

Does things other Ranges cannot do

The Most Convenient Range in the World

In the Champion Interchangeable you can use coal alone, wood alone, or gas alone. You can use coal or wood and gas at the same time. You cannot do this with any other range. Champion also has a closed top for cooking with natural gas.

Champion. You light the burners direct. The oven burner cannot be lighted until the door is open. No other gas range is so absolutely safe.

Ordinary gas ranges use the oven for keeping the dishes warm. The Champion has a warming closet.

There cannot be an explosion in the

Champion INTERCHANGEABLE GAS, COAL & WOOD Range

You can change the Champion from a gas range to a coal or wood range in three seconds. And while building a coal fire you can use gas under two pot holes and the broiler burner.

The Champion will cost you about the same as a high-grade steel range. It can be supplied with two extra burners on right hand end, or an instantaneous water heater, or a reservoir heated by gas.

When the coal fire is burning you can still use gas on two top burners and broiler burner in oven, which is an invention worth while. Truly the Champion Interchangeable Steel Range does things other ranges cannot do.

The Champion takes the place of two ranges, thus saving room in the kitchen. Considering these facts it is the best range investment in the world.

The demand for the Champion Interchangeable

is already very large. There may be a scarcity later on. So we advise you to go to our agent and see this remarkable new range at once.

A booklet explaining the Champion fully will be mailed to you free if you will write to our nearest office.

Canada's Prospective Governor General.

An interesting sketch of Earl Carrington, who will likely be the next Governor-General of Canada, appears in May Busy Man's.

Perhaps it is his sincere kindness and spontaneous geniality that constitute Lord Carrington's chief assets as a person in the public eye. In the House of Lords many a tedious debate is enlivened by his welcome merriment; on the country platforms, and at National Liberal Club banquets his jests are inimitable. Apart from the serious viewpoint of his mission—and not for a moment is that serious purpose abandoned—perhaps his special function is that of softening the asperities of provincial Radicalism, and of convincing disappointed aspirants after social fame that a peer may really be a good fellow.

In his young days, when he proved himself to be one of the most charming and pleasant young men of the court, Lord Carrington was chosen to accompany the King, then Prince of Wales, on his famous tour through India. And there, on all sides, he made hosts of friends.

In 1885 when the Earl was sent out to be Governor of New South Wales, he found the prevailing tone of Australian statesmen was one of mingled dislike and contempt for all that pertained to Downing Street, and also that they were apt to vent their dislike of the Colonial Office upon the Governors. Without any too apparent effort Lord Carrington won all hearts in Sydney, the popularity thus gained becoming a standard to which recent Governors have been expected to conform. He was long remembered as the most successful representative of the crown who had ever been sent out to Australia.

A Thousand Every Day.

Ottawa, April 22.—The total immigration into Canada for March was 39,065, as compared with 16,464 for March of last year. Seventeen thousand three and ten came from the United States, and 13,755 by ocean ports.

During the fiscal year ending March 31, 208,794 immigrants, arrived in Canada, an increase of 42 per cent. Of the 208,794 immigrants, 103,798 came from United States, and 104,996 come in by ocean ports. For the previous year (1908-09) 146,907 came to Canada, 59,832 from the United States, and 87,075 by ocean ports. The immigration for March last was the largest in the history of Canadian immigration.

Windsor, April 22.—Martha Perry a colored girl, fourteen years old, was burned to death here this afternoon when she tripped and fell full length across a fire of leaves and brush burning on Mercer street, a few blocks from her home. The girl had been playing with companions, and without looking where she was going ran directly into the fire. With her clothing ablaze she rushed down the street shrieking with pain and fright. The fire was extinguished, but her body was a mass of burns from head to foot and death ended her sufferings an hour afterwards.
