JEFFERIES—BOUSFIELD

A very pleasing event took place at the residence of Mrs. Wm. Bousfield, Jarvis, at seven o'clock this morning when Miss Eva, only daughter of the late Wm. Bousfield, was united in marriage to Mr. Bruce H. J. Jeffries of Lynedoch. The ceremony was performed by Rev. H. J. Harwell, the pastor of the bride, she being given away by her uncle, Mr. Henry Bousfield. A dainty wedding breakfast was served after which the bridal party took the morning train for Hamilton and Toronto, intending after a short honeymoon to return to their new home at Lynedoch.

The bride was prettily gowned in a white swiss trimmed with Maltese lace and carried a bridal bouquet. The groom's favor to the bride was gold crescent brooch set with opal and diamonds. There were some choice gifts from immediate relatives also.

Her going away was a suite of black silk, with white Maltese lace, also hat to match.

Mr. A. L. Jeffries of Lynedoch, brother of the groom, and Miss Clark of Jarvis were among the guests.

Miss Bousfield was held in highest esteem by both young and old of our village. She was an active church worker, a member of the choir of the Methodist church and often contributed violin solos at social gatherings in the church. She will be much missed, but she carries with her the best wishes of the community for future years of happiness.

Small Blaze.

On Sunday last about 3 o'clock in the afternoon, a fire was discovered by Mr. Marr and Mr. Lunday in the barn known as the old Lea livery. The fire, which looked as if it had been the work of children, was discovered in the back part of the barn, old rubbish of paper and straw were used in the building of the fire.

This should be looked into as this is the second time this summer fire has been found and extinguished. Had the fire gained headway, no telling where it would have stopped, or to what extent the damage would have been, as quite a high wind was blowing Sunday afternoon. Not only the old building would have been destroyed but almost certain the buildings of Jabez Marr, Wm. Hewson and the house occupied by Mrs. Wm. Morrow.

About a year ago it was decided to have the building moved away, but it has been allowed to remain, no steps, as far as we know, having been taken to have it done. Now we hope, before some of our town-people are great losers by a big fire, our council will see it is torn down or moved.

SIMCOE'S FASHION STORE

The New Fall
Dress Goods were
Never Prettier

Not merely a piece here and there, but the entire stock has surprises in store for those who come early.

The New Cloths

There are many very pretty weaves, stylish and attractive—yet not loud, modest stripes, all one color, the effect coming from reversing the weave. Material of the subtle effect, the weaves running around the goods. Some are made doubly attractive by an interwoven stripe of self colors. Also plain materials of the satin nature, really attractive lined, with utility and inexpensiveness to their credit.

As to Colors

We may safely say the colors are legion, rich subdued tones that appeal to good taste, good judgment, and to those who wish to be fashionably attired. The new color list places materials of the old rose, ecru, and green shadings, first, while one may safely choose from any of the following new shades:

Catawba	Vendange
Passion Flower	Persan
Raisoun	Taupe
Fumee	Caramel
Monmouth	Rhubarb
Cresson	Acropolis
Westaria	Amethyst
Carabier	Dynasty
Aloues	Crope Beach
Bois de Rose	Graite
Navy	Brown
Olive	Black

The New Style

Largely following the past season, yet different enough to make the new gown an attractive feature, an event to look forward to. Many new features have crept in that change the past seasons' predictions into positive predictions.

The long hip decorative effect has largely disappeared and the new Moven-age type of back is the change that all garment builders are looking to. A little more fullness at the lower part of the skirt produced by making the skirt plain from the hip to the knee and vented to the lower edge is a new feature. This offers many possibilities in the way of plating and applying buttons and other trimmings. Altogether the new styles are very pleasing and lend themselves to the advantage of the slight and stout model alike.

A Word About Price

We don't think there ever a time when one could get so much for so little.

At Fifty Cents

You can have really attractive dresses, suits, blouses, etc., at fifty cents. We have a large stock of these goods, and we think we must have a lot of them.

The One Dollar List

You may buy particularly smart frocks for suits, blouses or skirts, goods that include every variety of the world. Fresh, new, stylish, and of the latest fashion. French, Italian, and American. We have a large stock of these goods, and we think we must have a lot of them.

Daily Arrivals

of new coats, new shirts, new ties, new hats, new shoes, new gloves, new stockings, new underwear, new accessories, new everything. We have a large stock of these goods, and we think we must have a lot of them.
