The Harvest Home services in connection with our church were in every way a decided success. The ladies turned out Saturday afternoon and beautifully decorated the interior of the church, and much praise is due them for the very tasteful manner in which it was done. The Rev. Mr. Shepherdson of Round Plains preached two very eloquent and appropriate sermons at 11 a. m. and 7.30 p. m. on Sunday. The church with the gallery was filled in the morning and in the evening the seating capacity of the church failed to accommodate the large crowd which gathered. The Ladies Aid asked for \$100 to be used for removing the church which sum was quite readily subscribed, and thus was brought to a close the Harvest Home services which was most instructive and useful.

Boys take warning not to eat too much of the latest delicacy which seems to exist in our own neighborhood. This very special delicacy was had at a threshing and is called "Wind Pudding" & better known

as a "Flatulent, scale kind of food variously compounded." It is very pleasing to the sensibility of the appetite. Boys are sometimes like swine, when they copy something new, they dig right into the eating

### A Disinterested Opinion.

Farmers, are you acquainted with the Weekly Farmers Sun? It claims to be an independent journal for farm and home. The claim is fair. It is a clean paper, therefore fit for the home. It is particularly adapted for the farm home because it is edited and published with a view to interest every person in the home—the old and young, male and female—all may read it regularly with profit. Its market page we consider equal to the best in the Dominion for farmers. This is no paid notice or puff; it is our candid opinion, and we unhesitatingly recommend the Sun to every farm house in Canada. It is one dollar a year, and good value for the money.

### Cards of Thanks.

Caledonia always have good fairs and it is expected this year to be equal to any former year.
