DEAD BABY IN SHOE BOX.

Package Thrown From a Central
Train Near Niagara University.

Child Murdered by Somebody at
Niagara Falls.

Marks of Cord and Fingers About
Throat of Five-Day Old Girl.

Niagara Falls despatch: The body of
a murdered girl baby about five days
old was found this afternoon about 1.30
o'clock in the ravine beside the New
York Central tracks, just north of Ni-
agara University, by Frank Fleming, a
flagman.

Nothing is known of the baby or the
mother. The little body, which was in
a shoe box, had been thrown from a
window of train No. 415, which leaves
Buffalo for Lewiston at 12.20 o'clock,
and arrives in this city at 1.05 o'clock.
To-day it left here at 1.20 o'clock.

Fleming, the flagman, was standing
beside the track when, as the train
whizzed by, he saw the package shoot
out of a window and drop into the ra-
vine. His curiosity was aroused and he
climbed down and picked up the box,
which was wrapped about with brown
paper and several windings of string.

Soon after opening the box, Fleming
called Coroner W. A. Scott. The body
was taken to Scott's undertaking
rooms, and there an autopsy was per-
formed by Dr. J. L. Bishop and Dr.
Scott. They determined that the child
had been born alive some five days ago
and that it had been dead about two
days.

About the child's throat were finger
marks and the marks of a cord, as if
the little one had been choked to death.
On the back, covering an abrasion, was
a piece of adhesive plaster, on which in
ink was the word "Authors." There
were no clothes on the body, nothing
but a wrapping of flannel. Everything
had been erased from the shoe box.

Coroner Scott has notified the local
police and has sent word to police head-
quarters in Buffalo. It is thought that
the person who threw the body from the
car window was from one of the two
places. The spot where the body was
thrown would ordinarily have kept the
box hidden perhaps for weeks.

ALMOST COMPLETED.

Superior Junction to Winnipeg Line
of G. T. P.

Ottawa, Sept. 20.—The National
Transcontinental Railway Commission
reports that the steel-laying on the sec-
tion of the road from Superior Junction
to Winnipeg is now almost com-
plete in case of any congestion
the western crop the road
utilized next month for freight
trains in connection with the G. T. P.
branch from Fort William to Super-
ior Junction. This section of the Na-
tional Transcontinental, however, will
not be ready to formally lease to the
Grand Trunk Pacific until next year,
as considerable work yet remains to be
done to put the roadbed in standard
condition.

While the road may be used to
some extent this fall for freight traf-
fic, it is not thought probable there
will be any call upon it to relieve the
congestion in the west. The existing
outlets for grain and the unusu-
ally adequate preparations of the
railway companies to handle the crop,
coupled with the fact that the west-
ern farmers are this year showing a
tendency to store at least a portion of
their grain for later market prices,
make the situation in the west this
year fairly satisfactory, without call-
ing on the National Transcontinental
line to assist.

FARMER MISSING.

Stewart C. McMillen Disappears
From Belleville.

Belleville despatch: Stewart C. Mc-
Millen, a prominent young farmer
residing a few miles from this city in
Sidney, drove to the city on Tuesday
night and was initiated in the third
degree Scarlet Chapter of Orangemen.
He has not been seen in the vicinity
since he left the lodge room. His horse
and rig are here in the stables of the
Anglo-American Hotel, uncalled for.
Much anxiety is expressed, as he re-
ceived two threatening letters a short
time ago, one of which said he was to
be done for. He managed a fine farm
with his grandfather, John Connolly, who
is an invalid.

The young man is 19 years old, over
six feet tall, and strictly temperate. The
police department is investigating. Re-
latives fear he is the victim of foul play,
as he never stayed away before over
night.

ROSEBERY EXPLAINS.

He Did Not Leave Liberal Party,
Party Left Him.

London, Sept. 20.—Ex-Premier Lord
Rosebery has written the preface to a
pamphlet, reproducing his recent speech
in Glasgow, which justifies his reap-
pearance in politics on the ground that the
present crisis is one of those occasions
when common honor and honesty compel
anybody having deep convictions not to
withhold them from their countrymen.
He declares it is untrue that he left the
Liberal party, and says that, on the con-
trary, the party left him, and has gone
ahead with alarming velocity. He adds
that every general election a new brand
is made for the Liberal party. Those
who do not bear its mark are regarded
as being outside its legitimate ranks.

IN THE TOILS.

Capture of Suspected Looter of
Yamachiche Bank.

