

# One Dose for Coughs

Children cough at night? Give them Ayer's Cherry Pectoral. Often a single dose at bedtime will completely control the cough. Good for any one with a cold or cough. Good for easy cases, hard cases; good for acute cases, chronic cases. Ask your doctor to tell you, honestly and frankly, just what he thinks of this old standard remedy. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

A busy liver makes a busy boy. An active brain demands an active liver. No better laxative for boys and girls than Ayer's Pills. Ask your doctor about them. He knows.

### Cattle Embargo To Be Removed.

Ottawa, May 28.—According to a report received by the Department of Commerce and Trade from Canadian Trade Commissioner F. A. C. Bickerdike of Belfast, there is a probability of an early removal of the British embargo against Canadian cattle. Mr. Bickerdike reports that there is a growing feeling in Ireland that the embargo can not be much longer maintained, and that cattle dealers in Belfast and Dublin are already considering the question of meeting the consequent increased competition from Canada by going into the desl meat trade.

For years the Canadian Government has endeavored to have the embargo removed, and it has been over and over again conclusively demonstrated to the Imperial authorities that the ostensible reason for its continuance—namely, the danger of infection to British herds from the presence of diseased Canadian cattle—is not justifiable, inasmuch as Canadian cattle are, and have been for years, free from infectious disease. It has been tacitly admitted by the British Government that the real reason for the continuance of the embargo is the desire to protect the home cattle industry against Canadian and American competition.

The increasing price of meats to the British consumer is now operating to secure the removal of the embargo. If, as seems likely from Mr. Bickerdike's report the embargo is lifted in the case of Canadian cattle, exporters in this country will be placed on a much superior footing to cattle-raisers in the United States, in being able to fatten cattle after landing in Great Britain.

Another significant statement is made in a report received by the Trade and Commerce Department yesterday from Trade Commissioner Mussen of Hull and Leeds. He states that trade inquiries respecting openings for British goods in Canada are becoming much more numerous, and British firms are evidently waking up to the possibilities of the Canadian market, and are preparing to exploit it much more energetically than has been the case in the past. Hitherto American firms have shown much more business acumen and energy in capturing the Canadian trade, with the result that imports from the States have increased much more rapidly than imports from the mother country.

### The King's Birthday

Ottawa, May 28.—The birthday of King George, June 3, will be a holiday in Canada, although, in view of his Majesty's proclamation that he would follow the precedent of King Edward and keep May 24 as the Empire's general holiday in honor of the Sovereign, there will be no general observance of next Friday as a holiday. Being a statutory holiday, however, all banks will be closed, thus making the third bank holiday in Canada within two weeks.

The Cabinet Council yesterday decided that no proclamation should be issued to exempt Friday next from the provisions of the bills of exchange act, which declares that the King's birthday shall be a legal holiday.

### Agricultural Society Was Not to Blame.

Brookville, Ont., May 30.—An interesting case came before Judge Reynolds at a special sitting of the County Court.

It was an action brought by James Crawford to recover unstated damages from the Spencerville Agriculture Society.

During the exhibition of last fall, Crawford competed in a horse race. As the animals were circling the track in a heat, a number of cattle were driven on the course by an exhibitor.

Crawford's horse collided with a cow throwing him from the sulky and inflicting injuries from the effects of which he has not yet recovered.

The defendant maintained that they should not be held responsible for the negligence of the exhibitor, to whom Crawford should look for redress.

The Judge sustained the contention and dismissed the action with costs.

The judgment establishes an important precedent.

### Premier in Auto Accident.

Ottawa, May 28.—As Sir Wilfrid Laurier was speeding along Rideau Street in his auto on Saturday, just after noon, the chauffeur tried to cross in front of a street car going in the same direction. The car was too close and the auto hit the fender of the car. Strangely enough, the street car received the most injuries, and the chauffeur had to pull up to assist the motorist and conductor to clear matters up. The premier was shaken a little but there were no serious results.

### Alberta Crops A Success.

Winnipeg, Man., May 30.—The Alberta Department of Agriculture has issued a crop bulletin which reports the Province's crops in satisfactory condition. The total acreage under crop is placed at 1,582,973 acres, an increase of 27 per cent over 1909.

The dry weather and bad winter hit the winter wheat hard and the Department estimates that 30 per cent. of the area sown is a loss. Most of these have been resown to other crops.

The spring wheat area is 488,193 acres, an increase of 51 per cent. The oats acreage is 702,460, an increase of only 10 per cent. Barley shows an increase of 16 per cent, with an area of 147,150.

