 Easy Store **SUCCESSORS TO P. W. ARMSTRONG.** Busy Store

**...Easter Millinery Opening...
 March 18th and 19th, 1910.**

We cordially invite the Ladies of Jarvis and vicinity to this our first Opening. To describe the rare beauty and exclusiveness of our superb Easter hats would be a rather difficult undertaking. Nothing will more vividly convey the advantages of this section at this particular time than a visit to our charmingly appointed Millinery department. There is a something, just right, about our Millinery that is strikingly impressive which will strike a responsive chord with discriminating women of to-day.

It is most interesting to review varied profusion of colors and shapes and note the unique manner in which we have anticipated the requirements of the season. Our Miss Britton comes to us highly recommended and will take great pleasure in showing you something to suit you

We remain
 Yours truly

MILLER, MACFARLANE & CO.,

Sandwich.
 Chas. Martin of Simcoe was in this burg on Wednesday last.
 Mrs. C. O'Mahony returned to her home on Saturday after spending a week with her brother, Neil McCarthy.

Miss L. McMahon is trying her examination in London this week.
 Miss Gladys and Harry Dougherty spent Wednesday evening with Misses Maud and Mabel Westorby.
 Don't forget the Ice Cream social on Thursday evening. Everybody come and have a treat.

Rockford.

Mrs. Frank Smith spent a few days last week at the home of her brother's Wilfred Mason's of Hagersville.

Mrs. John Thompson returned home last Wednesday after spending a week at her daughter's Mrs. Austin Smith of Villa Nova.

Mrs. Lottie Bauslaugh of Waterford visited last week at the home of her brother Frank Somers.

Mr. and Mrs. Garnet Woolley and family of Jarvis spent Sunday at the home of Jas. Marlatt.

Miss Millie Wymer of Detroit is visiting her parents, Mr. and Mrs. Geo. Wymer.

Mrs. Gordon Porter and daughter of Wallaceburg spent a few days last week at the home of her brother, John Gilbert.

Mr. and Mrs. John B. Thompson have accepted an invitation to sing in the church choir.

We are pleased to report that Mrs. Geo. Wymer is greatly improved in health.

We are sorry to say that John Gilbert's little girl had the misfortune to fall off a chair at her grandparents and hurt her arm breaking a small bone loose from a large one.

Miss Jessie Wilson is getting better.

John Gilbert sold a horse to Dr. Teeter of Villa Nova last week.

The solo sang by Mrs. J. B. Thompson on Sunday evening was much appreciated

The Jarvis Record will be sent to new subscribers for the balance of 1910 for 60c.

Special for Friday and Saturday.
 A big snap in Men's Sox and Ladies' and Children's Hosiery. 5000 pairs will be sold at wholesale price from 6c to 19c. Call early.—Miller, MacFarlane & Co.

Nobody Spared

Kidney Troubles Attack Men and Women, old and Young

Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work.

Men have lame and aching backs. The cure for man, woman or child.

Is to cure the cause—the kidneys. Booth's Kidney Pills cure sick Kidneys—

Cure all forms of kidney suffering.

Jarvis testimony proves it. Mrs. T. E. Morrow, Main St. Jarvis Ont. says,

"Headaches of a most annoying nature had bothered me constantly and these were often accompanied by spells of dizziness. I could not find any position to sit or lie in that would give ease to the twinging pains that had infested my back. Although I had tried several different prescriptions I got little or no relief and my condition was getting no better. I tried a box of Booth's Kidney Pills and found them to relieve me. The pains gradually left my back and it strengthened so that I could stoop without pain. The headaches and dizziness have not returned since and I can only thank Booth's Kidney Pills which I procured at Morrow's store for the speedy relief."

Sold by Dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.

**The Farmer's Interest In
 Pure Seed.**

From now to the end of seeding the trade in seed will be active, and it behooves every farmer to take stock of what he has on hand to sow or what he has to buy.

In many places dealers say that the seed which is now coming in quite freely from the farmers is more polluted with noxious weed seeds than it has been for several seasons. As a consequence there is heavy loss in cleaning, and high class No. 1 seed will be expensive. In view of these conditions it is likely that there will be a smaller proportion than usual of No. 1 seed placed on the market, and considerable of the second-rate seed will probably be pretty close to the prohibitive line. It is therefore especially important this year that farmers who have to buy seed should use every precaution to see that they do not get a supply of weed seeds. If you want high class, pure seed, and are willing to pay the price, place your order early for guaranteed No. 1 seed, and to see that the seed delivered is up to standard, send a sample to the Seed Laboratory, Department of Agriculture, Ottawa, and you will be sent a report giving the grading and the kinds and number of weed seeds present, if any. The standard for No. 1 seed is not more than one noxious weed seed per 1,500 of good seed, while in the second quality five weed seeds per 1,000 are allowed, or 7 1/2 times as many. Farmers who have seed for sale, or even if they have enough for their own use, should also have it tested for purity before selling or sowing. If this is not done there is danger of selling seed in violation of the Seed Control Act, and farmers are quite as liable to prosecution for selling low grade clover seed as seed dealers.

Ribgrass is one of the commonest weed seeds found in clover seed and one of the most difficult to separate by machinery. Where a farmer has only a small quantity of seed to handle, the following method of separation might be found practicable: Wrap a few fanning mill sieves with two

or three ply cheese cloth. Dampen the cheese cloth and sprinkle the clover seed containing ribgrass over it. In a minute or two the moisture will develop the mucilage of the ribgrass, causing it to stick to the cheese cloth. With a little drying by wind or heat the clover seed will fall off and leave the ribgrass sticking to the cheese cloth. The ribgrass can then be scraped off and the operation repeated with as many sieves as can be kept going. This method, of course, is slow, but it can be used for small lots. Care in the selection of seed is the first essential in the production of clean crops, but to produce a clean clover seed crop this must be supplemented by seeding on well prepared, clean land and weeding in the field.

T. G. RAYNOR.

Cut Flowers
 If time is given I can supply twice a day fresh cut flower in variety, beautiful sprays, or designs. I've a lot of Port Dover are my floral artists I have their splendidly illustrated catalogue to select from.
