OVEN

To make use of
the heat, but be un-
affected by that heat,
means sure service
from the oven and long
service for the oven.

"Caloric"
gas range
oven is con-
structed to
perform on
this two-
fold basis.

The oven walls are coated with
anti-rust fused aluminum, which coating
reflects the heat back into the oven proper. This coating is
never affected by the moisture that always accrues from heat.

The walls are double, likewise the oven bottom, the latter
having an air space between, which renders impossible a pan
of burn or a roast being burned.

Attained to a Ripe Age.

Port Dover Maple Leaf:—After
a few days illness Mrs. Waddel,
relict of the late Robert Waddel,
passed peacefully away on Sunday
evening at the residence of her son-
in-law and daughter, Mr. and Mrs.
Wm. Porritt, in this village. De-
ceased and her husband, who pre-
ceded her a number of years ago,
resided in Woodhouse for half a
century and were held in the high-
est esteem for their many good
qualities. Her maiden name was
McBride and she was born in the
north of Ireland in 1824 and was in
her 86th year at time of her demise.
One daughter, Mrs. Porritt, and
nine sons survive her. They are
John of Brantford, Robert and
Samuel of Simcoe, Richard and
William of Hamilton, George in
the Western States, Walker of
Woodhouse, Ralph and David of
town, all of whom, except George,
came home for the funeral on Wed-
nesday afternoon, which was largely
attended, over fifty vehicles form-
ing the cortege. Six of her sons
were the pall bearers. Interment
was at Port Dover cemetery. Rev.
Cyril Brown conducted the service
at the house and at the grave.

Typhoid at Cobalt.

Toronto, Sept. 19.—Hon. W. J.
Hanna, who came to the city from
Cobalt this morning, says the ty-
phoid situation in the mining town
is a very serious one. There are
now 96 cases in the hospital, with a
number of others in private resi-
dences. Dr. Hodgetts, secretary
of the provincial board of health,
and Dr. Bell, the inspector, are
both on the scene doing all they
can to assist in preventing the
spread of the disease.

Hon. Mr. Hanna declares that if
the municipal authorities do not
take immediate steps to put the
town in a proper sanitary condition,
the provincial government will have
to quarantine the town for the pro-
tection of other districts.

Letter From Cleveland

By special request of Mr. Evans
of Woodlawn Park, we publish the
following letter from Mr. Coll, the
father of the young man who was
drowned recently:

Cleveland, Ohio, Aug. 29, '00.
MR. AND MRS. EVANS:
Dear Friends,—I arrived home
on Wednesday evening at 10:40.
The funeral was held on Friday at
2 p.m. Mrs. Coll is none too well
but is keeping up as well as she
can. My daughter wishes me to
thank you for the letter. I wish
you would thank all of the good
people of Canada for me for all
their kindness, they were all so
good that I do not know how to ex-
press myself. Mr. Austin refused
the reward and that was so good of
him. I want the names of all his
children. Excuse this short letter
as I have so many to write. I want
you to thank Mr. Ward for me.
Good bye and may God bless you
all.

Respectfully,
Richard Coll.

Canadian Extension for one year
for the bargain sum of One Dollar
and Sixty Cents.

The Catholic Register and Cana-
dian Extension, of Toronto, is now
the property of the Catholic Church
Extension Society of Canada. It is
a brilliantly edited, well printed
seventy column paper of ten pages

tion.

Winnipeg, Sept. 10.—Alexander
Frank, notary public, of the firm of
Elliott & McMeans, and also Aus-
trian Consular Agent, made his will
yesterday afternoon, came home
and bade good-bye to his wife and
children, and late last night left
the house and has not been seen or
heard of since. It is feared that he
has committed suicide, in view of
the fact that he had been ailing for
some time and has been subject to
epileptic fits. His last words to his
wife, "You will not see me again,"
seems to confirm the fear.

Hair Slaughter.

Killed By Negligence
Hair must have nourishment or
die. If it does not have proper
nourishment it will lose its vitality,
grow weak, and become an easy
prey to the ravages of the vicious
and destructive germs of dandruff.
Parisian Sage is a hair nourisher;
it is the result of sincere study and
experiment by one of the world's
leading scientists.

It should be used regularly as a
hair dressing by everyone with
healthy hair, because it never fails
to prevent dandruff, falling hair,
or any scalp disease.

But Parisian Sage is not only a
preventive it is a certain cure for
dandruff; it stops itching of the
scalp instantly; it makes hair grow
thick and luxuriant. It is especial-
ly in demand by ladies, because it
makes the hair beautiful, soft and
fluffy. T. E. Morrow the druggist,
sells it under a positive guarantee
to do all that is claimed for it, or
money back, 50 cents for a large
bottle.