June is "Vacation Number," with many descriptions of Canadian summer resorts, some excellent detailed advice for women going abroad, on what clothes to take and how to take them. "Tips to London and Back," by William Penrose, is a helpful and interesting discussion of a subject that requires much finesse to handle well, and yet means so much to your pleasure and comfort in travelling. Mr. Penrose gets in a little rap at marital relations in speaking of tipping the Paris valet. "Don't give him the money, as there is small chance of his wife receiving any of it. He will bow and scrape and hold out his hand for the coin, but if you insist on having him send for Madam, he will respond. 'Oui, Oui, Monsieur,' and hurry away to find his wife. Give her the money and let them fight it out among themselves." In "The Blossoming of the Lilies," Margaret Piethall sketches a very attractive and heroic French lad who protected the "Lilies" against the Indian charges. Nellie McClung has one of her stories of every-day life told so quietly and for such significance.

## A Marvelous Invention

A gas range that can be changed to a coal range in three seconds

"Made in Canada"

The Champion Interchangeable can be changed from a gas range to a coal or wood range in three seconds. There isn't a single bolt to remove or a screw to turn. The operation is so easy a child can do it.

In natural gas districts, where gas is liable to fail any time, the owner of the Champion always has a good coal range to rely on. No other range like the Champion—the most convenient range in the world. Takes the place of two ranges (gas and coal), thus saving room in the kitchen.

# Champion

INTERCHANGEABLE GAS, COAL & WOOD Range

The Champion Interchangeable has caused a sensation in United States during last three years. We bought the rights to make it in Canada. We've improved it, too. Get our agent to show you the Champion Steel Range, or write our nearest office for Champion booklet.

London, Toronto, Montreal, Winnipeg, Vancouver, Calgary, St. John, N. B., Hamilton.

For sale by E. T. CARTER, Jarvis, H. McQUEEN & CO., Port Dover.

## WE REPAIR WEAK MEN

ONE SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our Medical Staff, who consider the symptoms, complications and chronicity, for the case and are compensated by our own chemist in our own Laboratory. Such appropriate treatment cannot fail to cure, as specific medicines are selected to cure the need the same medicines to all patients alike and cure none. We have treated patients throughout Canada for over twenty years and can refer to any bank as to our responsibility. We Guarantee Cures or No Pay. We Treat All Diseases of Men and Women.

# BANK OF HAMILTON

Many Notably Successful Men Owe Their First Start in Business to a Small Savings Account

The habit of laying aside regularly a small amount from the weekly wage, is one of the most valuable habits a man or woman can acquire.

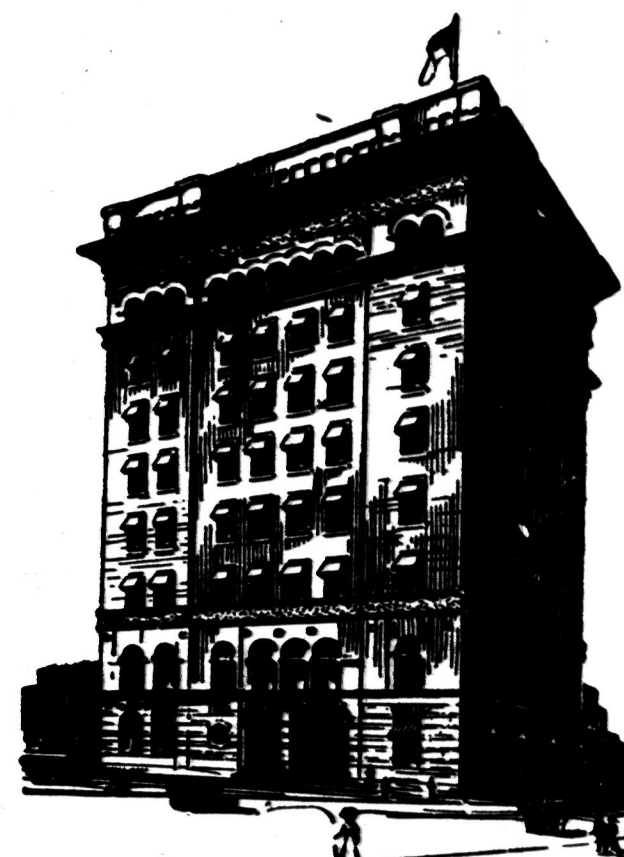

The amount is not missed, the sum rapidly increases, interest accumulates steadily, and soon you have enough to start a small business of your own.

The BANK OF HAMILTON welcomes and encourages the account of the small depositor.

All formality has been dispensed with.

Inquire for the Manager, at any one of the Bank's hundred branches. Beyond your own signature for future identification when withdrawing money, routine is eliminated.
