Make Each Animal Worth 25% Over Its Cost

On 2/3 of a Cent a Day

Nobody ever heard of "stock food" curing the bots or colic, making hens lay in winter, increasing the yield of milk five pounds per cow a day, or restoring run-down animals to plumpness and vigor.

ROYAL PURPLE STOCK SPECIFIC contains no grain, nor farm products. It increases yields of milk from three to five pounds per cow per day before the Specific has been used two weeks. It makes the milk richer and adds flesh faster than any other preparation known. Young calves fed with ROYAL PURPLE are as large at six weeks old as they would be when fed with ordinary materials at ten weeks.

ROYAL PURPLE STOCK SPECIFIC builds up run-down animals and restores them to plumpness almost magically. Cures bots, colic, worms, skin diseases and debility permanently. Dan McEwan, the horseman, says: "I have used ROYAL PURPLE STOCK SPECIFIC persistently in the feeding of The Bell, 2022, largest winner of any pacer on Grand Circuit in 1908, and Henry Winters, 2061, brother of Allen Winters, winner of \$38,000 in trotting stakes in 1908. These horses have never been off their feed since I commenced using Royal Purple Specific almost a year ago, and I will always have it in my stables."

Royal Purple

STOCK AND POULTRY SPECIFICS

One 50c. package of ROYAL PURPLE STOCK SPECIFIC will last one animal seventy days, which is a little over 2/3 of a cent a day. Most stock foods in fifty cent packages are given but once a day, and last only half as long. A \$1.50 package containing four times the amount of the fifty cent package will last 280 days. ROYAL PURPLE will increase the value of your stock 25%. It is an astonishingly quick fattener, stimulating the appetite and the rich for food, assisting nature to digest and turn feed into flesh. As a hay burner it is a tender. It will save many times its cost in veterinary bills. ROYAL PURPLE CURE IT IS A TENDER. It is our other Specific for poultry, not for stock. One 50 cent package will last twenty-five hens 70 days, or a pair costing \$1.50 will last twenty-five hens 280 days, which is four times more material for on 7/3 of a cent a day. It makes a "laying machine" out of your hens. Every package of ROYAL PURPLE STOCK SPECIFIC or POULTRY SPECIFIC is guaranteed.

Just use ROYAL PURPLE on one of your animals and any other preparation on another animal in the same condition after comparing results you will say ROYAL PURPLE has them all beat to death, or else backcomes your money. FREE—Ask your merchant or write us for our valuable 32-page booklet on cattle and poultry diseases, containing also cooking recipes and full particulars about ROYAL PURPLE STOCK and POULTRY SPECIFICS.

If you cannot get Royal Purple Specifics from merchants or agents, we will supply you direct, express prepaid, on receipt of \$1.50 a pair for either Poultry or Stock Specifics. Make money a find as our agent in your district. Write for terms. I am for sale by all up-to-date merchants.

W. A. Jenkins Mfg. Co., London, Can.

Royal Purple Stock and Poultry Specifics and free booklets are kept in stock by E. T. Carter, Jarvis.

How Canada Invaded Cuba

A few years ago the United States had a little war with Spain and wrested from her the island of Cuba. This is something that everybody knows about. But it is not everybody who is aware of the fact that there has also been a Canadian invasion of Cuba. The story of this invasion and its outcome is told in the February Busy Man's and a very interesting tale it is. The general who led the Canadian forces was Sir William Van Horne. It was during the first United States occupation of Cuba, at the Spanish-American war, that the attention of Sir William was first directed to that region so long torn by strife. The soil was known to be, or at least to have been before being devastated by war, the richest in the world for sugar and tobacco growing; but the difficulties of shipping crops, no less than the chance of their destruction before becoming matured, made old planters, as well as new would-be investors, timid. Even the close of the war had not inspired business men with the confidence needed to make them very venturesome in starting new enterprises. Nevertheless, all who visited the island were united in declaring it the richest spot of its size known on the face of the earth. Sir William Van Horne, who was wintering at the Bermudas, decided to make a trip to Cuba and look into the situation. His trained perceptions enabled him at once to note the possibilities in the fire and sword-desolated lands; he saw opportunities for a swift and wonderful development of these districts into luxuriant, revenue-producing regions whose chief need was means of transportation! Cuba should have railroads and better, more lines of communication between points of the island and between the island and the great world-centres. Lying in the path of traffic between the eastern and western continents on the direct route Spain's galleons once found good and later merchant-ships have followed profitably, Cuba needed to have restored to her the importance her position had first given her. But transportation within the island's area was the greatest need, and this Sir William saw and determined to supply. How he has done this the article proceeds to tell.

