The Census Bulletin.

The Census Bulletin shows that the
conditions of field crops in Canada this
year have been greatly modified by tem-
perature and rainfall, and that between
the East and the West it is hardly pos-
sible to make a statement of averages that
will not be misleading. In the eastern
provinces growth has been uniformly good
throughout July, and the percentages of
condition have been high for every crop;
but in extensive tracts of the northwest
provinces drouth has prevailed and crops
are reported in every stage of condition.
The northerly parts of these provinces
have been largely exempt from the
drouth, and there the per cent conditions
are high. It is difficult to indicate fairly
an average of conditions for the East and
West which does not take account of the
areas sown, and these have been con-
siderably reduced since the June report.
The August report will give revised
figures from which yields may be estim-
ated.

In comparing the per cent condition of
crops for 1909 and 1910 it should be re-
membered that fall wheat, rye, peas,
buckwheat, mixed grains, beans, potato-
es, hay and clover and corn are principal-
ly produced in the eastern provinces;
and spring wheat and flax mostly in the
northwestern provinces; with oats and
barley in nearly equal proportions in the
two regions.

Fall wheat is grown chiefly in Ontario,
and its condition for all Canada has been
reduced by a relatively poor crop in Al-
berta. Compared with the condition at
the same time last year, it is 84.63 to
76.53. Rye is 85.20 in 1910 to 81.84 in
1909; peas are 81.70 to 87, buckwheat
87.64 to 86.16, mixed grains 69.91 to
87.23, beans 84.13 to 84.33, potatoes 81 to
92, hay and clover 90.87 to 73.79, corn for
husking 84.30 to 82.86 and corn for fodder
89.76 to 83. These crops, which are
mainly grown in the East, show a high
average of condition, affected only in a
slight degree by reports for the West.

The average condition of spring wheat
is 77 for 1910 to 84.57 for 1909, and of oats
79.57 to 87.78 for all Canada, which is
substantially lower than the averages for
the East. In the three Northwest pro-
vinces the condition of spring wheat is
62, of oats 58.62 and of barley 63.80.

The estimated yield of fall wheat in the
country is 18,724,000 bushels, being 28.47
bushels per acre. The hay and clover
crop is estimated at 15,490,000 tons, or
1.80 tons per acre, and of alfalfa 1.92 tons
per acre.

Six Inmates in the Home.

Last week our reporter made a
call at the House of Refuge, and
under the guidance of the genial
Manager, Mr. Brown, a complete
inspection of the premises was
made, and perfect cleanliness and
order prevailed in every depart-
ment. We found six inmates in-
stalled, who now are enjoying a
beautiful home, with every comfort
and necessity supplied, and it is in-
deed a haven of rest and a happy
home where the aged and infirm
can spend the closing years of life
in comfort and peace. We think a
wise and happy choice was made in
selecting Mr. and Mrs. Brown as
keepers of the Home. Mr. Brown
seems to possess all the require-
ments necessary as Manager, and
performs his duties with skill and
care, and Mrs. Brown, the Matron,
to whom falls the most delicate duty
of ministering to the wants and
needs of the female inmates, is em-
inently fitted for the position, be-
ing of a bright and cherry disposi-
tion, and ever sympathetic, patient
and kind, virtues indispensable to
insure success. We congratulate
our county on our beautiful home.—
Dunnville Chronicle.

Hagersville.

INTENDED FOR LAST WEEK.

Great was the disappointment
that existed among our citizens,
when word was received about five
o'clock Wednesday afternoon that
the special train which had been
promised to run to Port Dover on
the Civic holiday had been cancell-
ed. However a large number
having made preparations for the
day went by the regular train, and
many others drove. The shower in
the afternoon hindered in carrying
out the program consisting of
sports, etc., but otherwise a very
pleasant time was spent.

J. H. Hager, wife and daughter,
left last Saturday morning on a
trip to the West. Mr. Hager and
daughter intend spending a time at
Vancouver, where he has been ap-
pointed as delegate at the Grand
Methodist Conference, after which
they will return to Regina and
spend a few weeks with his daugh-
ter, Mrs. Harry Read.

Miss Ora Rodgers and Lenna
Baker, of Simcoe, have been spend-
ing a few days with relatives in this
vicinity.

Mrs. Silas Snyder and Mr. and
Mrs. Bruce Hair spent Sunday with
Mrs. Rodgers.

THE H.S. FALLS CO.

New Carpets For Home Comfort

With The Inevitable Benefit That
