Brakeman Killed.

As the weigh freight on the Hamilton and Port Dover railroad was returning from Port Dover to Jarvis, on Tuesday afternoon shortly after four o'clock a brakeman was killed at the overhead bridge in this village.

The train had come from Hamilton earlier in the day with a crew of three brakemen, a conductor and another man, all of whom it is supposed were inexperienced men by the way they performed their work. They had proceeded to Dover and on their return the accident happened. The unfortunate man was sitting on the cabin of the caboose with his back to the front of the train and, not knowing or thinking of the overhead bridge, was struck on the back of the head knocking him from his seat to the roof of the car and from there he tumbled to the ground, killing him almost instantly. Dr. Quance, Coroner of Hagersville, arrived later in the evening and after a jury had been sworn in and viewed the body, it was taken to I. W. Holmes' undertaking room where it will remain until further orders. An inquest will be held on Thursday.

The train crew was picked up in Hamilton in the morning and this was the deceased's first trip it is thought. By papers found in his pockets it is thought his name was Christopher Gardner and that he was an Englishman. He had served four years in the South African constabulary, was about thirty years old, well built and a little over six feet tall. Further particulars will be given in our next issue.

Died on The Train.

Death came suddenly on Monday to Andrew Gunn, president of the commission firm of Gunn's Limited, Toronto, while on his way to Hamilton from Port Dover, where he had been spending the weekend with his family. At the Jarvis station he had to wait for a short time to make connections and while here was talking with Dr. Newell, who was going on the same train. After boarding the train the Dr. went to the smoking car, but when between Hagersville and Caledonia Mr. Gunn was taken with a sharp pain in the heart and Dr. Newell was summoned, but the deceased died instantly. The Dr. states that the cause of death was heart trouble.

Coroner Anderson was summoned and when the train arrived at Hamilton he had the body removed to A. H. Dodsworth's undertaking rooms, where it was prepared for burial and was sent to his home in Toronto in the evening. Deceased was 52 years of age and was a native of Beaverton. He was a member of the I. O. O. F. and a manager of St. James' Square Presbyterian church, and a prominent reformer. Besides his wife, he leaves three sons and one daughter. Four brothers, of whom Dr. Gunn, of Clinton, is one, survive him.

Next Monday is Simcoe's civic holiday.

Wanted a young man to look after my livery stable.—T. E. Morrow.

Mrs. John Hawthorne of Simcoe has been for five weeks caring for her invalid father, Mr. Abram Furry, who is over 80 years of age.

Dr. Crippen and Miss Clara Levene (dressed as a man), were arrested on the steamer Montrose on Sunday, two miles off Father Point. He is wanted in England for the murder of his wife.

C. S. McCarter, agent for Sawyer Massey Co. recently sold two engines in Woodhouse, a 20 horse power simple traction to W. S. Law, Lake Shore, and a 20 horse power compound to the Mud Street Syndicate. If these engines cannot be got by freight at once, they will be run on under their own steam from Hamilton the last of this week.

Hymeneal.

The beautiful and commodious home of Rev. and Mrs. A. C. Eddy, prettily decorated for the event, was on Monday, Aug. 1 the scene of a very interesting gathering, the occasion being the marriage of Gertrude Alletta, only daughter of Mrs. Joseph D. Eddy, to Elvin Moorley Wood, B. A. Sc., of Toronto.

Promptly at 3 o'clock while Miss Letha Foster of Brampton playing Mendelssohn's wedding march, the bride beautifully attired in a gown of Brussels net over white net and carrying a shower bouquet of sweet peas and maiden-hair ferns, was conducted to the drawing room by her brother, Mr. Edgar D. Eddy of Ottawa, the marriage ceremony was performed by Rev. Arthur Clare Eddy, B. D., also a brother of the bride.

The guests present—A number of the immediate relatives and friends of the contracting parties, included Mr. and Mrs. George T. Wood of Swabury, Mrs. Joseph D. Eddy, Mr. E. D. Eddy, Mr. and Mrs. S. G. Malcolm, Ottawa, Mr. Ewart Foster, and Miss Willena Foster of Scotland, Ont., Miss Letha Foster, Brampton, and Mr. and Mrs. J. H. Arnup, Toronto.

The bride was the recipient of gifts in furniture, silver, linen, china, bronze, cut glass and money, the groom's favor to her being a beautiful pearl brooch in the form of a true-lover's knot, to the pianist a gold chain and locket set with pearls.

After congratulations and luncheon the toast to the bride was appropriately responded to by the groom, a number of addresses followed in keeping with the glad some spirit of occasion.

The happy couple left on the evening train but not before a bevy of friends holidaying in Port Dover had unexpectedly arrived to contribute a generous quota of confetti.

The bride's going away suit was of turquoise blue with hat to match. Mr. and Mrs. Wood will enjoy the good-will of a host of friends in their Toronto home.

What Advertising Does.

Did you ever think what your ad in The Record is doing for you? When you close your store in the evening and go home to your family and fireside, not thinking about your business at all, then it is that the paper is being pored over in hundreds of homes—the homes from which your trade is drawn. And there is your ad doing its work silently, but surely, and if you have taken the pains to make it attractive its work will be all the more successful. This is repeated over and over again, and is no doubt what inspired some writer to call newspaper advertising a "silent drummer."

Strict Embargo.

Ottawa, July 25.—Owing to the outbreak of foot and mouth disease among cattle in Yorkshire, the Department of Agriculture has suspended all permits for the importation of cattle, sheep and swine from Great Britain into Canada. As no live animal may be imported into the Dominion, except from the United States and Newfoundland, unless upon permit issued by the department, it follows that there will be a strict embargo against all live stock but horses coming from Great Britain, until the government is satisfied that the disease has been completely stamped out.

Meantime the suspension of certificates will effect not more than three or four importers who had already ordered live stock from the other side. These importers will have to make arrangements for the keep of their purchases in Britain until such time as the embargo is removed.

The value of importation of live stock from Great Britain varies from year to year, but that it is considerable in the aggregate of any season is evidenced by the fact that there are at present in quarantine in Canada 20,000 head of thoroughbred sheep purchased in Britain.

Something to Think About.

When farmers learn that on each mile of highway, three rods wide, 27,000 tons of water fall annually," says the University Farm Press News of Minnesota, "they will begin to appreciate the necessity of highway drainage, and learn that a hard road cannot be made out of mud. No plan of road work, no amount of labor and machinery will make a good dirt road that will stay good, until some plan is adopted to get rid of the water."

Better Be Insured Than Sorry

Many people are taking chances through leaving their property insufficiently insured, forgetful that the fire fiend visits where and when least expected.

Be wise! Insure your home and business with a progressive Canadian Company that has never resisted an honest claim.