Now my opinion is that we should be given a choice as between land and a pension; for my part I would prefer a pension for at my age, sixty-six, with no sons to go on the land, money would be much more acceptable. It is also a point to consider whether it would not be advisable that a division be made as between those who were on the field of conflict and those who were not. Give the actual participants in the strife, pensions; the others land.

As for me, I laid down my commission with my sword many years ago. I am no longer fit to go to the tented field, but if my country were in need, I am a military cadet fully competent to train raw recruits and make them fit to engage in battle. In such a capacity I am ready again to give my best services to my country.

Abolish the Cause, and Misery and Distress of Indigestion will Vanish.

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; biliousness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to T. E. Morrow this very day and get a large box of Mi-o-na tablets, and start themselves on the road to health at once.

The price of Mi-o-na tablets is only 50 cents, and T. E. Morrow guarantees them to cure indigestion, or money back.

Thin or lean or scrawny people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

Winnipeg to Brandon.

Montreal, Feb. 6.—Mr. William Whyte, Second Vice-President of the Canadian Pacific, in charge of the western lines, who is here conferring with the President as to this year's construction programme stated to-day that good progress would be made next summer on the double-tracking between Winnipeg and Brandon. This year the main line from Winnipeg to Portage la Prairie would be double-tracked, and the rest of the 132 miles to Brandon next year, which would relieve the congestion on this busy section.

Mr. Whyte looked for a busy season, as there are yet thirty million bushels of wheat to be got out, worth about \$25,000,000, and the introduction of so much money would give a great impetus to general business.

Old Jarvis Boys' Corner

Old Jarvis Boys and Girls cordially invited to contribute to this column.

Editor Jarvis Record

DEAR SIR,—I noticed in your last weeks issue that you gave me credit for selling a farm of mine to Mr. George Cox. The facts are the farm was the property of Mrs. N. L. Alderson and my wife is her sister, and she sold it by request of Mrs. N. L. A.

Another item I noticed was one in re. Grant of Lands to Veterans of '66 and '70. In my opinion it is high time that the fathers of our country should wake up from their long sleep of over forty years and do something, for if they slumber much longer there will be no veterans of '66 to do anything for.

Our country compares very unfavorably in comparison with the United States as to the treatment accorded their defenders. The U. S. granted pensions to all their veterans of the Civil War over forty years ago, and at the present their pension bill is over \$160,000,000 annually, and the American people to-day delight to treat their defenders well, not only them but their widows and children under the age of sixteen years.

I was one who heard the call of our country in her need and went to her aid as a full private in the Governor General's Bodyguard, under G. T. Dennison, Jr. (now Police Magistrate of Toronto) and no officer was more beloved by his men. We would have followed him anywhere.

In them days the volunteer soldier was not looked on with the respect they now receive. With some we were dubbed the drunken soldiery playing at the game of war. Well that might have been applicable to some of us who never were so happy as when our skins were replete with corn juice, and that fact may have been a factor taken in consideration by the fenians, for on being introduced to us they forthwith evacuated our country after killing a few of our comrades for they could not think of further injuring such a jolly lot of boys. Be that as it may when we arrived they left, and in a great hurry.

CAPT. W. M. ALDERSON.
Stomach Cure.

HYOMEI

(FURNISHED WITH G-M-E)
CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by T. E. MORROW.

Banff, Alta., Feb. 6.—After many unsuccessful efforts the officials of Banff Park have succeeded finally in capturing several mountain goats, which will be placed in a corral in the park as objects of peculiar interest to tourists and others. A corral was built in Mount Edith Pass, where a herd has been frequenting the mountains, and several of the goat animals were entrapped therein and captured after a stiff fight.

Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. You must pay attention to the laws of nature, or suffer the consequences. Undigested material, waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. A sluggish liver is responsible for an immense amount of suffering and serious disease. Ask your doctor about Ayer's Pills. He knows why they act directly on the liver. Trust him. J.C. Ayer Co., Lowell, Mass.

Great Guessing Contest

THE OLD RELIABLE STORE

Every person purchasing 50c worth of goods will be entitled to a free guess of how many beans there are in the jar, to be seen in

T. E. Morrow's Store

The person guessing the nearest to the number will receive one 7-piece glass water set, decorated in gold. The second prize—one 6-piece afternoon tea set, decorated in gold, to be seen in the store. The competition to close the 1st of March.

Come and Try Your Luck. No Fake.

This Month Only 4 lbs. Valencia Raisins 25c. Fish of All Kinds for Lent.

Patience seems to be a virtue when it allows people to impose on the patient one. I find myself in that position and have therefore decided that after February 7th the Clerk of the Court will be asked to interview all who have been imposing on my patience.

T. E. MORROW.
