and later rioted in the streets, where the police finally triumphed over them. The trouble originated in the appearance at the Coliseum of a professional hypnotizer of the name of Bodie, who dubs himself doctor. A recent suit in London against Bodie, which resulted in his having to pay the plaintiff \$5,000 for swindling him. had exposed the hypnotist as a mere showman, and when he appeared in Glasgow last Monday the students pelted him with eggs, peas and meal as a quack. Bodie, the following night. denounced them as "a pack of beggarive Carnegie students," and the students to night took their revenge. They had booked seats in the front part of the house, and when Bodie appeared they fired fusillades of eggs, paper bags filled with meal, potatoes, apples, etc., until he was forced off the stage. The management ordered the curtain lowered, whereupon the students started to rush the stage. The manager, who had expected trouble, had a force of police handy, and a desperate fight took place between the constables and the students in the front rank, while the collegians behind bombarded the officers with eggs and meal until the atmosphere was stifling with meal dust and malodorous eggs The students triumphed, reached stage and tore the curtain to pieces They demanded Bodie, but he did not appear. The police meanwhile were reinforced. They re-attacked the students,

but were again beaten. Then the leader of the students ap pealed to his followers to hold their hands until he got Bodie. A handful of the students thereupon penetrated the wings and brought out the hypnotist, from whom an apology was demanded. This was given, with request that they accept it, and the charlatan was released. He got the stage quickly. The leader then addressed the students, saving that if Bodie ever appeared again in Glasgow nobody could foretell the con-sequences. He advised the students to behave in an orderly manner.

After leaving the Coliseum, triumphant students went to a police station, where four of their number had been lodged under arrest, and demanded their release. They smashed a number of windows, but after the head officer had received a deputation, they all left and started to attack the house of a local doctor, who had incurred their displeasure. The police had anticipated this move and were strong enough to hold their own. They used their cinus. giving many broken heads. A second attempt to rush the doctor's house was similarly defeated. It is stated that large number of the students were

HELD UP SHOW.

Suffragettes Create Disturbance in London Theatre.

London, Nov. 15 .- Suffragettes held up a performance at the Savoy Theatre to-night, substituting a "votes for women" demonstration until they were ejected. They had learned that Mr. Lloyd-George, Chancellor of the Exchequer, was going to the theatre to see the comedy opera. "The Mountaineers," in which there is a topical song bantering himself and the budget. The Suffragettes accordingly took seats in the dress circle. The Chancellor and his party occupied a box. While the budget song was on the Suffragettes rose and shouted it down with shrieks of "Lloyd-George, why don't you give women votes?" and similar utterances. One wildly waved a stomach-pump and another a bottle of milk, which now seem indispensable accessories of their propaganda.

Policemen were obtained, and, helped by many willing hands, ran the women out to an accompaniment an angry chorus of "boos."

A SAD STORY.

Terrible Case of Degeneracy in Hastings County.

Bellevilel, Ont., Nov. 15 .- A terrible case has been discovered near Frankford, in Hastings County, by the Children's Aid officials. Twelve members of a family named McDonald were found living in two rooms. There were the parents, five brothers, three sisters and an uncle 80 years old. The eldest girl, Sarah McDonald, has had three children, two of them being now alive. She says her brothers are the fathers of her children. The girl was brought to the shelter here and her brothers will be prosecuted.

ITALIAN SHOT.

Dies After His Leg Was Am putated.

Belleville, Ont., despatch: An Italian employed with Larkin & Sangster, contractors on the Trent Valley Canal, was shot on Wednesday night, and brought to the hospital here yesterday. He received a charge of buckshot in the leg. which was amputated last night. The scious, and his name cannot be learned. He was 25 years old. Coroner Yeomans has ordered an inquest to be held. A mystery surrounds the shooting.

FRUIT MEN. .

E. D. Smith Speaks of the Waste

Purse of Gold Presented to A. M.