Montreal, Sept. 20.—There is reason
for believing that one of the three men
who blew open the safe of the Provincial
Bank at Yamachiche last Thursday night
and stole \$4,323 has been caught in Que-
bec as the result of work on the part of
Detective Walsh, of the Quebec local
force.

According to advices received at the
Pinkerton office here the man under ar-
rest gave his name as Gordon, then as
Wilson, and later on changed it to Fitz-
simmons. He was staying at a cheap
boarding-house, and for two days was
seen by Walsh changing Provincial and
Royal Bank bills. A trap was set for
him and he was placed under arrest. In
his pockets were seven hundred dollars,
including three hundred and eleven
one-dollar bills. This agrees with the
description of the money stolen from the
bank at Yamachiche.

When asked where he got the
money he told the police officials to find
out.

SEIZED THE FISH.

Capture of the Tug Maxie and in
"Prize Crew" of One Man.

Owen Sound despatch: Inspector
Jermyn, of the Western Fishery De-
partment, seized about half a ton of
fish here on Tuesday, which he al-
leges to have been caught illegally. On
the way from Warton to Owen Sound
he boarded the tug Maxie, in command
of Captain Samuel Wright, and cap-
tured it, confiscating the contents and also
a sailboat which was in tow.

Leaving a man aboard as "prize
crew," Jermyn hurried off to Cape
Comodore, where he made another
haul from Mr. Joseph Haskell, who
was lifting nets, said to have been set
without a license.

What the result of the case will be
is hard to say, as Captain Wright de-
nies the charge that he was fishing,
stating that his cargo was legitimately
bought from fishermen. Also, Haskell,
who some time ago applied for a li-
cense, which was issued but not yet
received, denies that his load was
caught by hook.

Both cases are peculiar, and the tugs
and boats are tied up, awaiting the
decision of the court, which is looked
forward to with interest.

CHEAP WATER.

1,300,000 Gals. of Water Costing
Galt Firm \$10.

Galt, Sept. 20.—Galt Water commis-
sioners, who have been investigating the
extraordinary consumption, put a meter
in a local manufacturing establishment
to find out how much water was used.
The meter was left for 37 days, and
in that period 21,000 cubic feet was
used, or for a year about 210,000 cubic
feet, or 1,312,500 gallons. The price
paid for this enormous amount of water
is \$10 a year.

The water commission is gradually lo-
cating the leakages.
The disclosure at this meeting to-day
is a great surprise to the community.

JOPLING ARRESTED.

Is Charged With Killing Arthur
Bollard, of Toronto.

Peterboro despatch: This afternoon
High County Constable Cochrane ar-
rested Fred Jopling at his home in
Bridgenorth, on the charge that he did
slay and kill Arthur Bollard, of Toronto.
The warrant was issued by County
Magistrate Edmison, and included the
brother, Harry Jopling, who was not at
home when Fred was arrested, but on
his return he voluntarily submitted to
arrest. Both men were arraigned before
Magistrate Edmison at 9 p. m., and
admitted to bail of \$4,000 each. On the
application of Mr. O'Connell, their coun-
sel, the preliminary hearing was post-
poned till Sept. 24.

RUSSIA MASSING TROOPS.

She is Gathering a Great Army in
Siberia.

Victoria, B. C., Sept. 20.—"Russia is
massing a great army in Siberia. Four
or five barracks are being built and
extensive fortifications made, and specu-
lation as to the second war with Japan
is a common topic of conversation among
the Russian military men," said A. E.
Denbigh, a Russian, who returned from
Siberia and Mongolia by the steamer
Kafamara to-day. "I was told that there
were at least five hundred thousand
troops in Siberia," said Mr. Denbigh.
"Troops are quartered everywhere. The
number of troops are from four to five
times the number in Siberia before the
war. At Vladivostok, before I left,
there was a review of fifty-five thousand
troops, and not one man was taken from
the fortifications. I suppose at least as
many more could have been paraded."

EX-CHIEF M'COLL ACQUITTED.

Story That He Accepted Bribe to Let
Prisoner Escape Falls Through.

North Bay despatch.—The trial of
Archibald McCol, ex-Chief of Police at
Haleybury, and formerly of the Toronto
police force, on the charge of accepting
a bribe from Dominic Dromessi, an Ital-
ian confined in Haleybury jail, and al-
lowing his escape, took place to-day
before Judge Valin. The evidence of
Dromessi, the chief Crown witness, was
badly shattered on cross-examination,
and the trial resulted in Mr. McCol be-
ing honorably acquitted.

