Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. *J.C. Ayer Co., Lowell, Mass.*

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

THREATENED WITH PARALYSIS

BEFORE TREATMENT

AFTER TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the NEW METHOD TREATMENT and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.

Brooms May Reach 70c.

Present price, 45c. and 50c; old price, 20c. to 35c.; possible price, 60c. and 70c.

From information received from broom-makers to-day there is every probability that brooms may go to 60, or even 70 cents a piece for the best makes before the fall, when the new crop can be harvested.

The reason for the advance in the price is given in the shortage of broom corn and the increased cost of labor. The consumption of brooms in Toronto will reach between 150,000 and 160,000 brooms every year, which means that the brooms to be used in housecleaning this year will cost about $35,000 more than last year.

The broom corn crop of Kansas, Oklahoma and Illinois last year was a poor one. Large sections in the State of Oklahoma were burned up, and the scarcity is being felt all over America.

Prices for broom corn have risen steadily within a few months from $90 to $200 per ton, while the elimination of prison-made brooms has been another element in the raise.

Port Huron, Mich., April 24.—The Grand Trunk Railway has secured the contract of hauling the National Car Line Company's cattle trains from Chicago to Boston, which means that over three hundred cars of cattle will pass through the tunnel every week, and that additional men will be given employment at this terminal. There is also a probability that feeding and watering quarters for the cattle will be erected at this point.

Boston, Mass., April 24. — Prof. E. P. Gorham of the Brown University plans to sterilize meat, milk, fish and every other food product in which disease germs exist and to destroy these germs by simply passing them under a ray of light. Prof. Gorham has been working on his process in secret for some time and announces that he will make known his discovery and method of applying it within ten days. He indicates, however, that the ultra violet rays plays a great part in his successful experiments in his Providence laboratory. There his experiments have been uniformly successful, and he believes he has discovered a deadly enemy to all food germs.

Jarvis testimony proves it.

Mrs. T. E. Morrow, Main St. Jarvis, Ont. says:—

"Headaches of a most annoying nature had bothered me constantly and these were often accompained by spells of dizziness. I could not find any position to sit or lie in that would give ease to the twinging pains that had infested my back. Although I had tried several different prescriptions I got little or no relief, and my condition was getting no better. I tried a box of Booth's Kidney Pills and found them to relieve me. The pains gradually left my back and it strengthened so that I could stoop without pain. The headaches and dizziness have not returned since and I can only thank Booth's Kidney Pills which I procured at Morrow's Store for the speedy relief."