Toronto Despatch -The present ananal convention of the Ontario Fruit Growers' Association celebrates the 50th anniversary of the association's establishment, and during all that time Mr. A. M. Smith, of Port Dalhousie, has been an active member. After Mr. Smith had read his paper on "Fifty Years of Peach Culture in Ontario," Mr. Murray Pettit of Winona, presented the speaker with an address in appreciation of his long and valued services to the society. Mr. R. B. Whyte, of Ottawa, presented a purse of \$175, the gift of the entire association.

Other papers read were: mercial Peach Orcharding in South-western Ontario," by J. L. Hilborn, of Leamington; "Pruning of the Peach," by Messrs. J. W. Smith, of Winona, Wm. Armstrong, of Queenston; In his presidential address, delivered at the morning session, Mr. E. D. Smith, of Winona, drew attention to the enormous annual fruit waste resulting from fungus, the codling moth, and also from improper packing. He suggested the establishment of schools for apple packers and Government instruction in grading and naming.

"I believe if apples were packed in strict compliance with the act," said President Smith, "that not over one-third of those grown in Ontario would be packed this year . We have in Ontario 7,000,000 of bearing apple trees. In a favorable season trees ought to bear at least one barrel per tree of packed apples Nos. 1 and 2. This is an extremely modest estimate, vet I do not believe at the present time that we secure one barrel more than half of this amount." Papers were also read by Mr. A W. Peart, of Freeman, on

Past Fifty Years." "Cherries and Grapes," was main topic of the afternoon session, and the following papers were read: "Sweet Cherries for Southwestern Oniario," by F. J. Stewart, Homer: "Cherries for the Commercial Orchards of Ontario," by A. E. Sherrington, Walkerton: "Is Grape Growng Profitable at Present Prices?" by Murray Pettit, Winona.

Toronto despatch: Dishonest seedsmen formed the subject of a general complaint by delegates to the fifth annual convention of the Ontario Vegetable Growers' Association, which was held in the City Hall yesterday. The president. Mr. Thomas Delworth, Weston, in opening the convention spoke of the difficulty the growers had in obtaining the kind of seeds ordered. He thought legislation should be obtained to protect the growers from being imposed upon by dishonest seedsmen. Heavy fines for selling different varieties than those ordered should be imposed on the seedsmen, he said. "When we buy Yellow Danvers," he said. "we want to be certain that we get Yellow Danvers." Other speakers referred to the trouble in procuring

the right kind or seeds. Mr. A. McMeans, of the Ontario Agriultural College, Guelph, gave an interesting report on "Cabbage and Cauliflower Growing.

The secretary-treasurer, Mr. J. Lockie Wilson, Toronto, reported a prosperous year for the association, and an increase in membership.

Mr. H. S. Peart, manager of the Experimental Station at Jordan, gave an interesting report of the vegetable farming at the Jordan Station. Mr. G. H. Clark, seed commissioner,

Ottawa, gave a resume of the work done at Ottawa in connection with seeds, and he spoke of matters relating to seeds in Europe. He said it was a difficult thing to control the seed question so long as seeds were brought from abroad. Control was possible only where home-grown seeds were used.

The reports of the inspectors of the experimental plots showed that in the Toronto and Ottawa sections the crops were the best. The English grown seed did not give satisfactory returns in some districts. California grown seeds ap-

peared to be better. The struggle against insects and the study of new varieties of vegetables were the subjects touched upon by Hon. J. S. Duff. Minister of Agriculture, at the closing session last night. President Thos. Delworth, of Weston, occupied the

COST OF STRIKE.

Fort William Receives a Bill For \$1,345,50.

Fort William, Nov. 15.-An expense account has been received by the City Council from Colonel Steele, the officer commanding military district No. 10, in connection with the recent strike of dock hands employed by the C. P. R. The accounts amount to \$3,345.50, being made up as follows: Thompson & Co., \$12; C. P. R., transportation, \$1,258.20; Strathcona Horse, transportation, \$17; which was amputated last night. The staff pay list, racluding subsistence, man died shortly after. He was uncon\$52.50; staff pay. Strathcona Horse, \$652; staff pay, 96th Regiment, \$1,353.

Some comment was made on the fact that the C. P. R. charged transportation to bring troops from Winnipeg to quell men; love from but one.-New York disturbances raised by its own employ-