At the conclusion of the case Mr. Mc-
Col received the hearty congratulations
of his many friends.

CASE GOODS.

Important Liquor Case Decided at
Que'ph.

Hotel Man Fined For Selling Whis-
key Under Standard.

Guelph, Ont., despatch.—Despite the
fact that they swore that their Imperial
whiskey was as it had been sold to
them when sealed, and that it had not
been changed or adulterated in any way,
and despite the fact that their story
was believed by the court, J. Zinger,
of Four Corners, and W. W. Deitz, of
the Imperial Hotel, were to-day fined
\$20 and costs each for selling whiskey
not up to the standard of the label on
the bottle of 22 under proof. The
whiskey was analyzed as 24 under proof
or better than the best barrel goods.
According to the law, Magistrate Saun-
ders said he was absolutely precluded
from giving any other verdict.

"This law is a hardship on you, I
believe," said his worship. "But I can
do nothing but convict. I would like
to see steps to have the law changed.
The certificate of the analyst is abso-
lute evidence under the law and appar-
ently your only protection would be to
test the whiskey before selling it."

Mr. Zinger declared, as he left the
court, that he would never sell case
goods again. The case is one of the
first of the kind, and has created con-
siderable interest. The Government in-
spector at Walkerville was previously
examined to show that the whiskey
would be full strength when it left the
distillery.

HER REWARD.

Aged Man Bequeaths Million Dol-
lars to Young Woman.

Methuen, Mass., Sept. 20.—Mrs.
George Bramer, formerly Miss Ethel M.
Jennings, has received word from attor-
neys in the Scilly Islands to the effect
that a fortune of \$1,000,000 has been
left to her.

Mrs. Bramer was married about a
month ago. She was born in Bermuda
in 1840. Her father was an English of-
ficer and was wounded in Egypt. Until
last January she had lived in Hamilton,
Bermuda, where she and her mother
made the acquaintance of Robert B.
Bibstock, a wealthy man, whose home
was in Penzance, Scilly Islands, but who
passed the winters in Bermuda. He was
eighty years old, and both Mrs. Bramer
and her daughter gave him much at-
tention.

When Mr. Bibstock died it was found
that he had willed Mrs. Bramer about
\$1,000,000 in railroad stocks and bonds.

CHURCHDIGNITARIES

First Plenary Council of Canada
Opened at Quebec.

Quebec despatch: The first Plenary
Council of Canada was solemnly opened
yesterday with the arrival of His Excel-
lency Mgr. Sbarretti, papal delegate, and
the majority of the archbishops, bishops
and delegates who will attend the coun-
cil.

Mgr. Sbarretti arrived by the C. P.
E. train at three o'clock and was met
at the depot by representatives of His
Grace Archbishop Begin, with the papal
nuncio and the Garde Champain. He
courted his excellency and the other di-
gnitaries to the Basilica, where they were
welcomed by Mgr. Begin. Among those
who arrived on the same train as the
papal delegate were a large number of
bishops from different parts of Canada.

On the arrival of His Excellency Sir
George Garneau, accompanied by the
admiral, met the papal delegate and
presented an address of welcome on be-
half of the citizens of Quebec.

Last night a dinner was tendered the
visiting clergy, at the Quebec seminary.

MORE ROOM.

Agricultural and Macdonald Insti-
tute Crowded.

Toronto, despatch.—Professor C. C.
Creelman, president of the Ontario Agri-
cultural College, called at the Parlia-
ment buildings this morning with the ob-
ject of urging the immediate enlarge-
ment both of that institution and of the
Macdonald Institute. Mr. Creelman says
that in all its history the college has
never been crowded as it is now, and
that something must be done at once.
There are 220 men enrolled, of whom 70
are living in residence; 117 women are
in attendance, 15 of whom are located
outside of the college, and 37 for whom
the institute has been unable to secure
accommodation. There are 20 third year
men, and before this year 35 was the
record. This crowding has taken place
despite the fact that the fee has been
raised and that the Macdonald farm at
Ste. Anne de Bellevue is also crowded
for room.

OBJECT TO CHARTER

Resolution of Belleville Methodist
District.

Belleville despatch: The following
resolution was passed at the Belleville
Methodist district meeting: The min-
isters and laymen of Belleville district
of the Methodist Church beg to express
their surprise and very sincere regrets
at the action of the Under-Secretary of
State in granting a charter to the
Metropolitan Racing Association, and
would respectfully and earnestly urge
upon the Government in the interest of
morality to cancel the said charter
forthwith. This resolution was unani-
mously passed and sent to the Secretary
of State.

