Crusade Against Consumption.

The year 1910 will be marked in the calendar as a red letter year in the history of the crusade against consumption. The movement received a great impulse from the congress of distinguished physicians which was held in Washington, U.S. in the autumn of 1908 to consider the further measures to be taken to stamp out this dreadful enemy to the life and happiness of mankind. Canada in common with the rest of North America, perhaps we should say the whole civilized world, has participated which resulted from the deliberations of the congress.

Never since the organization of the Canadian Association for the Prevention of Tuberculosis has there been such activity displayed in Canada in this fight for life. Older branch associations have been reinvigorated, new associations have been formed which are showing in many cases a vigorous activity. Several new institutions for the relief and treatment of consumptives have been opened and the demand for our literature has been larger than ever. Take it all in all 1909 was a year of great progress in the work of the Association.

The Tenth Annual Meeting will be held in Montreal on the 7th of June next and preparations are being made to make this one of the best, if not the best meeting in the history of the Association.

A Positive Cure for Indigestion.

If you have indigestion, your food ferments in the stomach and bowels. It does more: it decays, and the nutritious matter which should go to make new blood decays with it, and this leads to an impoverished condition of the blood to nervousness, biliousness, constipation, sick headache, bad breath which disgusts your friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that doesn't digest, but ferments and oftentimes rots in the stomach.

And fermentation is caused by the stomach not being strong enough and energetic enough to thoroughly mix the food with the digestive juices.

M-I-O-N-A is responsible for tens of thousands of cures. In fact, it is just a positive cure for indigestion and all stomach troubles that it is guaranteed by T. E. Morrow to cure or money back. The price of a large box of M-o-o-n-a tablets is 50 cents, and they are sure to promptly relieve the worst case of indigestion or gastritis. Try them.

Sarnia, April 18.—While gathering flowers in the woods between the lake shore and the Catholic cemetery yesterday morning, Wm Zinks, a longshoreman, came across the body of an old man, shot through the breast. A 38-calibre revolver was clutched in the right hand. Zinks notified the caretaker at the cemetery and word was telephoned to Sarnia. Coroner Logie and Constable Forbes arrived, and the body was identified as James Connell, aged 78, who had been missing from the home of his daughter, Mrs. Nell, Bright street, since 9 o'clock Saturday morning. The deceased had suffered greatly from asthma. The coroner decided that an inquest was unnecessary.