CANADA TO PANAMA

An AP-Rail Trip Possible in Seven
Years.

Los Angeles, Cal., Sept. 20.—Follow-
ing an announcement that Ambassador
Thompson, the United States representa-
tive in Mexico, had closed the purchase
of the Pan-American Railroad, comes
the statement to-day that J. N. Neeland
and the group of capitalists who sold
the Mexican line to Thompson have
launched the Pan-American Railroad of
Central America to connect the Panama
Canal with Mexico.

Ambassador Thompson's option on the
Pan-American Railroad in Mexico calls
for a purchase price of \$10,000,000 in
gold. The new corporation, according to
Neeland, will be capitalized at \$50,000,-
000. The Central American line will ex-
tend from the Guatemalan frontier to
the Panama Canal, 1,400 miles. Thence
north Neeland has figured connections
which will enable a passenger to make
a continuous trip from the great lakes
to Panama. Work on the new road will
be started at La Union, Salvador, in Jan-
uary. Neeland expects to have the road
completed in seven years.

STRIKE OVER.

Two Thousand Americans March
Back to Work.

Foreigners Follow and Steel Car
Co's. Strike Collapsed.

Pittsburg, Sept. 20.—The second strike
of workmen employed at the plant of
the Pressed Steel Car Co., which was
declared on Monday, was brought to
an abrupt end to-day. The climax was
remarkable in the history of industrial
disputes. Having notified the foreign-
ers that they intended to march into
the mill carrying the Stars and Stripes,
2,000 American workmen who were not
favorable to the strike, assembled early
at the McKees Rocks end of the O'Don-
ovan bridge, and cheering enthusiastically,
started toward the big plant. On
the way 1,500 Croatians and 600 Ital-
ians joined the Americans. When the
gates were reached 1,000 Slavs, Russians
and Poles, who had threatened trouble
in the event any of the men attempted
to enter the works, were encountered,
but when they saw the great body of
men determined to return to work they
too fell in line, and entered the plant.
Anticipated disorders failed to material-
ize and the strike was over.

It is believed now that the trouble has
been definitely settled.

SERVICE ACQUITTED.

Escott Hotelkeeper Was Charged
With Perjury.

Brookville despatch: An aftermath
of the local option contest in the
township of Escott Front on January
4 last was fought out in the county
judge's criminal court here to-day,
when Robert H. Service, proprietor of
the hotel at Rockport, was on trial
on a charge of perjury. The contest
was won by four majority over the
required three-fifths, but on May 4 on
affidavits furnished by Mr. Service, his
son, and the bar-tender, Fred Howarth,
all of whom charged irregularities in
the polling booth on the part of the
temperance workers, the by-law was
quashed by Mr. Justice Teetzel.

When these affidavits were secured
last month by the advocates of the by-
law the three named were arrested, the
elder Service at the instigation of Rev.
Thos. Leech, who, Mr. Service alleged
in his affidavit, had openly canvassed
voters in the booth.

The evidence to-day went to show
that the election was loosely conducted.
Temperance workers were in the booth
more or less all day, and one voter, Jas.
Daves, was canvassed in the booth to
support the by-law.

Mr. Service was accordingly dis-
charged by Judge McDonald. The
charges against his son and Howarth
will be taken up to-morrow.

BEAVERS IN PLENTY.

They Are Causing Trouble in Algon-
quin District.

Toronto, Sept. 20.—"Is there any sta-
tute or enactment anywhere that prohibit
beavers from cutting down a man's
shade trees?" was the postcard query
of Superintendent George Bartlett, of
Algonquin Park, to Mr. Thomas W. Gil-
son, Deputy Minister of Mines, yester-
day morning. Mr. Bartlett has forward-
ed photos showing the damage done by
the persistent animals.

Reports to the department show
that the district is being overrun
with beaver. Sectionmen on the
Canadian Atlantic Railway have to hang
lanterns at the culverts at night to
keep the animals from burrowing into
their woodwork, while several have re-
cently been killed by passing trains.

UNION DUES EXEMPT

Cannot be Seized to Satisfy a
Judgment.

Winnipeg, Sept. 20. The plumbers
union scored a victory to-day in the im-
portant litigation which developed out of
the strike of a year ago.

One of the master plumbers was
granted in the spring \$100 damages
through the journeymen doing picket
duty. Judgment was given to the effect
that the dues of the union should be
seized.

To-day Judge Metcalfe ruled that the
constitution of the union was such that
dues could not be appropriated to satisfy
the judgment.

This decision is calculated to affect
trade unionism throughout Canada, as it
touches a long disputed point.

LIVE LIKE KINGS

Farmers in the U. S. West Enjoy
Prosperity.

Laborers in the East Living on the
Best of the Land.

Washington, Sept. 20.—"The average
laborer is to-day living better than
Queen Elizabeth did in her time," said
Secretary Wilson, of the U. S. Agricul-
tural department, to-day upon his re-
turn from a month's vacation on his
farm in Iowa. He was discussing the
prosperous condition of the farmers of
the west and the high wages of the
working man in the east. "Take the
most bile of the laborer in Washington
to-day," he continued, "You will find
they eat meat three times a day—meat
of em—and what is more, they want
the best cuts. They can afford them.
As a result the price is away up. While
the farmers are producing more beef ev-
ery year, the are not producing en-
ough to meet the increase in population.
I do not look for the prices to decrease
materially soon."

The secretary was asked if the west-
ern farmers were really investing such
large sums of money in automobiles.

"There is too much truth in those re-
ports," he responded. "The farmer is out
of debt. He has money in his pockets and
big crops continue to come on. He is
afraid to invest in eastern securities lest
a bad year might bring trouble there.
As a result he puts his money in luxur-
ies instead of channels that might give
a return. Why, folks in the east do not
know what luxuries are; they must go
west to find out."

"The farmer is still handicapped by
lack of labor. Too many have gone from
the farm to the sidewalk. I hope that
education along agricultural lines will
remedy this, but the tide has not yet
turned backward."

TORONTO BOMB.

PRISONER SAYS SOLDIER MEANT
TO KILL GIRL.

Startling Developments in the Ex-
plosion at the York Street Restau-
rant on Wednesday Night
When Store Front Was Blown
Out.

Toronto despatch.—The wrecking of
the New York Chinese restaurant at 209
York street on Wednesday night seems
now to have been a deliberate attempt
to blow up the place and cause the death
of Bessie Maxwell, who roomed upstairs.
From information obtained yesterday
from George Woodward, the Royal
Canadian Dragoon, Inspector Davis ar-
rested William Smith, 312 Richmond
street west, who, Woodward said, caused
the damage. Smith, however, tells a dif-
ferent story. He says Woodward and
Herbert Wilkinson, arrested Wednesday
night, were responsible for the damage
done at the restaurant. Smith is a mar-
ried man, and his wife is the sister of
Quebec Oliver, the cashier of the res-
taurant. He told Inspector Davis that
Woodward had been keeping company
with Bessie Maxwell, who roomed over
the restaurant. He had been up to see
her in her room several times, and had
finally fallen in love with her. When she
saw he was serious in his attentions she
quietly told him it would be better for
them to discontinue the affair, and this,
Woodward, according to Smith, would
listen to, and was very angry. On
Wednesday night Smith says he met
Woodward and Wilkinson going to the
restaurant, and he had asked Wood-
ward what he was going to do.

"This girl has thrown me down," said
Woodward, "and now I am going to blow
her up."

According to Smith, Woodward show-
ed the two bombs he had in his pocket,
and Smith claims he tried to persuade
Woodward not to use them, but it was without
avail. Woodward went into the restau-
rant. Smith admitted having been in the
restaurant at the same time as Wood-
ward, but again denied having had any-
thing to do with the explosion. Smith,
pending further inquiries, is being held
on a similar charge to the one upon
which Wilkinson and Woodward are be-
ing held.

WILL CROOKS.

British Labor Leader and M. P.
Arrives in Quebec.

Quebec, Que., Sept. 20.—Mr. Will
Crooks, M. P. for Woolwich, England,
the famous labor leader, accompanied
by Mrs. Crooks, was a passenger by the
steamer Empress of Ireland last evening.
He was met by Mr. Verville, Presi-
dent of the Dominion Trades and Labor
Congress, and Mr. W. R. Trotter, gen-
eral organizer of the Congress.

Mr. Crooks, who will attend the meet-
ing of the Trades and Labor Congress in
this city next week, is on a tour of the
colonies. During his stay in Quebec he
will be the guest of Hon. C. R. Devlin.
From Quebec he goes to Montreal, Ot-
tawa, Toronto and the West, sailing
